John Dockery's Condition Still Improving. Contract Awarded for Lighting and Heating Soldiers Home. State Auditor Sixteen to Welcome Virginia State Press Association.

Raleigh, N. C., July 3.—The State Board of Elections met here today, merely to organize. It elected Wilson C. Lamb, chairman; and R. T. Claywell, secretary; the other members being J. R. Lovell, Clarence Call, and A. B. Freeman. All the members were present.

Insurance Commissioner Young has received an application from the Southern Fire Insurance Company of Lynchburg to do business in North Carolina.

A letter from State Treasurer Lary, who is up in the mountains camping out says he is very greatly improved. The condition of John Dockery continues to steadily improve. The pneumonia which developed as a result of perforation of the lung by one of the bullets has passed away. It is not known whether it will be necessary to extract the two bullets from the body.

United States Deputy Marshall Sharp tonight took five Federal convicts to the Atlanta penitentiary, including J. B. Powell, the swindler from Norfolk who gets two and a half years. He will take to the Asheville penitentiary a negro woman convicted of taking a letter from the postoffice at Kinston and destroying it.

Today the executive committee of the Soldiers Home met, State Auditor Dixon, Julian S. Carr and A. B. Stronach being present and awarded the contract for lighting by electricity the grounds and buildings and for heating the second floor of the new dormitory which is to be fitted up for occupancy.

I'll brave the storms of Chilkoot Pass, I'll cross the plains of frozen glass, I'll leave my wife and cross the sea, Rather than be without Rocky Mountain Tea.

Sales Must be Advertised.

The Lexington Dispatch calls attention to a new law as follows: By an act of the Legislature, all sales of real estate under mortgage, on and after August 1st, 1905, will have to be advertised in some newspaper as well as at the court house door. The object of this act is as follows: Heretofore sales could be made by simply advertising at the court house and three or four other places, and it was frequently the case that sales would take place and the mortgagee could never know of their lands having been sold until the purchaser would demand possession of the same.

Constipation and piles are twins. They kill people inch by inch, sap life away every day. Hollister's Rocky Mountain Tea will positively cure you. No cure no pay. 35 cents, tea or tablets. For sale by F. S. Duffy.

DEWEY MUST STAND TRIAL.

The Bank Wrecker Has Got to Face the Music.

Criminal court convened yesterday. The trial arrived very late necessarily delaying the opening of the court until about noon. Judge Erasmus D. Jones, of Winston is presiding. A number of important cases are to be tried.

General interest was centered yesterday afternoon in the arguments for a continuance of the trial of Thomas W. Dewey, the bank defaulter. As is well known at the last court the attorneys for Dewey made a strong plea for continuance on the ground that they should have a bill of particulars, it being a part of the pleading and the State required by law to furnish same.

Ex-Governor Aycock, leading counsel for Dewey, presented the same plea and spoke at length on the matter. The arguments on behalf of the State were made by Messrs W. W. Clark and D. L. Ward, against the motion. Mr. A. D. Ward associate counsel for Dewey also spoke in favor of the motion.

The judge overruled the motion for continuance but ordered that the State should render a bill of particulars which was done at once.

Mr. Dewey's trial will commence Wednesday morning. The only other case tried was that of State vs John Garret for selling liquor without a license. Defendant was found not guilty. A similar case against Charles Willis is on trial, having been commenced last evening.

Wild Cotton Market.

As can be seen in the New York market report in this issue there was a wild cotton market at New York yesterday, a day like those when Sally made quotations jump.

The opening was not excited and some decline, but immediately upon the government report of the condition being 77, there were wild scenes, the price going up in leaps, and closing practically at the top. There will be no market today.

In the local market sales were made at ten cents. Five dollars a bale is a pretty good advance for one day, a fourth of July advance.

Warning!

Caution by many an aid to stealing. The old style job is not only no protection against dropping your watch but actually furnishes a hand hold for a pickpocket, this is the reason many prefer a chain. A job is more effective in drum but not safe unless you have one of the new safety kind now shown in large assortment at the leading jewelers.

Annual Dinner For Veterans.

Rebellious Crew Captured.

Kurajal, Romania, July 2.—The Captain of the Post last evening heeded the rebel Roman battleship Zouja's defiance and demanded the surrender to leave the ship without their arms or be dealt with as foreign deserters. Any hostile display against the term be informed them would be met with force by the Romanian warships.

REMARKS OF DANES.

Very few persons understand the value of money. Many a man is found who would give away his money as freely as he would his life. It is the way in which he uses it that makes the difference. It is not the amount of money he has, but the way he uses it that makes the difference.

CUTICURA

Soap, Ointment and Pills the World's Greatest Skin Cures.

PRICE THE SET \$1

Complete Treatment for Every Humour, from Pimples to Scrofula.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter, and salt rheum, all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such a remedy beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.

The grandest testimonial that can be offered, the Cuticura remedies is their world-wide sale, due to the personal recommendations of those who have used them. From a small beginning in the simplest form, against prejudice and opposition, against scornful hosts, countless rivals, and trade indifference, Cuticura remedies have become the greatest curatives of their time, and, in fact, of all time, for nowhere in the history of medicine is to be found another approaching them in popularity and sale. In every climate and with every people they have met with the same reception. The confines of the earth are the only limits to their growth. They have conquered the world.

SHORT PASSING EVENTS.

By order of Postmaster General Cortelyou, rural carriers will be granted a holiday on July 4, service on rural routes being suspended on that day.

D. Brown, a colored shoemaker, of Goldboro, was arrested Saturday for conducting a blind tiger. On his premises was found an old stove in which were 67 pint and half pint bottles of corn whiskey. The authorities want to watch he'll be sticking bottles of whiskey into every pair of shoes he makes or repairs.

Simmons & Hollowell's show windows are attractively and appropriately decorated in the national colors today.

This is the glorious Fourth. No accidents reported yet.

Mayor Patterson gave Jim King, a colored boy, a good stiff sentence in court yesterday for having no visible means of support. He hailed from Elizabeth City and seemed to like New Bern pretty well. He was also arrested on suspicious character. He was fined ten dollars and costs or to spend 30 days in jail.

Today being a legal holiday the banks of the city will be closed.

The Veterans are requested to meet at their hall this morning at 10:30 o'clock.

The telegraph office will observe the usual Sunday hours today, being open from 8 to 10 o'clock in the morning and from 4 to 6 in the afternoon.

Each Daughter will please not forget to send soon bread for the dinner at the armory.

The "absolutely" train due here at 10 a. m. arrived nearly two hours late yesterday. The cause of the delay was a collision near Greensboro, the A. & N. C. train having to wait upon the train on the Southern road.

There seems to be a great complaint raised among some of the people in Bridgeton about boys bathing over there publicly, while nude. Boys should have more pride than to expose themselves in an indecent manner. The law makes it an offense and makes the punishment a severe one and if the boys persist in the practice, they may expect more or less harsh treatment.

Go to Blades Park this afternoon and see a good game of ball.

It will do you good to go out and root for New Bern at the base ball game today.

The Sunday School of the First Baptist Church will have their picnic at the base ball park today. The picnic will be held from 10 to 12 o'clock and will be a most enjoyable one.
