## EDUCATIONAL QUESTIONS

Attorney General Called Upon To Solve.

Power of School Committees. Appointments and Vaccination Contracts With Teachers. State Charters. Colored Baptist Convention Next Month.

Raleigh, June 17.—A case of interest has come up to the attorney general from New Hanover county, the question being as to whether county board of education should appoint the school committee for Wilmington. Under an old law the committee has been acting without such appointment by the board. The latter thinks that the old law is repealed, and that it alone has the power to appoint the committee. Attorney Gilmer so rules.

Another matter coming before the Attorney General is as to the power of the Board of Health of Washington county, to make vaccination regulations for the public schools. In a letter to Dr. Richard H. Lewis, secretary to the State board of health, the superintendent of health at Washington county says that there was small pox in one township and that the board of health ordered compulsory vaccination in that township and in any others in which small pox might occur; requiring that in such cases teachers and pupils must be vaccinated in order to attend school and that violations of the regulations would prevent any teacher from doing duty. The movement was unpopular and the school board showed a hostile attitude. Dr. Lewis referred the letter to the State Superintendent of Public Instruction who passed it on to the attorney general. The latter decides that the sanitary committee of any county may make such regulations and provisions for the vaccination of its inhabitants and make such arrangements as lend security to the public health, the public safety being the highest law and matters regarding the public health being always considered a field for the largest public power. The attorney general says he is clearly of opinion that the board of health has ample power to order compulsory vaccination in any township where small pox exists. This ruling will settle that question not only in Washington county but in any other where it may arise.

Yet another school question has been passed upon by the attorney general this being whether a school committee whose term expires the first of July can make a contract with a teacher to teach during July and August. The attorney general says the statute in express terms forbids a school committee from employing a teacher whose term of employment extended beyond the term of office of such committee.

The State charters the Dixie Brew Company of Charlotte, to make a beverage of that name and other soft drinks, capital stock \$50,000, the stockholders being W. H. Elliott of Charlotte, C. V. Rainey and W. T. Gatlin, Atlanta. The Hickory Electric Company amend its charter extending the latter 30 years and increasing its capital to \$24,000.

The North Carolina Colored Baptist State Convention is to meet at Durham July 13-17. W. C. Cartwright of Eden is its president and it is auxiliary to the National Convention which is the largest negro organization in the world, having, it is stated over three million communicants, and which does missionary work in this country, South America and Africa, and which has its own publishing house at Nashville employing 150 persons, and printing all its books including bibles. In North Carolina the church has 175,000 communicants and Rev. L. T. Christmas is its State missionary. He says the church is teaching the negroes the lesson of self-reliance, and to depend upon themselves and not upon others.

## GUILT WAS CLEAR.

Rogers and Sorrell Got Thirty Days in Jail. So Ends Case.

Special to Journal.  
Raleigh, N. C., June 17.—In the case of J. Rowan Rogers who is a craver of the Federal court here, and J. P. Sorrell, for contempt of Superior court and embracery, in seeking to influence jurors R. M. King and S. P. Marcom, in favor of Kilgo and Duke in the noted libel damage case of Gattis against Kilgo, jurors King and Marcom swore positively that Rogers and Sorrell went to their houses, and asked them to do all they could for Kilgo, saying if the latter lost the case, he would be ruined, to keep the matter quiet, and if there was trouble after the trial was over, Kilgo and Duke would straighten the matter out.

Dr. L. P. Sorrell swore he met Rogers and the latter said he was trying to correct the sentiment against Dr. Kilgo. All the attorneys for Kilgo and Duke swore they had not employed Rogers or Sorrell, and knew nothing of the matter. Duke and Kilgo swore the same thing. The Judge fined Rogers and Sorrell each \$50 and 30 days in jail, but remitted the fine and the men went immediately to jail, taking no appeal, the Judge saying their guilt was clear.

## ADVANCE OF JAPS.

London Advances Declares Linevitch Surrounded and Bewildered.

London, June 17.—The practical certainty now that peace negotiations cannot begin for another month leads to the conviction that another great battle will be fought in the interval.

According to the Daily Telegraph's Tien Tsin correspondent, a Japanese forward movement has already commenced, in the spite of the rainy season.

The Daily Telegraph's Tokio correspondent gives an interesting idea of the situation from a correspondent, who is said to be in a good position to know the actual facts. This correspondent says that the principal Russian depot is at Gudahu Pass, where many light railroads are being constructed northward to facilitate retreat. Lieutenant-General Linevitch, bewildered by the strategy of the Japanese, is making repeated reconnaissances and throwing out innumerable scouts. Nevertheless, at the present moment, the correspondent says, all his army is completely enveloped. The Japanese army has made a circle a hundred miles in circumference around Linevitch, and is gradually closing in.

The Japanese military correspondent of the Morning Post says the Russian evacuation of Omoso shows that General Kawamura's "Army of the Yalu," despite the difficulties met with over a mountainous country, has arrived in time to synchronize with the movements of the other Japanese armies, and the correspondent adds, stirring events are imminent.

## In Memoriam.

In memory of Francis McGurder Dowdy who was born Jan. 4, 1904, died June 14th, 1905.

Precious darling how we miss you  
None but God beside us know,  
Since He's taken you to heaven  
There to rest for ever more  
Free from pain, earth's cares and troubles  
You are blest with God above,  
He was only glad to take you  
In the home of light and love.  
Frank we miss your smiles at morning  
Which you gave to every one  
But we felt it would not last long  
God's will, not ours be done.  
How we miss your little footsteps  
And the prattle of thy tongue,  
'Oh!' which made our home so happy  
Now we feel we are left alone.  
We must say good bye for ever  
'Til in heaven we meet again,  
God will call us home to meet you  
There he'll mend the broken chain.  
Written and composed by his loving Aunt Zila C. Palmer.

The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering."
