WILMINGTON AHEAD

Of Other Places in National Development.

Number of State Charters. Status Ensign Worth Hagley. Sentiment That Byrum Got Light Sentence. Final Decree in O'row Food Case.

Raleigh, July 18.—The State charters the Sphar Lumber Company of Wayneville, capital \$10,000; the Thomasville Scope Works, \$25,000, W. H. Diets of Syracuse, N. Y., principal stockholder; the Post dater Company of Wilmington to make autograph dating machines, other stamping machines and any other inventions, capital stock \$50,000, Thos. R. Post and others stockholders.

Sculptor Packer is at work on the statue of Ensign Worth Bagley at his rooms in the Yarrowborough House. He will make the life size model here in clay and submit it to the family in about two weeks and if it is accepted he will go to New York and make another from which the Gorham Company will make the bronze castings. Mr. Davie Bagley of the Navy, a brother of Ensign Bagley will pose for the figure his figure being very like that of Ensign Bagley. The face and head will be modelled from several photographs. The statue will stand 7 feet high and will be on a much used walk in the Capitol Square, between the Washington statue and Confederate monument; will face northeast and will be upon a base of granite of proper height. The cost will be \$3,900 which is the sum in hand.

Private Secretary James D. Glenn and family left this morning for Wrightsville to remain a week.

The current comment upon the sentence of Byrum, the murderer of Jas. H. Alford is that it is a light one. Byrum showed great coolness when Judge Allen imposed the sentence, in fact he even laughed.

The new regimental band here last night gave its first serenade, this being at the executive mansion in compliment to Governor Glenn.

Mr. Ireddell Meares of Wilmington who is here says that Wilmington is making more progress than any place he knows of. That the street car company is moving 10,000 people daily that the confidence which the people show in the city is one of the most admirable signs of development; that arrangements are being made for colonization all that section and that the Swift Company has bought large tracts of land on which it is understood that there will be a fertilizer factory to cost a quarter of a million dollars.

Judge Furnell has made a final decree in the case of Talbot against the Commissioners of Onslow county in which is involved the interest coupons on \$40,000 of bonds. In the decree he holds that the coupons are of valid obligation of the county, incidentally holding the bonds to be valid; that the County Treasurer is a trustee for the benefit of the coupon holders in that he holds a fund from the proceeds of a special tax levied to pay this interest and he ought to pay it, but that as he is enjoined by the State court, the United States court is not to be understood as counseling or instructing him to disobey the injunction of the State courts. The case is controlled by the decision in the Stanley and Wilkes county cases, which were decided by the United States Supreme court and by the Circuit court of appeals. Notice of appeal from Judge Furnell's decree has been filed.

The liquor men here who have their canvassers at work getting names of persons who desire an election held on the question of open bar rooms said today that there were something like 900 signatures, while only 550 were necessary to call an election. None of the saloon men pose as the head of this movement, but it is said by them that Mr. John Pace is the chairman of the committee which is looking after the matter.

ISAAC FARROW ARRAIGNED.

The Black Man Who Shot Policeman Montague in City Court. Other Cases.

Isaac Farrow, the negro, who, on the night of June 7th, shot officer R. P. Montague was cited in the municipal court yesterday morning for preliminary hearing on the charge with assault to commit murder. Farrow was brought up from the county jail handcuffed and looked the desperate man he is said to be.

When asked if he pleaded guilty or not guilty to the charge, he replied that he was guilty of the shooting but that he did not mean to shoot the policeman but the man Mose White, whose information led to the affair of the night of June 7th.

After the examination of witnesses Farrow was put under a \$250 justified bond for appearance in the criminal court which convenes October 2nd. In default of surety he was remanded to jail.

Frank Davis, a vicious looking negro of the Portuguese type, was before the mayor for disorderly conduct, and the evidence against him was so damaging that the mayor taxed him \$10.00 and costs. Davis tried to "butt in" several times and at last he became so obstreperous that the chief of police ordered him to be taken to the cell.

Isaiah Walston was found guilty of assault upon a small boy; judgment was suspended on payment of costs.

Aoda Green was tried before magistrate S. R. Street for the larceny of a watch. Mr. Street was called to the city hall to try the case. He was bound over to court under a \$100 bond. Being unable to procure surety he was sent to jail.

FIREMEN GO TO WINSTON.

A Big Delegation Leave for the Tournament. They Have Great Expectations.

