Advocate of Fire-Proof Safes.
 Cincinnati, O., April 15, 1903.
 J. Baum Safe & Lock Co., Cincinnati, Ohio.
 Gentlemen:—Please enter our order for a No. 10 safe at once and get it out as soon as possible.
 We are now located in the Blymyer Building on Main St., and are getting in shape for business. Everything in our establishment in the Pike Building was destroyed by the fire, and the only thing which was left was our iron safe which we bought of you. We at first were of the belief that everything in the safe would be in ashes, as the safe was on the top floor, fell six stories and was in the hottest part of the fire, but to our surprise the books were found to be in as perfect condition as preceding the fire and could be used again if it were not that they had a musty smell from the fire. We will send you one of the books as soon as we have it recompiled, as a testimonial of what your safe will do, and we will write you up a testimonial of our description you may desire, for we can not say too much of the way the safe stood the fire.
 Yours Very Truly,
 THE CATHOLIC TELEGRAPH PUBLISHING CO.,
 L. A. EILERSON, Business Manager.

P. S.—We sell the J. Baum Safe and Lock Company's Safes, one of the best safes on the market. They succeeded in winning the Gold Medal at World's Fair, St. Louis, 1904.
 We have them in stock, weighing from 475 lbs to 2,000 lbs.

RAINS EVERYWHERE

Doing Damage to Crops, Especially Cotton.

Rogers and Sorrell Plead Not Guilty. Several State Charters Granted. Equipage For Wrightsville Encampment. Dockery Not Out Danger.

Raleigh, July 12.—General William P. Roberts, ex-State Auditor arrived here today from Gates county. He says the excessive rains there are doing great damage to crops, particularly to cotton. Some rain has fallen here at Raleigh every day so far during July.

In the Superior court this morning ex-sheriff Rowan Rogers and J. P. Sorrell were arraigned on the charge of embezzlement. Two bills had been sent in to the grand jury, one of which was returned yesterday and another, a more complete one, this morning. The men pleaded not guilty.

The State charters the Coddle Creek Manufacturing Company of No. 2 town ship, Cabarrus county, to make cotton goods, furnish electric lights and power capital stock \$100,000, part preferred, R. M. Miller, Jr., of Charlotte and others being the stockholders. Another charter was granted the Kelley Mercantile Company of Flee Hill, Harnett county, capital stock \$50,000, C. B. Kelley and others stockholders, to deal in timberlands, manufacture lumber, etc.

Two car-loads of equipage, etc. for the encampment of the Second and Third Regiments of the National Guard at Wrightsville have been shipped from arsenal here, including 330 common tents, 90 wall, hospital and 20 conical, 1,200 blankets, 32 camp stoves, etc. John Dockery's condition has not improved, particularly this week and he is not yet out of danger his physicians think.

William Dunn of the State Board of Agriculture arrived today on business connected with the soil test farm in the southeastern part of the State.

Test Farm Remains at Willard.

Special to Journal.
 Raleigh, July 12.—After full consideration here today the special committee of the State Board of Agriculture unanimously decided that the Test Farm for truck crops shall remain at Willard.

KEEP YOUR HEAD.

How One Woman Lost Her Temper and Her Art Treasures.

Appropos of the woman with the ability to pin a big coup and who then loses it and her head at the last moment an auctioneer in New York tells an interesting story. The woman was an American who had been living abroad with her husband for many years. Upon his death she returned, bringing with her a large collection of valuable paintings which had been his property and which she hoped to sell. She made arrangements with the auctioneer to handle them for her, and he was delighted with the cleverness with which she had obtained vouchers for each one. It showed enterprise and thoroughness seldom found in men or women and made it certain that the pictures, which were really good ones, would bring good prices.

To every one living who had been in any way connected with the pictures, owned them or handled them the woman had gone for a written guarantee, and, in addition to the names obtained in this way, she had been to the American consul, and he in his turn had guaranteed her signatures. They were all ready to and duly witnessed, and the auctioneer congratulated the woman.

That was all right until Uncle Sam stepped in. The custom house authorities, though unable to obtain possession of the guarantees, appreciated the pictures, estimated them to be worth their full value as understood by the owner and put duties upon them entirely beyond the woman's power to pay. She was greatly distressed at first, then annoyed and finally furiously angry at what she considered an imposition. The auctioneer endeavored to console her.

"They will be sold for little or nothing at the custom house sale," he said, "and the best thing to do is to try them in. They will go for \$100 or \$125 apiece, and we will have the sale after all. I will buy them in for you, and we will both make a 'pot of money' out of them."

But by that time the woman was too angry to listen to advice. She considered that she had been badly treated. If the custom house would to keep her pictures from her, very well, they might have them, she knew, on the guarantee, the pictures were sold for next to nothing and she would go on knowing where her own and the woman had a small fortune.—New York Times.

OYAMA MOVES FORWARD.

