Everything to make a home comfortable and attractive, such as book cases, China Closets, Rockers and others.

Any one that is thinking of buying will do well to see me before they buy, as we sell goods where competition cuts no figure.

J. S. Miller.

NEARLY THREE INCHES

Was the Rainfall Record at Raleigh.

State Charters Granted. Money for Statue Comes Slowly. One Death From Hot Weather. Saloon Men Quietly at Work. Congressman Thomas to Make Address.

Raleigh July 22.—There was a severe local storm last night, the rainfall being 2.72 inches. The heaviest fall was between 7.15 and 7.55 p. m., amounting to 2 inches, the wind being 30 miles an hour in the southwest. Had the rain kept up that rate for an hour it would have been a record breaker, and would have been 3 inches. The heaviest fall recorded in an hour is 2.28 inches, which fell in 47 minutes in 1894. On the night of May 15, 1898 an inch fell in ten minutes which holds the record.

A charter is granted the Pomona Cotton Manufacturing Company, Greensboro, capital stock \$250,000, to make yarns, cotton goods, etc., to make the stockholders being J. E. Serice, J. E. Southerland and W. F. Southerland of Greenville; S. C., A. T. Wing, Palmer, Mass., Lee L. Battle, Greensboro and several others from that town. The Tar Heel Steamboat Company of Bladen county is authorized to increase its capital stock to \$30,000.

At the Soldiers Home work is active in progress in the enlargement of the dormitory. A gas plant will be put in and all the cottages will be put in first class condition. A gas engine of thrice the power of the present one will be installed and the heating plant will be enlarged.

The lightning last night struck a number of trees and one or two buildings in this vicinity but did no damage. One of the operatives at the Caroleigh Cotton mills was quite severely shocked but was all right today.

There is some comment on the fact that so little money has been raised for the statue of Sir Walter Raleigh which it is proposed to put in Nash Square which is the attractive park in front of the Union passenger station. Now that all the arrangements are completed for the statue of Edw. Worth Bagley, it would seem that this Raleigh statue matter could be taken up and quickly pressed to conclusion.

Next Monday work begins on the grand stand at the State Fair Grounds. It will be a very different structure from the unsightly one which was in use from 1874 to the last fair.

Work is actively in progress on the \$15,000 hospital at St. Augustine colored normal school here. Heretofore the hospital and nurses training school have been conducted in a small wooden building. A good deal of the funds for the new hospital are a gift.

As Raymond Bynum was being taken to the penitentiary from the Raleigh jail he spoke to one of the deputy sheriffs and said that his high temper got him into trouble. He is given regular work at the prison. Most of the convicts who are able-bodied are employed in the brick yards. The total number including those in the hospital does not reach 100.

Only one death has resulted from the hot weather here, and work of every kind has gone along, though the temperature has reached 120 degrees in the sunshine. No horses have been prostrated by the heat.

The saloon men are very quiet about their work in endeavoring to secure an election here in September on the question of open bar rooms, and the list of names is not permitted to be seen, the statement being that it is all in charge of a liverrman, who is referred to as the chairman of a committee, from which it would appear that there had been some kind of a meeting, though no report of one has ever been given out.

Talbot Rogers, a white boy of only 14 years of age was convicted here last week of obtaining goods under false pretense and sentenced to two years imprisonment, has been hired out to a farmer, his parents consenting to this, though at first they declined to consent and it seems that he would have to remain the whole time in jail, though in such a case there would doubtless have been a pardon.

Secretary of State Grimes and Congressman Charles R. Thomas will deliver addresses at the reunion of Confederate Veterans at Kemansville, August 3rd.

When Corporation Commissioner Beedingfield who is a farmer was asked what the farmers were talking about in this county he replied: "About laying by the crops and about the barbers which they will then give and enjoy." From which it appears that the farmers are in extremely good spirits.

