The Slow Train Ordinance, The recent ordinance passed ${ }^{\text {varan }}$,
ing the Atlantic \& North Carolina Rail
 to run no faster than three miles an
hour, is an ordinance which ought to be mended.

$$
\left|\begin{array}{l}
\text { amended. } \\
\text { In the first place the three mile rate } \\
\text { is roo restrictive. It works the rail } \\
\text { rood company a hardship, and hais } \\
\text { should not be the intention of any or-- }
\end{array}\right|
$$

$$
\begin{aligned}
& \text { should not be the intention of any or- } \\
& \text { dounce, for the railroud people have } \\
& \text { dights which they ought not be de- }
\end{aligned}
$$

rights which chey ought not be de-
prived of.
This very low speed serves the elty
no good end, for thee nemberver of tre city slockader along the street at times. And besides this the slow spoed io
encourging the jumping on and of of passing trinins, which is likely to result
in ompe esious resulta to lo limbs and
perhapa liven.
 limit doees not give it. The eity wants
protection againgt poseible. .anger of
passing truins, but the low epeed does
ot serve the purpose as well as a five
or inx intiflimit.
The preenent speed ordinance on Han-
 and it ashould be amended in justice to
ine aide and for beetter reeaulto to the
other.