Taking Saghalien First Step. No Cession Until Peace is Settled.

London, July 12.—The latest news from the Far East is that Marshal Oyama has begun another forward movement and has driven in the Russian outposts at several points. This is in accordance with the Japanese attitude announced after the taking of Saghalien—that no cessation of hostilities would be considered until the peace commissioners had come together and the prospect seemed good for successful negotiations. In the meantime it is understood that Japan will neglect no opportunity of strengthening her position in Manchuria, so that in the event of the failure of the Washington negotiations the war may be pushed to a speedy conclusion by natural means.

The taking of Saghalien is the first step in this direction. The next will probably be the occupation of a strip of the Trans-Amur territory, which will be a harder blow to Russia than all the territorial losses she has sustained up to the taking of Saghalien.

HOW ABOUT THE RACES?

The Sailing Races Postponed From July 4, Should be Given.

The sailing boat races which were to have been a part of the racing contest on July 4th were, it will be remembered abandoned on account of a lack of wind. The following Friday was set as a day to have the races but for some reason they were abandoned on that day too.

Several people who are interested in these races have inquired why the managers do not make arrangements for this contest. They are anxious to test the merits of their boats with other boats. People not owning sailing boats are interested in the race also and it will be found that when the race is announced there will be a large crowd on the river shore to witness the event.

We hope to announce this race before long. Those who were managers of the Fourth of July races should take hold of the matter. Boat racing is a sport, which when conducted properly is a most alluring attraction.

A RAINY JULY.

But Not Unlike Previous Years. Record of the Rainfall.

Since July 6th there have been daily rainfalls, and these rains have been numerous but not always heavy, and as usual the average person will insist that July 1905 is an exceptional month, but if the weather records of previous years for the same month will be looked up, it will be found that this month is not specially an exceptional rainy one. Beginning with July 6th and including the 12th the rainfall was as follows:

July 6th	.25
" 7th	.06
" 8th	1.09
" 9th	1.12
" 10th	.79
" 11th	.18
" 12th	.12

During this period the maximum daily temperature has ranged from 83 to 88 degrees, but this does not indicate the humidity which has often been quite depressing.

It is not certain if the moon has anything to do with the weather, but it is of interest to note that this month will have two new moons on second and thirty-first.

Heat Kills Ten in New York

New York, July 12.—Undiminished heat and humidity marked the fifth day of the torrid wave that has afflicted New York, and tonight, there is no immediate prospect of relief. Ten deaths and nearly a score of cases of prostration was the record of the day. A brisk breeze afforded some mitigation of the general suffering, but hardly tempered the intensity of the heat in the crowded quarters of the city.

Some of the victims of the heat were rendered insane by their suffering. In Brooklyn Daniel McCarthy sought relief by drinking carbolic acid, and died immediately.

Jerry Lane, a coal-passer in an uptown hotel, went mad in the boiler room and attempted to brain a comrade with a pitcher from which they had been drinking ice water, knocking him senseless. Two policemen subdued Lane after a desperate struggle, and removed both men to the hospital.

Rogers and Sorrell Convicted.
 Special to Journal.
 Raleigh, July 12.—Ex-sheriff Rowan Rogers and J. P. Sorrell were quickly convicted of embezzlement in the Superior Court here. They made no defense, but submitted after the State had introduced its evidence upon which the judge charged the jury that it must convict. Sentence must be imposed to-morrow.

DISFIGURED WITH ECZEMA

Under Physicians Five Months. Went from Bad to Worse.

CURED BY CUTICURA
 Wonderful Change in One Night. In a Month Face Was Clean as Ever.

"I was troubled with eczema on the face for five months, during which time I was in the care of physicians. My face was in such a condition that I could not go out. It was going from bad to worse and I gave up all hope, when a friend of mine highly recommended Cuticura remedies. The first night after I washed my face with Cuticura Soap and used Cuticura Ointment and Cuticura Resolvent it changed wonderfully, and continuing the treatment it removed all scales and scabs. From that day I was able to go out, and in a month my face was as clean as ever."
 THOMAS J. SOTH, 317 Stagg St., Brooklyn, N. Y.

THE AGONIZING

Itching and Burning of the Skin

As in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worried parents, as in milk crust, tetter and salt rheum—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proved beyond all doubt. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures of the civilized world. Absolutely pure.

Sold throughout the world. Cuticura Resolvent, 7 1/2c. (In form of Chocolate Covered Pills, 25c. per box of 100.) (Inform. Bro. Soap, 25c. Paper, London, 27 Charterhouse Lane, E. C. 4, London, E. C. 4, England.)
 Cuticura Soap, 25c. per box of 100. Cuticura Ointment, 25c. per tin of 100. Cuticura Pills, 25c. per box of 100. Cuticura Resolvent, 7 1/2c. per box of 100. Cuticura Soap, 25c. per box of 100.
