**J. J. BAXTER**

## RALEIGH

**Kinston Withdraws Opposition To Fire Waste Act.**

**Good Money For Rural Mail Carriers.** Governor Goes To New York. No Celebration of Fourth. Dockery Opposes to Improve.

Raleigh, July 1.—No less than \$54,000 was paid out by the postmaster here today to rural free delivery mail carriers, the number of these now being 976.

Governor Glenn left this morning for New York and notified the Lieutenant Governor, Winston, that he would be out of the State until the 15th inst.

The Insurance Commissioner returned from Kinston, where he induced the authorities to withdraw their objection to the operation of the new fire waste law, so that it now applies to every town in the State 72 in number.

There will be no celebration of the 4th of July here, except some scattering fire works.

The mayor says that he has closed the assignment houses here, the keeper of one having fled and her whereabouts being unknown. It is probable that all the women in the tenderloin districts will be summoned so that their business may be inquired into. The law appears to be rather defective as regards them. Much information was obtained from hackmen, some of whom are of the very low type.

John Dockery's condition shows further improvement today and it is expected in a few days the physicians will be able to handle him so they can use the x-ray and locate the bullets and extract them.

## ALL FOR NEW BERN!

**Atlantics and Buttons Unite to Secure Victory at Firemen's Tournament This Month.**

The practice of the reel team under direction of Tom C. Daniels, which is to run for the prize at the State Firemen's Tournament at Winston July 19, has been watched every evening with great interest by young and old New Bern. Instead of two reel teams, with their shouting friends and followers, as has been the case in former years, this year there is the single team made up from the local firemen, and the qualifications of speed, wind and endurance are the tests, not a good button or good Atlantic.

Rivalry in local companies at home is well enough, but this rivalry carried away from home, to be given public exhibition in some outside city, is quite another thing. It is this away-from-home rivalry which carried to extremes has lost many prizes to this city, which with a combined effort might have been brought to New Bern.

This year, New Bern sends a united delegation which expects to result in prize winning. Not that prize winning is unknown to the local volunteers of the fire department, but the united action this year gives a greater interest, one in which there can be no bitter feelings, but a hearty co-operation on every side to help those who leave here for Winston, and by so helping assure as far as possible their success.

Constipation and piles are twins. They kill people inch by inch, sap life away every day. Hollister's Rocky Mountain Tea will positively cure you. No cure no pay. 25 cents, tea or tablets. For sale by F. S. Duffy.

**Whitehurst is selling out, Monday big day.**

## Best Ashore at Lookout.

The three masted schooner, John B. Deering, Capt. Phlocks, was stranded Thursday night at the south end of Diamond shoal at Cape Lookout. The boat was high on the shoals and her deck load was thrown off to lighten her. No lives were lost.

Assistance went out from the Cape Lookout Life Saving Station and later they went up from Wilmington. It is thought the boat can be dragged off the shoals with but little or no damage. The boat was loaded with lumber and was sailing from Savannah to Boston.

## The Inn Newly Refitted.

The Inn at Black Mountain is newly furnished in the main this year with enameled iron beds and fine springs and mattresses. The Inn is all new and of the best quality, both for the dining room and the bar room. New silver cutlery and attractive tableware will add to the table. There is no more attractive place in the mountains than the Inn at Black Mountain. It is a most desirable place for the summer.

## MORE MUTINY REPORTED.

**Denial That Odessa Troops are Quelled.** London, July 1.—A dispatch to the Daily Mail from Odessa, dated early this morning, asserts that the Kniaz Potemkin has not surrendered. The dispatch says:

"It was reported by the authorities that the Kniaz Potemkin had surrendered unconditionally, but it is now confirmed that she was joined by the battleship Georgi Pobledonozets, whose officers were made prisoners. Both vessels are anchored in the roads and are using searchlights vigorously as if expecting an attack from the squadron which is about fifteen miles distant.

"The commander of the troops has received a telegram from the government ordering him to sink the rebel ship without regard to a possible bombardment.

"I have information regarding this second mutiny on absolutely reliable authority."

New York, July 1.—A Journal special from Odessa says four more battleships of the Black sea fleet have joined the mutineers on the Kniaz Potemkin and five are now off the city with their guns trained upon the principal buildings and places where the soldiers are quartered. They are threatening terrific bombardment of the city. The population is in a panic and all who can are fleeing to the country.

## D. OF C. DINNER.

**The Big Event of the Summer to Occur on Fourth of July.**

As has been the custom for several years, the Daughters of Confederacy will give a dinner to the Confederate Veterans at the Naval Reserves Armory Tuesday July 4th. Preparations are being made for a very pleasant occasion and a large attendance is expected.

The Daughters extend a cordial invitation to the Veterans. The Sons of Veterans belonging to the New Bern Camp are also invited. All Veterans and Sons of Veterans are requested to wear their badges. The Daughters are requested to meet at the Armory Monday morning to decorate the hall.

