AMENDED PENSION LAW.

Great Care Demanded By County Pension Boards.

Raleigh, June 21.—State Auditor Dixon is sending out to the pension boards of the various counties copies of the new pension law together with the list of pensioners from each county. The present law was amended by the last legislature as follows:—"Provided, that the county board of pensions may place upon the pension roll in the classes to which he or she would otherwise belong any Confederate soldier, sailor or widow, disqualified by the provisions of this section who may appear to be unable to earn a living from property valued at as much as \$500 or more for taxation, and who may appear to the Board, from special circumstances worthy to be placed upon the pension roll." Regarding this new provision State Auditor Dixon says: "Of course this matter is left entirely with the county pension board and it is earnestly desired that the latter be extremely careful in making thorough examination of each applicant who has property over \$500 in value, because every one of this class who is placed upon the pension rolls will take money from those who possibly need it worse, and unless the cases are extremely urgent I think it would be wise for the county pension board not to approve this class of pensioners."

It will wash and not rub off. This complexion all envy me. Its no secret so I'll tell. Take thou Rocky Mountain Tea. Sold by F. S. Duffy.

Reported Death of G. W. Ward.

News reached here last evening of the reported death of Mr. G. W. Ward, a well known resident of Swansboro, at Charleston, S. C. He was on his way home from Punta Gorda, Florida, where he had been living with his son for the past two years. Mr. Ward had not been in good health for some time but the malady from which he suffered was not considered dangerous, and it was believed that he was recovering from the attack. He was greatly rejoiced at the prospect of his return to his old home which he left to be with his son and to enjoy the milder climate of Southern Florida. Mr. Ward was a warm friend of the Journal and was the paper's faithful chronicler of events for many years. His letters were enjoyed by his many friends on account of his unique originality. His nom de plumes of "Cracker Boy," and "Saltier Path Schlegelmaster" will be well remembered. He was enthusiastic about everything that he saw and was one of those rare men who always saw the silver lining to every cloud. He loved his fellowmen and was a genial, companionable man. No details of his death or funeral could be obtained last night. The Journal will publish that tomorrow.

August First Envoys Meet.

BUSY GOVERNOR

Variety of Business to Occupy His Time.

Gold Brick Swindlers Work Hard for Release. Powell a Bold Man. Dying of Cigarette Smoking. More Bonds. Mink Kills Chickens.

Raleigh, June 21.—Governor Glenn left today for Wrightsville, stopping on the way at Goldsboro to give a hearing in the case of Dan Teachy, murderer from Duplin county in which the death sentence is sought to be commuted to life imprisonment. The Governor goes to Wrightsville mainly to look at the camp site and to confer with citizens of Wilmington and Wrightsville regarding the encampment of the Second and Third Regiments there. Tomorrow evening the Governor delivers an address at Wilmington. Next Saturday he will give a hearing in his office here in the matter of the application of the gold brick swindlers now in the penitentiary who ask for pardon or commutation of sentence. At this hearing the State will be represented by Solicitor A. L. Brooks of the Greensboro District, who prosecuted and brought about the conviction of these notorious swindlers whom a number of criminal lawyers who came here from Chicago to get them out of trouble and who was very bold, not to say impudent in this argument and statements, has since been disbarred for practices becoming an attorney. This item about what the Governor has to do will give an idea of what a very busy man he is. He finds out that it requires hard work to be Governor and remarked with a smile that some one had told him a Governor had nothing to do.

It is learned about the man J. B. Powell, the Norfolk swindler now in jail here on his way to the Atlanta penitentiary that he had been tried fourteen or fifteen times before U. S. Commissioners or in Federal courts. The Government officials are glad that they have at last got hold of him. He is recognized as a man of great daring who will run great risks to get at liberty.

One of the clerks in the court house here has been very sick for some time and it was thought had fever, but upon an expert examination it is found that he is dying of cigarette poisoning, something which is affecting a vast number of young men.

