## RALEIGH.

Educational Campaign Arouses Great Interest All Over State.

Difficulties Experienced in Attempting to Get Through Quarters. Improvement on Christian Church. Improvements and Extensions on 14 Railways in the State.

Raleigh, N. C. Aug 7.—Charters are granted to the Riverview Lumber Co., Wilmington, capital stock \$200,000, W. J. Reaves, H. D. Bright and J. H. Hedrick, stockholders and to the C. C. Morgan engineering Company of Charlotte to do Civil and Mining Engineering, develop mines, etc.

Yesterday the Christian church here, which has been remodelled and refitted was filled by a large congregation to which the pastor, Rev. Dr. A. Long, preaches. He says work is in progress on the orphanage which is at Elon College and that the contractor is erecting buildings which will provide for 100 children.

John C. Dockery it is learned stood the trip to his home at Rockingham quite well. He was able to walk down the station platform here by the help of two friends, but is yet quite weak.

Mr. Cad Scarlett, assistant Superintendent of the Southern Pacific Railway in Louisiana, arrived here today from the yellow fever district, and says he had a hard time to get through; the people are greatly wrought up in Louisiana, each parish quarantining against every other; that the people believe there are many more cases than are reported and that the disease has some time been in New Orleans. He says that the shot gun quarantine is very strict and that at the Mississippi line the entire train crew including express messenger, pullman car men, and all had to leave the train and return on another. He saw one man try to get off at a town and as soon as he struck the ground two men were right after him with shot guns. The crew which went through Mississippi had to leave the train at the Alabama line. He says that he understands that in the first two days after the yellow fever developed at Montgomery Ala., 2000 people left that city.

Today four white men, convicted of distilling in a settlement near Morrisville, this county all of them being connected with churches there and who were to serve 30 days and pay a fine, but who served 60 days in lieu of the fine, were released upon taking the poor debtor's oath.

The educational campaign is on all over the state and will be pushed with great activity during this month. It is the fourth year it has been conducted. C. H. Mebane will speak in Caswell county at Milton on the 23rd, and at another point on the 24; Superintendent F. Herr of Gaston will make three speeches in Caldwell; Editor E. E. Hilliard of the Scotland Neck paper will give a week to the work in Sampson county; Capt. John Duckett of the office of the State Superintendent is in Wilkes for a week. R. D. W. Cannon of the same office speaks in Winton county on Friday.

Col. and Mrs. A. B. Andres, their daughter, Mrs. Marks, of Montgomery, Ala., and Miss Mabel Young, daughter of Insurance Commissioner Young, are at Hot Springs, for a three weeks stay.

The Agricultural Department is almost bare of officials, all the heads of subdivisions being out in the Farmers Institute campaign, which is more successful and on a larger scale than ever before, which the Commissioner is on the ocean on his way to Europe, having sailed from Baltimore Saturday with a number of his relatives and going direct to Bremen. While in Europe he will look into some phases of the emigration question.

The round house at the Seaboard Air Line yards here is being widened so as to give room for the big engines. The increase in size of engines is very plain when in this building which only a few years ago it was thought would hold any engines the road would ever have.

Cotton continues to come in here and on the compress platform there are quantities of it. The demand for cotton by local mills is quite good. The growers appear all to be very certain that there will be good prices.

It is interesting to know that work is now in progress in this state on no less than fourteen railways. A railway official remarked the other day that it was not the big roads which were extending trackage and that the latter are now most active in developing. There has been a rumor in some quarters that the Atlantic Coast Line would take over the Raleigh and Pamlico Sound Railway and give from Springhope, its present western terminus to Raleigh, but it is said there is nothing in this statement. It was expected twenty years ago or almost that time, that the road would be built from Springhope to Raleigh and space was left for it to enter the Union station here, but the Atlantic Coast Line it was said had some kind of an arrangement with the Southern, by which there was no building this side of Springhope.

## THE STEWART SANITORIUM

Hospital on National Avenue Approaching Completion.

The institution will be modern in every particular and a godsend to our city.