Britt Gets Decision Over Sullivan. San Francisco, July 22.—Britt got the decision in the tenth round. There were eight rounds of give and take, honors were even, and both badly punished. Britt then took a decided lead. It was Britt's right by a clear margin from the eighth on, although the Baltimore man fought fiercely from start to finish. Britt showed marked superiority as a boxer and scored the only knockout of the struggle. Up to the eighth round Sullivan made a good showing. He kept on the aggressive although bleeding heavily from both his ears. Sullivan broke his hand in the tenth round.

New Lot of Fine Booked Hams, of several brands, Just Received at the Daily Post Market.

HANDSOME AND COMMODIOUS QUARTERS.

Changes in The National Bank of New Bern An Advantage to Both Patron and Employee.

Tomorrow morning the officers and employees of the National Bank will assume their work under different and vastly improved circumstances. While the offices have not heretofore been as convenient as it was desired it has remained until this time to affect a change.

Without increasing the area of the building more room has been afforded in the office and in the court or lobby by the re-arrangement of the railing separating the two. A handsome modern quarter sawed oak railing, built on a marble base has been placed in the room with the customary desk, and other appurtenances for the convenience of the employees. The light in the building has been increased by the substituting of two large plate glass windows for the imperfect source of light that they had before. Over the windows are smaller windows so arranged as to allow of ventilation.

The lobby is large and more convenient for the use of patrons and this is a very appreciable feature. The width is about eight feet and it extends to the cashier's office, and is about thirty feet in depth. The floor is laid with hard wood blocks which improves the appearance and resists the wear better than any flooring material. The walls will be covered with a new material known as fabricona which resembles burlap. It is better for the health than paper and presents a better appearance than hard finish. It will be supplied with the color and correspond furniture—Golden brown.

The exterior of the building has been restuccoed and repainted and the building made to present a greatly improved appearance.

Perfect womanhood depends on perfect health. Nature's rarest gift of physical beauty comes to all who use Hollister's Rocky Mountain Tea. Bright eyes and red cheeks follow its use. 35 cents. For sale by F. S. Duffy.

Mr. and Mrs. Mark Disoway are spending a few days with their son, Dr. Alpheus Disoway at Mayaville.

Women's Club Formed.

On Friday morning a number of ladies in the city met at the High School building and organized themselves into a Woman's Club.

The following were the officers elected:

- President, Mrs. Juliet Duffy.
- Vice-President, Mrs. Frank Hughes.
- Secretary, Miss Mary Hendren.
- Treasurer, Mrs. Charles Hollister.
- President of the Department of Child Study, Mrs. M. M. Marks.
- President of the Department of Public School Betterment, Mrs. Emma Powell.
- President of the Department of Library Extension, Miss Janet T. Hollister.
- President of the Department of City Improvement, Mrs. R. P. Williams.

The names of the different departments indicate the lines along which the ladies intend working. Their purpose is mutual improvement and the development of a spirit of unity and strong citizenship in the town.

They earnestly request all to join the Woman's Club and lend their aid and influence to the work.

For Sale.

Short Horn Bull from one of the best herds in the Valley of Virginia, 9 years old. Registered, sold to avoid inbreeding; price eight. Address CEDAR LANE FARM, Richlands, N. C.

She Tried Five Doctors.

Mrs. Frances L. Sales, of Missouri Valley, La., writes: "I have been afflicted with kidney trouble five years; had severe pains in my back and a frequent desire to urinate. When riding I experienced much pain over the region of the kidneys. I tried five physicians without benefit and then concluded to try Foley's Kidney Cure. After taking three \$1.00 bottles I was completely cured." For sale by Lewis Pharmacy.

Fencing Posts.

Can furnish on short notice good lightwood post for plank or wire fencing for yard or farm purpose. Get my prices.

Also have a nice new boat for gasoline engine 28 ft 4 inches over all, and engine all ready to be installed. Will suit either boat or engine or both together very cheap for cash or good security. Address Claude Taylor, North Harrows, N. C.

