OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTY.

New Bern, N. C., July 12, 1906.

BWARE THE CITY ORDINANCES

The sudden closing up of every shop and store on last Saturday at midnight, in this city by the Chief of Police, under instructions from the Board of Aldermen who gave positive instructions to the head of the police department, that every ordinance was to be strictly enforced, and since been followed up by further enforcements, is giving the citizens of New Bern some idea of what it means to have ordinances. The lightning effect of this ordinance enforcement is to be noted on every side, it is a surprise to many citizens to find what a difference it makes to them, personally, and how careless they have been in violating the law.

This is especially so in the blocking of sidewalks with merchandise, and riding on the sidewalks on bicycles, also riding bicycles at night without lights. These are all minor offenses, apparently, yet it is easy to be seen that a violation of them could lead to serious results.

In the matter of liquor selling, it is said the instructions are issued to be rigid with each and every offender. All this ordinance enforcing may appear to a good many people as a sort of blue law act, but let every citizen note carefully two things, first that the law is being enforced which is upon the city statute book, and second, the city authorities sworn to enforce these laws when they took office. Why then complain? Rather it is a matter of congratulation that the laws mean real things.

It is to be hoped that the public sentiment will heartily sustain the action of the Board of Aldermen, and that every ordinance will be accepted and maintained as it stands. It is good citizenship to do so, and the result to this city and its interests cannot be otherwise but beneficial, when the law is strictly and impartially upheld.

And no better plan could be inaugurated by which any ordinance that gives offense or does injury to a majority, could be discovered, and upon which action can at once be taken towards its amendment or repeal.

She-Tried Five Doctors. Mrs. Frances L. Sales, of Missouri Valley, Ia., writes: "I have been afflicted with kidney trouble five years; had severe pains in my back and a frequent desire to urinate. When riding I experienced much pain over the region of the kidneys. I tried five physicians without benefit and then concluded to try Foley's Kidney Cure. After taking three \$1.00 bottles I was completely cured." For sale by Davis Pharmacy.

\$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity, Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have much faith in its curative power that they offer One Hundred Dollars for any case that it fails to cure. See for list of testimonials.

THE PEOPLE ALL. In Chorus Chorus, Give Us Newbern's Herald.

This word of hale has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBERG'S HERPICIIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBERG'S HERPICIIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send for stamps for sample to The Herpicide Co., Detroit, Mich.

VOICE OF THE PEOPLE.

Mr. Editor: I see that the government is still dredging around New Bern. I am anxious to see them working up the Neuse river and taking out those jetties which have ruined the navigation from New Bern to Kinston. They are dangerous obstructions for boats day and night.

I have run on Cape Fear river when the river was obstructed by torpedoes and I have run on the Neuse and it is obstructed by jetties. All the difference I can see, if you run on one you go up, and on the other you go down. I think it is to the interest of every body that is interested in the navigation to use their influence in having those jetties taken out of Neuse river.

H. H. DOWDY.

Doctors Said He Would Not Live. Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse, the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Cure was recommended to me by a friend, and I immediately sent my son to the store for it and after taking three bottles I began to get better and continued to improve until I was entirely well." For sale by Davis Pharmacy.

Arapahoe. July 10th. The crops in our community are looking fine, especially the corn and cotton crop; we are having fine showery weather on the crops.

Some of our young people attended the meeting at Broad Creek last week which was held by Rev. J. W. Tyndall.

Messrs. Seaton Basnight, Joe Caroon, and Miss Rena Caroon visited Arapahoe last week.

THE POWER OF GRAFT.

How The Abuse of The Money Power Has Been Carried On in This Country.

The New York Sunday World had one of the best illustrations of the power of graft that has yet been seen. It was more comprehensive than the most lucid and plain explanation could depict, and showed completely in the power of that terrible element—graft, the whole country is.

The states of Maine, North Carolina, Mississippi, Iowa, Michigan and Colorado are the only white spots on the map of the whole United States where graft does not exist. There are 15 states from whence there are no reports.

The growth of the power has become alarming and it almost seems from developments that Congressmen, Senators and State Legislators are the most liable to the disease—for it seems to be inoculated with it the people whom those persons represent are surely to be pitied.

The people of North Carolina ought to be sincerely grateful that "The Old North State" is one of the few states where the almy serpent of greed has not insinuated itself in the civic life of the state and it is to be hoped that it never will.

Good For Stomach Trouble And Constipation.

"Chamberlain's stomach and Liver Tablets have done me a great deal of good," says C. Towns, of Rat Portage, Ontario, Canada. "Being a mild physician the after effects are not unpleasant, and I can recommend them to all who suffer from stomach disorder." For sale by F. S. Duffy and Davis Pharmacy.