All who have promised contributions for the dinner will please have them to the hall by nine o'clock Tuesday morning.

## A SHOOTING EPISODE.

**The Culmination of a Negre Feud in James City.**

At about 10-30 yesterday morning, Henry Brown was shot by Louis Moyer at James City. The affair is said to have been the result of a feud of a long time standing and the direct result of certain slanderous reports alleged to have been circulated by Brown about Moyer's daughter. Yesterday they met and after a heated conversation Brown is said to have struck at Moyer with a knife cutting nothing but his clothing however.

Moyer in retaliation drew his pistol and shot at Brown. The pistol was held very close as the powder burned the man's clothing and caused a large but not deep burn on the forearm. The ball grazed the arm without even raising blood. A second ball struck him in the chin which went under the jaw and came out near the right ear. A third shot went wild.

Brown displayed the most nerve of any case of the kind that has been seen here for some time. After the shooting he is said to have gone into the house and got his gun but he did no execution with it. Soon he walked nearly to New Bern and went to Dr. Laminar's office unattended, except by the transfer driver which picked him up when he was within a few rods of the end of Trent bridge. The wound was dressed and Brown was around the street suffering but little from the wound.

It is said that the people of James City endeavored to get hold of Moyer and treat him roughly but a friend got him into a boat and brought him to New Bern. He went directly to the sheriff's office and gave himself up and was locked up. He gave bond for appearance at court tomorrow.

The negro Brown was arrested for an assault with a deadly weapon and released on bond. His hearing will also be held tomorrow.

Justice R. E. Street issued warrants for both men and the trials will be held this morning.

## FINE WRITING PAPER

Best line of Writing Paper ever brought to New Bern.

Owen G. Dunn,

## SECRETARY HAY DEAD.

**Unexpectedly Passes Away After Appearing in Way of Improvement.**

Newbury, N. H., July 1.—Secretary of State John Hay died at 12:25 this morning.

The signs immediately preceding his death were those of pulmonary embolism.

Mr. Hay's condition during all of Friday had been entirely satisfactory.

Mrs. Hay and Dr. Scudder and Murphy were at the secretary's bedside when the end came.

The secretary bade good night to his wife and attending physicians about 10 o'clock last night at the close of one of the best days he has had since his illness. The local trouble was clearing up satisfactorily, according to Dr. Scudder. The secretary suffered none of the old pains in his chest which characterized his earlier illness. He had been perfectly comfortable all day and happy in the anticipation of leaving his bed for the greater freedom and comfort of a couch.

At 11 o'clock Secretary Hay was sleeping quietly. A few minutes after 11 he called his nurse, who at once summoned Dr. Scudder. Both Dr. Scudder and Dr. Murphy hastened to the bedside. The secretary was breathing with difficulty and expired almost immediately afterward, at 12:25.

## JOHN PAUL JONES LIVED HERE.

**The First Great American Admiral Was a Resident of New Bern.**

The Journal has not been digging up any lost archives or forgotten history of New Bern; it does not seek any honor for the city in which it has the honor to be published, and we are sure the city does not care for undeserved honor. But unsolicited and unlooked for the fact has become known to the public through the medium of a very interesting article by S. Millington Miller, M. D., in the Colliers Weekly of July 1, that John Paul Jones, the first great American Admiral had his home in this city and not only that but this was the only home he ever had.

These are the words relating to the particular incident: "Is it at all widely known, that New Bern, N. C., was the only home John Paul Jones ever had? That he took his name from Willie and Allen Jones? That they made a man out of a wanderer and outcast?"

We are unable to find any historical data to corroborate this statement, but surely a person of Dr. Miller's wide knowledge and intelligence and ability to have all information necessary would not be guilty of making a statement he could not prove. Sure it is that Jones had ample opportunity to practice his propensity for love of the water by frequent excursions on the broad expanse of our noble rivers. Doubtless as he made voyages from day to day in primitive little craft, on the Neuse or Trent as the case may be, he dreamed of his future greatness when, on board the good ship Bon Homme Richard, he put a quietus on the British Man of War Serapis.

While other states and cities are quarreling and fussing about the honor of having the bones of the hero within their own borders, this statement may be true and there is no reason why it should not be, the bones of John Paul Jones should rest in New Bern—the one home he ever had.

This is not a "hot air" proposition, but if people will stop to think, why more appropriate place could there be if any city or state has any better right let it speak now or forever after hold its peace.

The statement is contained in a very interesting article entitled the "True Cradle of Liberty," an account of the Mecklenburg Declaration of Independence which, as all the readers of the Journal know, was drawn up and signed more than a year prior to that which was all read on the Fourth of July. A perusal of the piece will be found to be profitable as well as interesting.
