## RALEIGH

State Official Removes To Tennessee  
Successor Sought.

Good Progress Being Made on Raleigh and Southport Railway, Bernard Will "Out of Sight." Rains Are Hurting The Cotton.

Raleigh, June 23.—Mr. J. M. Bentley, who for a couple of years has been assistant to State entomologist Franklin Sherman, goes to the superintendent station of Tennessee as assistant entomologist. Prof. Sherman left for the north today to find a new man.

It is said that State Treasurer Lacy will not return from his camping trip in the North Carolina mountains until July 15th.

From the general manager of the Raleigh and Southport Railway it is learned that work is in progress on the third pier of the bridge across the Cape Fear River at Lillington. The steel structure will be 600 in length, and there will be 1,250 feet of trestle. The bridge will be thirty feet above the water at the normal stage, and by the last of August will be completed. It is expected that trains will be running into Fayetteville from Raleigh by Christmas.

As yet there are no tidings of Claud M. Bernard. Everything here is waiting on the official reports from Dockery as to the condition of John Dockery on which is based the hearing of policeman Rogers who shot him. Today the conditions of Dockery was improved, and his father Marshall Dockery appeared to be much encouraged. It is not known when an operation can be performed. Marshall Dockery has received hundreds of telegrams and letters from all over the State expressive of sympathy and he is much impressed and affected by these evidences of regard and interest. As yet there are no developments as to this sensational case beyond those troubles. It is said by lawyers that the fight will now be on the character of the two young women in this deplorable case.

One of the leading cotton dealers remarked that he had never known the crops so "spotted" as they are this season, this being due to the fact that the rains are so scattered. In a township ten miles north of here, for example, there has been no rain since the middle of May.

The A. & N. C. Company announce that Mr. Charles D. LeGrande has been appointed soliciting agent for the company vice Mr. A. J. Cooke, resigned.

The ladies of the First Baptist Church are requested to meet there as early as possible this morning to assist in cleaning the church.

The new paint on the court house gives that building a decidedly improved appearance. The commissioners are to be commended for the entire work of overhauling and painting the court house.

Fresh Portsmouth Mollusks at C. V. McGhee's.

**A Pleasant Lawn Party.**  
Miss Myrtle Dismore entertained her friends Tuesday evening by a party given in honor of her guest, Miss Jessie Bumpas. The lawn was prettily adorned with lanterns. Tables were arranged tastefully in the yard, and the company presented a fine appearance. At ten o'clock delicious refreshments were served by the hostess, in her usual charming manner, gave an enjoyable close to the evening's pleasure.

**Russian General Dead.**  
London, June 23.—The St. Petersburg correspondent of the Times confirms the report current that Kuropatkin has been killed and that 80,000 of Linavitch men have been captured.

Fine line fresh canned goods at Coast Linn Market.

**Pulled From Train.**  
Kinston Free Press, 23.

The only incident to occur on the Methodist excursion to Morehead City Tuesday to cast the slightest shadow over it was an accident which occurred soon after the train left Morehead. Though no injury was done, it seems miraculous that it did not prove a fatal tragedy.

Joe Rogers, Jr., was sitting in the door of a forward car, a baggage car, with his feet dangling out the side of the car when in passing a salient his foot caught in the rattle guard and dragged him out of the car, while the train was moving along at the rate of 10 miles an hour. The crash was a mile before it was stopped and it was then hauled to the place and parked up the young man. He was otherwise without a scratch in the bare point.

That Charles D. LeGrande, the new soliciting agent for the A. & N. C. Company, was given a very warm welcome by the ladies of the church, who were present at the party given in honor of his guest, Miss Jessie Bumpas. The lawn was prettily adorned with lanterns. Tables were arranged tastefully in the yard, and the company presented a fine appearance. At ten o'clock delicious refreshments were served by the hostess, in her usual charming manner, gave an enjoyable close to the evening's pleasure.

## THE USUAL THING.

Burglar Breaks Into Store, Opens Money Drawer But Misses Big Bag of Money.

The Simmons store on Queen street was burglarized yesterday morning and a small amount of change was taken, the exact amount is not known. Officer Lupton was on duty at Five Points when a man notified him that he heard some one working at the cash drawer in Simmons store. The officer immediately went over and saw a bright light and thought at first that Simmons or the clerk were at work, but further examination proved that a thief was trying to get in the drawer.

Mr. Lupton tried to get around to the back door but was prevented from doing so by a high plank fence. Being unable to get the key to the gate of the fence he attempted to scale it with the help of a colored man whom he had enlisted to help him. While the two were endeavoring to get over the fence, the burglar had become alarmed and sought refuge in flight, going through one of the windows taking cash and all along with him. He made good his escape.

The evidence of the thief's perturbation lies in the fact that he didn't go through the cash drawer as thoroughly as he would have had he not been interfered with. A bag containing about \$25 was in the same drawer that he was messing with and also two good gold watches which were untouched.

There have been several reports of burglaries in different parts of the city recently and the citizens should take warning against a possible invasion at the dead of night. Burglars have not been very successful here and let us hope that they won't be, but that they will be landed properly.

## DISORDER AT ODESSA.

Trouble Spreading in Russia. Conflicts Between Strikers and Troops.

St. Petersburg, June 23.—The wave of disorder rolling over Russia, has appeared at Odessa, where a general strike accompanied by bloodshed and disorders has broken out. There were several collisions between the military and the strikers Monday night and yesterday, in two of which volleys were fired by the troops. No report of the extent of the casualties had been received, the official statement dealing only with the initial encounter Monday night, declaring that two persons were killed therein. There was another encounter yesterday afternoon and a number of attacks were made on individual policemen.

A press dispatch received last night said that 400 armed workmen barricaded a suburb and repulsed the attack of a company of Cossacks. Reinforcements of three companies of Cossacks were sent to the suburb, but the result of their attack on the strikers is not yet known.

Ancient witchery was believed in by only a few but the true merit of De Witt's Witch Hazel Salve is known by every one who has used it for boils, sores, tetter, eczema and piles.

T. J. Turner Furniture Co., New Bern, N. C., Gentlemen:

We are in receipt of your communication referring to the letter of J. Beam Safe and Lock Co. In reply to same we wish to state that all we can say is that the safe manufactured by the above firm is in our opinion a wonder. The destruction of the Pike Building in 1903 was the largest conflagration that this city has ever known. The fire was like a furnace for over a week; our offices were located on the fourth floor, and when the building collapsed, the second day of the fire, our safe fell to the sub-basement, where we found it three weeks after the fire in an almost unrecognizable condition, but with the contents perfectly safe. Naturally we immediately re-equipped our offices with the same, and we are at all times willing to recommend their safes to prospective buyers in the highest and most complimentary terms.

**THE CATHOLIC TELEGRAPH PUBLISHING CO., per L. A. ENCINERON.**  
P. S.—We sell the J. Beam Safe and Lock Company's safes, one of the best safe in the market. They succeeded in winning the Gold Medal at World's Fair, St. Louis, 1904.

We have them in stock, weighing from 475 lbs. to 2,000 lbs. Write for Catalogue and Prices.
