Iron Safe Clause Judicially Declared Valid.

Extract from decision of Supreme Court in the case of Georgia Home Insurance Co., against Allen.

"An Iron Safe Clause in a policy of Insurance requiring the assured to keep a safe of books and inventory of the stock, which shall be kept in an iron safe at night and at other times when the store is not open for business, is a valid condition and binding upon the assured, the breach of which will void the policy unless it is waived by the insurer."

P. S.—We sell the J. Baum Safe and Lock Company's Safes, one of the best safes on the market. They succeeded in winning the Gold Medal at World's Fair St. Louis, 1904.

We have them in stock, weighing from 475 lbs to 2,000 lbs. Write for Catalogue and Prices.

INDUSTRIAL DEVELOPMENT

Is the Effort of Governor Glenn

For This State. This Means Immigration. Valuable War Relics for Hall of History. Talk on State Institutions. Dockery's Case.

Raleigh, August 1.—Governor Glenn said today that it was his desire to make his administration one marked by industrial development. His efforts along this line are appreciated. A day or so ago Mr. S. B. Tanner, of Henrietta, one of the most notable cotton men in the State and Mr. Whitney, the head of the great Whitney Development Company, which is doing such good work in Piedmont, N. C., were talking about the Governor and his efforts along industrial lines and said they were extremely glad to see him do what he is doing and that it was exactly what North Carolina needed. The Governor says his office has become pretty nearly an industrial and immigration office, and that he is receiving letters from everywhere in regard to the settlement of the State and kindred subjects. These letters come from all sections of North Carolina, from persons who desire that settlers and more labor be brought into North Carolina and also from people who want to know what the opening is here. The Governor said he was much concerned about letters from different sections of the State stating that owing to lack of enough railway cars there could not be a prompt movement of products, such as manufactured goods, vegetables, berries, etc. The trouble in the southeastern section this spring and that now on at High Point, for example, give him concern. He will take up the whole matter with the railways and will urge the latter to take every possible step to furnish ample car facilities, so that there will be no delay as a check works the State much injury and seriously cripples industries which all are interested in developing.

When Mr. Tomlinson of the Furniture Manufacturing Association of High Point was here Saturday night he informs your correspondent that the railways which handle the products of High Point, which is the greatest Furniture Manufacturing town in all the south and the second in the United States has only 400 furniture cars. A very prominent railway man who was talking to the Governor said that the fact was that business had outgrown the railway facilities and that this fact was very apparent to any observer. A great many more cars will have to be built. The Southern railway which handles the High Point business is now double tracking its line, but this ought really to have been done years ago all the way between Washington and Atlanta. The Corporation Commission will look very narrowly into this car shortage business and there will be a full conference upon the subject.

For the Hall of History some extremely interesting and valuable war relics connected with the military life and distinguished services of Major General Robert F. Hoke have been secured. These include his sword and the one which was surrendered to him by General Wessels U. S. A., commanding Plymouth and its defenses, when Gen. Hoke captured that town, after a very brilliant action. There are also General Hoke's headquarters flag and the flag which was over headquarters of General Wessels, this is a very large garrison flag. General Hoke is justly regarded as one of the ablest officers in the Confederate service and had the war continued much longer would have risen to extremely high rank, so much were his services, both as to gallantry and plans appreciated.

As yet work has not begun on the new wing at the hospital for the insane here to be occupied by females, though much material has been delivered. Work is very actively in progress at the Soldiers Home, in the fitting up of additional rooms in the main dormitory and in the improvement of the old cottages.

It is expected that John C. Dockery will be taken home this week and that he will be brought back here August 15th so as to appear as a witness in the trial of policeman Isaac W. Rogers the charge against whom is secret assault with attempt to kill.

Death of H. A. Brown.

Mr. H. A. Brown, a former resident of New Bern, died at Wilmington last evening at 5:30 o'clock. The remains will arrive this evening on the train from Wilmington.

The funeral services will be held Thursday morning at 10 o'clock in the Presbyterian church, Rev. H. S. Bradshaw will conduct the services.

THE TOBACCO OPENING.

The Initial Break An Encouraging Forerunner of Business.

The first break of the New Bern tobacco market occurred yesterday and it seemed to argue good things for the farmer. Like other products raised by the agriculturist the prices fluctuate but the market indicated that prices will start right and stay right. The interests of the American Tobacco are looked after by Mr. E. L. Bryan and Mr. A. L. Curran represents the Imperial syndicate. A buyer for the Japanese Tobacco Co., is expected to arrive in a few days. Mr. T. A. Donoho is auctioneer.

Prices were 25 to 40 per cent better than last year's opening and the planters who brought their tobacco to the New Bern market believe that the prices received here will compare favorably with any of the neighboring markets and they are satisfied with the outlook. The prices ranged from five to fifteen cents per pound and the amount brought was 15,000 pounds—a fairly good lot for the opening day.

IMPORTANT TO COTTON FARMERS

And All Persons Who Are Interested in The Permanent Welfare and Prosperity of The South

I ask that meetings, both township and county, be held in the various cotton growing districts of our State during the month of August so as to perfect our organization, The Southern Cotton Association.

We have seen and realized the benefits that have come to the cotton grower through the power of organization. Cotton has advanced from about 6 cents per pound in January to 11 cents per pound in July.

This advance was brought about by the co-operation and organization of our business men and cotton farmers. By this advance millions of dollars have been added to the wealth of the South and our people have been shown the advantages of wise co-operation. We must not stand still, but go forward. Let our motto be, "Onward and Upward."