One of the largest delegations that has gone to the Firemen's Tournament left Monday morning for Winston. There were about 25 firemen and others and were in a happy and contented frame of mind which seemed to be the physical expression of confidence that New Bern fire men are going to be heard from in no uncertain way.

A number of the boys were decked out in dusters which were very convenient and comfortable garments. They were generously donated by the Pepsi-Cola Company and the advertisement of that beverage held a conspicuous place on the back. There was another garment which was in much evidence—a sweater.

From an artistic point of view they were simply fierce. They were undoubtedly here to represent lumbering interests which was an appropriate and neat way to advertise New Bern's great industries.

The official delegates are as follows: From the Atlantic Company, C. P. Bartling, A. T. Willis; from the Buttons: Furney Gaskill, Ed Hollowell. Others who went were Chief L. A. Taylor, Eugene Williams, Eph Brinson, Fred Thomas, J. B. Dawson, John Suter, H. E. Royall and John McSorley. The reel team, whose names appeared in Sunday's Journal increased the number. Mr. Tom Williams name was omitted.

The wagon team will be made up as follows: driver John Suter; slack pullers, Will Hoover and Tom Davis; buttmans, Dr. Howell; coupling breaker, Leon East; wrenchman, Furney Gaskill; nozzleman, George Harrington.

Mr. T. A. Green the treasurer of the tournament association left for Winston Sunday night.

Master Jamie Tolson went along to see that luck should smile on the New Bern contingent.

Among the members of the fire companies are a few members of the band. They took their instruments along and gave the passengers enroute and the natives and other visitors at Winston rag time specimens of their music.

His Name.
When a man longs to set his country's wrongs before an audience he puts a high value on his time.

"What would be your price for a talk on Russia?" the chairman of the entertainment committee asked the number faced foreigner.

"Seventy-five dollars for three-quarters of an hour, \$50 for an hour and a quarter, \$30 for two hours," said the Russian.

A DANGER.
Paper is the home of a small spider the body of which is about the size of a pea. It is black in color, with a brilliant red spot in the center of the back. It is frequently to be found making its nest in old packing cases which have been neglected for some time. Unless destroyed it will not attack. The bite is very small, although fatal in some instances. The usual object of the spider is that it paralyzes the intention of the person and causes them to die.

Mayor Eaton spoke eloquently, welcoming visiting firemen, which was responded to by Rev. L. L. Yates Wilmington, Secretary Dawson, New Bern was member this committee, after which adjournment was taken for dinner session. The convention resumed business at 2:30 at which time Credential Committee report and real work commenced. ANOTHER SCANDAL STIRRED UP.

A Shooting Affair in Goldsboro Reveals Sad Tale of Domestic Trouble.

All of Goldsboro was stirred up over a shooting affair which occurred at 11 o'clock Monday morning near the home of Dr. J. R. Stockard, a prominent dentist there. Dr. Stockard shot three times at Dr. Dan Powell with a thirty-two Winchester rifle. Dr. Stockard evidently shot to kill, but none of the bullets hit their mark. Dr. Stockard sent word to Dr. Powell to stop hanging around his wife.

The trouble grew out of the fact that Powell had been intimate with Stockard's wife, and had gone to Richmond and other cities with her when her husband thought she was visiting relatives in Burlington, her former home. The two left here the latter part of June, Dr. Powell selling out his drug store before leaving, but it was only a few days ago that Dr. Stockard grew suspicious and wrote to Burlington to see if his wife was there. He found that she was not, but was told that she had gone to Richmond to visit friends. He followed her and brought her back Saturday, and Powell, who was with her during this period of absence, followed them back.

Dr. Stockard has sued Dr. Powell for \$10,000 for the alienation of his wife's affections.

Sakhalin New Jap State.

London, July 18.—The correspondent of the Daily Mail at Hakodate, Japan, says that the Japanese have practically completed the occupation of the island of Sakhalin and are organizing a government.

The Shanghai correspondent of the Standard says that the Japanese have landed on Sakhalin 125 miles of light railway and three thousand coolies.

Cutting Affair at Newport.

The Journal received news by phone from Newport yesterday of a cutting affair which happened there last Sunday evening. The particulars were not known to our informant but John M. Hall was cut in a dispute with two brothers, Denny and Lloyd Garner. The quarrel was over a young woman. All the parties are white.

Hall's condition was stated yesterday as greatly improved and it is believed that he will recover. He was cut in several places and his injuries at first were thought to be serious but the doctor states that he is out of danger.
