OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTY.

New Bern, N. C., July 26, 1905.

CITIZENS' PRIDE IN MUNICIPAL DEVELOPMENT.

The loyalty of a citizenship to its municipality, has its foundation laid by the local effort which a citizenship makes to develop and build up its municipality.

It is by local effort and endeavor that cities are built, and those who have aided in this building cannot but feel a pride in themselves when the results assume such proportions, as the town evolving from the village, the city from the town, and the metropolis from the city.

Men who have lived and grown old in such cities as Chicago, St. Paul, Denver, Atlanta and a score and more that might be mentioned, can well boast of their cities, and when away from home may point with just pride, and exult in what they have done assisting to make such cities.

And opposed to these wonderful cities, the products of the genius of men who did not fear work or personal sacrifice in order to accomplish things, look at the hundreds of shiftless and thriftless little towns and cities, whose citizens when away, are ashamed to say that they came from them and will register from their State, not city.

Look over these cities whose people are ashamed to acknowledge them and it will in most instances be found that the citizens are themselves to blame, that they have been selfish, not patriotic, and instead of displaying any public spirit have sought the personal gain without joining any community of interests which might inspire a local development that would be a credit and profit to every citizen.

Make the local application, what can the citizen of New Bern boast of in his city? What has its citizenship joined efforts in, making public parks, fine city and county roads, hospitals for those needing care, or what public institutions may be named whose creation has been the work of a joint citizenship endeavor?

Poor indeed is a citizenship which has nothing to take pride in, much less boast of to its neighbors and the world.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not say to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by F. S. Duffy and Davis' Pharmacy.

Mr. Robert O. Burke, Elmore, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 25 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease. For sale by Davis' Pharmacy.

HAIR NATURALLY ABUNDANT.

When it is Free of Dandruff, It Grows luxuriantly. Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair troubles, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and so far, the only hair preparation that will positively destroy the germ is Newb's Hair-Preparation, absolutely harmless, free from grease, redness, eye matter or dangerous drugs. It always itching instantly, makes hair glossy and soft as silk. Destroy the cause, you remove the effect." Sold by leading druggists. Send for stamps for sample to The Harpolds Co., Detroit, Mich.

WILSON MARSHALL, OWNER OF THE ATLANTIC.

with his peerless schooner Atlantic he raced from England to Heligoland and captured another cup offered by Kaiser Wilhelm.

It is needless to say that Mr. Marshall is a much envied man. His fellow yachtmen consider him without an equal as a racer. How much of his present glory Mr. Marshall would have won without the aid of his great skipper, Charley Barr, is of course only a matter of conjecture.

THE BENNINGTON HORROR.

Promised to Cross the Maine Disaster in Proportion of Crew Killed and Injured.

San Diego, Cal., July 21—Thirty nine members of the crew of the United States gunboat Bennington were killed and four score sailors were injured, twenty-four seriously, at 10 o'clock this afternoon by a boiler explosion that disabled the vessel in San Diego harbor.

Fifteen sailors are missing. There were more than 250 men aboard the warship when the accident occurred, and many men were hurled or forced to jump into the sea by the terrific explosion, which lifted part of the deck and compelled the beaching of the ship.

San Diego, July 22—The search for the bodies of the sailors scalded in the tangled debris of the United States gunboat Bennington began today. Seven bodies are in sight pinned down in the wreckage of the boiler. The other bodies are thought to be buried in the dismantled engine room. In addition to the thirty nine known to be dead and eighty injured, fifteen of the crew are unaccounted for. Six of these are oilers and six coal passers who were on watch at the time of the explosion. The disaster is greater in proportion than that on the Maine. Less than a third of the men and officers escaped.