Take Hollister's Rocky Mountain Tea. See it exterminate the poison, feel it revitalize the blood and bring back that happy joyous feeling of bygone days. 35 cents, Tea or Tablets. For sale by F. S. Duffy.

New Lot of Fine Booked Hams, of several brands, Just Received at the Daily Post Market.

GEMS FROM COMIC OPERAS.

A Fine Musical Melange Prepared By a New York State Manager And Produced Here.

An amusement enterprise will be shown on the stage of the New Masonic opera house next Wednesday evening which will be essentially new and unique to the citizens of New Bern. Mr. J. S. Atkinson a well known stage manager of New York has been in the city during the past week and has trained a chorus of 150 voices in the best choruses of the leading comic operas of the New York stage and the entertainment next Wednesday night will be the product of his labors.

The singers are all New Bern people and are men, women and children. They have within the short space allotted them learned their songs and also learned the pretty rhythmic dances that accompany most of the songs. There are sixteen solo parts which will be taken by the leading singers of the city and pretty march movements introduced in the scenes. The whole will be a most enlivening and enjoyable festival. Many of the songs are the popular opera airs which have engaged our admiration.

The operas represented will be "A Chinese Honeymoon," "The Runaways," "The Girl From Kays," "The Sultan of Sulu" and others of the leading comic operas that have held continuously for many months large and delighted audiences in the large cities. The operas will last two hours, and will contain four scenes each scene a plot within itself. Mrs. J. E. Benton and Miss Nim-Bamlight will be accompanists.

The scenery will be the same as the corresponding scenes in the original operas. They have been arranged on purpose for Mr. Atkinson in his work and set off the chorus is to the very best advantage. The costumes are beautiful and will be supplied by Mr. Atkinson and they are identical with those used in the operas from which the sketches are taken.

This will be a rare musical treat for the people of New Bern who like bright snappy, catchy music; pretty marches and drills and bright dialogues. Mr. Atkinson has had over twelve years experience in this work and has had great success. He requires but little time to train his choruses and has never failed to produce a pleasing and wholly successful show.

The proceeds will be for the benefit of St. Johns Lodge A. F. & A. M.

Old Magazines Wanted.

The Department of Library Extension of The Woman's Club requests every one who has any old magazines which they are willing to give away to have them in some convenient place in the house by Tuesday morning as a committee of ladies will make a home to home canvass for collecting the same early Tuesday morning.

The Journal's Summer Visitors List.

As has been the custom for several years the Journal will publish on the first Sunday in August the names of all citizens of New Bern or residents of the county who are spending the summer at other places. The exodus is at its height at the present time but it will be completed by August 6.

The Journal will consider it a favor if the readers of the paper will assist in making up this list by sending the names to any of their traveling friends or relatives to this office in order that it may be more complete.

BEAUFORT UNANIMOUS.

In Favor of Giving All Rights To A. & N. C. To Build Bridge.

At the public meeting held at Beaufort yesterday which had been previously advertised the purpose being to get the sentiment of the people of Beaufort in the matter of the Atlantic & North Carolina Railroad building a bridge across from Morehead City. There was a good sized gathering.

Capt. W. H. Johnson for the United States Government asked if there was anyone present who was opposed to the proposed bridge. There was not a single expression against. There then followed a general discussion and petition was offered which was signed by property owners across whose land the bridge was expected to run, all these offering free right of way.

There will be two fifty foot draws necessary, and Capt. Johnson says these can easily be made. It is said that work on the bridge will begin at once and the bridge completed within a few months.

Entry Claim.

By Get. D. Watson, Entry Taker for Drawn Co. The undersigned & G. W. West, Entry Taker, North Carolina, and have claim in the following described piece or parcel of land in Sec. 2, Township 6 North, County, State of North Carolina, the same being vacant and unappropriated land, and subject to entry, viz: On the east side of Newbern creek, west side of Calypso creek, north side Newbern river and border of W.