I suggest that township meetings be held Saturday August 12th, at the usual place for township meetings, at three o'clock p. m., and that county meetings be held at the Court House on Saturday the 19th of August at 11 o'clock a. m. These dates can be changed to suit the convenience of the farmers and business men of any county, only I urge a meeting shall be held during the month of August, so as to get ready for an active fall campaign. Wherever convenient have these meetings in connection with a farmers picnic and have speakers for the occasion.

The State Executive Committee will meet during the meeting of the farmers association, in Raleigh, the last week of August. Announcement as to exact date will be made later.

Yours truly

John S. Cunningham,

Pres., N. C. Div So Cotton Association

THEY COME AND GO.

Mr. and Mrs. Thomas Lee Craig, who have been the guests of Mr. W. M. Watson returned to their home in Gastonia last evening accompanied by their nieces, Misses Edna and Lillian Watson.

Miss Norcott Broadfoot, who has been the guest of her grand parents, Judge Bryan and her aunt, Mrs. F. S. Duffy, returned to her home in Fayetteville last evening.

Mr. Edward Clark left last night for Thomasville to join his wife who is visiting Mrs. Mary Guion Meek, from whence they will go to Blowing Rock.

Mr. and Mrs. Robert Hancock and grandsons, went to Black Mountain yesterday to pass a few days.

Dr. L. L. Dameron went to Beaufort last evening.

Miss Margaret Tucker is visiting in Grifton.

Baxter-Mason.

Harlowe, N. C. July 27.—Not in the history of Carteret county has there ever been solemnized a more beautiful wedding than that of Miss Rosalind Dee Mason to Mr. Louis Urgan Baxter, on the evening of July 26th at the residence of the bride's father, Dr. Chas. N. Mason.

The parlor and halls were artistically decorated under the skillful hand of Mrs. D. G. Bell, of Morehead City, chief decorator for the occasion. The color scheme was green and white. The potted plants and soft lights made a scene of enhancing beauty.

Promptly at eight-thirty, Miss Maude Underwood of Elizabeth City, daintily attired in white organdy in her graceful and easy manner made her way to the piano and began the beautiful strains of Wagner's Bridal chorus.

With the sound of the first note came the little ribbon girls, Misses Hattie and Lizette Bell, cousins of the bride, dressed in pure white. They entered from the hall and crossing the room diagonally approached the altar, thus forming the aisle by which the bridal party entered.

Proceeding the bride, came alone her maid of honor, Miss Flora A. Fox of Siler City, carrying white carnations, and beautifully attired in white silk, trimmed in Valenciennes lace, with picture hat to match. Next came the bride, who never looked so beautiful as she appeared on this occasion, handsomely dressed in white crepe de chine made over taffeta and trimmed in all over lace with veil, and carrying brides roses. She was met by the groom with his best man, Mr. C. F. D. Bell, both of whom wore suits of conventional black.

Just as the party reached the arch the music changed to the soft notes of "Hearts and Flowers" while Rev. W. A. Piland of the M. E. church read the beautiful and impressive ceremony which joined for life the happy couple.

To the inspiring notes of Mendelsohn's wedding march the party left the parlor, making their way to an adjoining room where congratulations were offered by the number of friends present.

Miss Mason is a member of one of the most prominent families of Eastern North Carolina over which section she is well known because of her beauty and popularity. She was the centre of social life while at Louisburg College from which school she was graduated in the class of nineteen hundred and three.

Mr. Baxter comes of an old Virginia family, and numbers his friends in this and other states by the score. He is of the firm Baxter, Doyle & Co., the largest tailoring establishment in Shreveport, La.

The popularity of both bride and groom was attested by the large number of handsome bridal presents received. Mr. and Mrs. Baxter left on the early train amid a heavy shower of rice for Petersburg, Va., the home of the groom where a reception was given in their honor on the evening of July 27th. After a few days stay in Petersburg, they will leave on a trip through the south, stopping at places of interest after which they will be at home in Shreveport, La.

EVIDENCE CONSIDERED SUFFICIENT

To Convict in Burning of Standard Oil Plant. Governor Leaves on Business.

Raleigh, August 1.—In an interview with Insurance Commissioner Young regarding Frank Moore, the white degenerate in jail here, who has confessed the participation in the burning and robbery of the Standard Oil Company's plant at Raleigh and the murder of the night watchman, Insurance Commissioner Young says he is satisfied that he has a very strong chain of evidence. Directly after the crime the Standard Oil Company acting in concert with the Commissioner sent a detective here who thought he had a good clue but it was found to be a wrong one. Then a man here said he saw the crime but this was disproved. Then the great task began of finding the right man. While Burk Burch, a negro, was on trial in the Superior court here Frank Moore told a detective to ask Burch where he was on the night of the fire. It was then discovered that Moore knew about the occurrence. He said that he did, but that he was not in it and then his own evidence was taken, which showed that he was concerned. He was examined by Deputy Commissioner Walters, and by detectives Scott and Warburton, the latter of whom is a Pinkerton man sent by the Standard Oil Company and told them the whole story as it occurred. Commissioner Young was sent for and after warning Moore took his testimony. In stating these facts today Mr. Young says that his plan had been to postpone a hearing until all the men implicated were caught, one being yet at large. He declared there was enough evidence to substantiate the story which Moore told, this evidence having been obtained from other sources.

Governor Glenn left tonight for Washington to leave a hearing in the case of the Standard Oil Company.