The old Griffin school on the fair ground on National Avenue is rapidly assuming the requirements for a hospital and within a few weeks it will be furnished with all things needful for an institution of this character. Carpenters and masons have been busy repairing and overhauling and building and made the changes suggested by experienced hospital attendants who know what is best for a building of the kind. In addition to these changes it may also be mentioned that the hospital will be equipped with all apparatus and appliance for surgery and operations.

The location as has been stated in the Journal before is ideal. It is situated away from the noise of the downtown district which makes an advantage of no small value. The building also has the good quality of being cool in summer and warm in winter. It is very fortunate for the citizens of New Bern that such a fine institution has been put here without a great outlay of expense. As to the need of a hospital, the Journal has many times uttered longing and earnest appeals for a place where the sick and injured could receive expert treatment. We little thought two years ago when our voice was first raised in this matter that our prayer would be answered so speedily and satisfactorily. It is a part of every city as much as railroads and telephones, and the fact that so many years have passed without a hospital in New Bern is no valid argument why it should remain without one longer.

There is a disposition on the part of some people to knock this institution. They say it is merely a money making venture and that one man will receive all the benefits. For shame! Could there be a more despicable comment? Of course the owner of this property expects to get his money back. It is right that he should, but is there any one in New Bern in similar circumstances who has offered anything of the kind? Why should there be so much unpleasant comment on a necessary and humane measure from parties who may in all probability need the services of hospital treatment themselves? There are but few men who are willing to start any large enterprise for the fun of the thing, and while the hospital is to be started for the health of the community it is not the design of the owner to have it operated for his own health and nothing else. He asks nothing that is not just and proper in requiring a moderate compensation.

Let us all push the hospital for the good it may do us personally at some time or other. At any rate, stop "knocking."

**Death of Miss Daisy Moore.**  
The news of the death of Miss Daisy Moore was received here Sunday night and caused a feeling of profound sorrow in the community where she was known and beloved. The disease, hemorrhage fever, was severe from the start but hope was not really abandoned until a few hours before the end came Sunday morning at 8 o'clock.

She had gone to Swansboro about two weeks ago to visit relatives, she became sick at the home of Capt. M. E. Bloodgood and was tenderly watched and cared for by loving friends.

Miss Daisy was a young woman of rare character and ability. Being compelled to seek a livelihood at an early age, she gained for herself an enviable reputation for industry. She was faithful and constant in all her duties and took a great interest in her work and won the confidence and admiration of her employers.

By her gracious, pleasing manner she made friends of everybody with whom she came in contact. She had a lovely christian character, and exemplified the teachings of the Divine Master in her daily life.

Her funeral was held Monday morning and the interment took place in the family grave yard there.

Give the children Hollister's Rocky Mountain Tea this month. It makes them grow and gives them rosy cheeks. There is no other medicine in the world so good for the children. 35 cents, Tea or Tablets. Sold by F. S. Duffy.

## NO TONGUE CAN TELL SUFFERING

From Itching and Bleeding Eczema—Pain Terrible—Body and Face Covered with Sores—Doctors and Medicines Failed.

## ANOTHER WONDERFUL CURE BY CUTICURA

"No tongue can tell how I suffered for five years with itching and bleeding eczema, until I was cured by the Cuticura Remedies, and I am so grateful I want the world to know, for what helped me will help others. My body and face were covered with sores. One day it would seem to be better, and then break out again with the most terrible pain and itching. I have been sick several times, but never in my life did I experience such awful suffering as with this eczema. I had made up my mind that death was near at hand, and I longed for that time when I would be at rest. I had tried many different doctors and medicines without success, and my mother brought me the Cuticura Remedies, insisting that I try them. I began to feel better after the first bath with Cuticura Soap, and one application of Cuticura Ointment. I continued with the Soap and Ointment, and have taken four bottles of Cuticura Resolvent, and consider myself well. Any person having any doubt about this wonderful cure by the Cuticura Remedies can write to my address, Mrs. Altie Etson, Bellevue, Mich."

## ITCHING ECZEMA And All Other Itching and Scaly Eruptions Cured by Cuticura.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of scalp, as in scalded head; all demand a remedy of almost superhuman virtues to successfully cope with them. The Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Puter Bros., 120 North Street, Boston, Sole Proprietors. Get Brand for "E-Z-C-U-R-A."