Inspector General Bain of the North Carolina National Guard was here today and mustered in the members, 23 of them of the new band of the Third Regiment. He remarked that Raleigh military headquarters should have always been the location of one of the bands of the National Guards.

Another one of the bonds of what are known of the South Dakota bond class came in today from Schafer Brof. of New York. No one knows how many of these bonds are yet outstanding. It was thought that practically all had been taken up but since the settlement several have come in. They are worth \$892 each.

Clerk Arrington of the State penitentiary expressed great indignation and sorrow today because of the fact that a mink visited the prison grounds last night and killed over 60 of his finest chickens, biting the heads and leaving the dead birds scattered in all directions over the grounds.

Curran's Retort.
Curran's friend was tickled by the orator's retort apropos of the jury system. The friend was laughing of his attachment to it and said, "With trial by jury I have lived and, by the blessing of God, with trial by jury I will die."

Jap And Russian Commanders Say Victory Assured.

St. Petersburg, June 21.—Diplomatic measures for the peace conference are continuing in the face of the steady pressure brought to bear by the militant factions. Lieutenant General Linevich has again wired the emperor saying that victory is almost at hand and begging that he and his army be not deprived of the opportunity to restore the prestige of Russian arms.

London June 21.—The correspondent of the Daily Telegraph at Tokio sends the following: "The Japanese are continuing their victorious advance in Manchuria. The Russians have been completely outflanked on both wings and news of Japanese victories may be expected. The Japanese have considerably over half a million men in the field."

STOLE SOME SARDINES.

A Case of Larceny Which Will Be Tried Today.

William Bender, the colored delivery driver for J. L. McDaniel was arrested by police officer Lupton last evening on the charge of larceny of a case of sardines from the store. The article was valued at four dollars. Bender was seen to sneak the box into the wagon by Mr. L. A. Davis and suspecting something wrong called Mr. McDaniel's attention and upon examination found that a box had been taken away that was unaccounted for and by following the wagon saw the missing box delivered at the store of Isaac Simmons on Queen street. The box was taken from Simmons soon after being placed there and a warrant issued for Bender and he was quickly arrested and lodged in the city prison to await trial today.

VOICE OF THE PEOPLE.

Will The Warehouse Be Removed?

There seems to be a determined movement to prevent the shifting, and making up of trains on Hancock street, and certainly it is a great nuisance, but suppose the city council should forbid it what then? For many years the merchants have demanded a warehouse downtown. Mr. Bryan while president of the A. & N. C. caused a fine, commodious one to be built. The convenience has no doubt caused a good increase of patronage to the road by the merchants. Hence the increased traffic necessitates the handling of more cars. Heretofore the trains passed along Hancock street without needing to stop. Now in order to discharge freight and make up trains it is necessary that locomotives and cars pass constantly along the street. The noise and ambug is a great annoyance to the people living along there, but what is the remedy? Forbid the making up and shifting of trains as it is called, and the railroad company will have to provide a warehouse elsewhere, perhaps a mile or so from the business part of town, and that will necessitate the merchants hauling their goods several times the distance they do now and of course the cost of handling will be increased in proportion to the distance. While the aldermen are considering the matter they should not lose sight of the fact that the merchants will be annoyed and seriously affected by any action that will cause the removal of the warehouse.

Trains should not be allowed to stand across the streets, nor should there be any unnecessary movements of trains, but there are several sides to the matter and all should be seriously considered. The question is, can the merchants do without the Trent river warehouse? Merchant.

Iron Safe Clause Judicially Declared Valid
Extract from decision of Supreme Court in the case of Georgia Home Insurance Co. against Allen.
"An Iron Safe Clause in a policy of Insurance requiring the assured to keep a set of books and inventory of the stock, which shall be kept in an iron safe at night and at other times when the store is not open for business, is a valid condition and binding upon the assured, the breach of which will void the policy unless it is waived by the insurer."
