## A STEP FORWARD

### Permanent Quarters for Merchants Association.

### Fiat Building to be Remodeled and Used for Commercial and Residence Purposes.

### Raleigh Chamber of Commerce to Re-organize. Appeal for Prison Bounds

Raleigh, N. C., August 16.—The Raleigh Merchants Association took a decided step forward last night when they passed an order for a charter to be procured from the State, and permanent quarters in the business section of the city were rented with the understanding that the place will be kept open, a salaried officer being kept for the purpose. A rating of the consumers will be made up at once similar to that of the merchants issued by the mercantile agencies.

Dr. Norwood G. Carroll and wife, Dr. Delia Dixon-Carroll who, by the way is a sister of Tom Dixon, the famous author and minister, have purchased a three story building on Fayetteville street near the Capitol and will remodel it and provide handsome office and residence quarters on the second and third stories. The first floor to be retained by the Ellington Art store. Dr. Delia Dixon-Carroll, the only lady physician in Raleigh, has built up quite a large practice.

The work of remodeling the old Park Hotel as a hotel for tourists is to be resumed now and pushed to completion so that it will be ready for the travelers this winter. The prices will be higher than those charged by the Yarrowborough, both being under the same management.

The Raleigh Chamber of Commerce will reorganize within the next few days with 150 members, the annual dues being changed from \$5 to \$10 per year. They are in conjunction with the Industrial Club, formed recently, by the younger business men of the city, purpose to inaugurate a new era of business activity.

The appeal for prison bounds to be allowed the prisoners, J. Rowan Rogers and J. P. Sorrell, serving six months for embezzlement in the Gattis vs Kilgo case, is the first that has ever come to a Governor of this State. The last man who ever had "prison bounds" privileges in Raleigh was the late Jas Miller who was sentenced to 30 days in jail, and \$2,000 fine for gambling. The confinement is telling very much on both Sorrell and Rogers, who is an ex-Sheriff of the county.

### I. O. O. F.

Members of Calumet Encampment No. 4, I. O. O. F., are earnestly requested to attend a meeting of the Camp this Thursday evening at 8 o'clock Business of importance to be transacted.

### THE FEVER'S COURSE

### Last Evening's Report of The Condition of The Epidemic.

New Orleans, August 16.—The second death above Canal street occurred yesterday that of Wier Daspil, a prominent citizen. The cases above Canal street continues to be traced to down town infection. Last night's report says:

Deaths 6  
New cases 62  
New foci 19  
Total deaths 172.  
Total cases 1,080.  
Total foci 229.  
Under treatment 334.

Regulates the stomach and bowels, heals and soothes the little ones' stomachs and gives them a healthful and natural sleep. Hollister's Rocky Mountain Tea is the children's benefactor. 35 cents For sale by F. S. Duffy.

### In Memoriam.

Pauline, the daughter of J. D. and Edna Marshburn died of diphtheria at her home in Gum Branch, Friday August 4 after a brief sickness at the age of ten years and three months. She was a sweet spirited child full of hope and cheer in whom her parents had placed so much of hope and comfort. A sweet flower that blossomed but to be cut down by the reaper whose name is death has left a home desolate and loving hearts in dire despair.  
"So the sun withdrew its ray  
Clouded grew the beaming day  
Ever thus hope fades away."

### Notice to Shippers.

Persons having goods to ship via the P. O. & W. Railway will take notice that no freight will be received for shipment later than 3 o'clock p. m.

### Danger Not Great

New York, August 15.—The Tribune publishes letters from New Orleans business men making light of the yellow fever situation. One says: "We have as yet not reached the epidemic stage of yellow fever, as an epidemic cannot be declared until the deaths of one disease exceeds the deaths of all other diseases combined. The disease is in only one section of the city, the lower part known as the French market. The United States marine hospital service has surrounded this section and is fumigating it." Another letter says: "Conditions here do not warrant one looking for sympathy. The situation is not at all serious and disastrous as reported by the press outside the city. The only inconvenience we experience is making shipments to points in sister States."

Charles S. Clark, a paper manufacturer of the city who returned from New Orleans last night says the fever has little effect on business. He is impressed with the evidences of the prosperity of New Orleans. During periods of epidemics he had been to that city in former visits when it was almost deserted.

Don't wait until your blood is impoverished and you are sick and ailing, but take Hollister's Rocky Mountain Tea. It will positively drive out all impurities. 35 cents, Tea or Tablets. For sale by F. S. Duffy.

### Pace Not In Sight

Portsmouth, August 16.—The peace conference immediately took up articles. One, two, three, four and five have been disposed of, and are agreed to have caused considerable surprise. One was as to Corea, and two the evacuation of Manchuria, third is believed to be the cession of Liaotung Peninsula to the Japanese; fourth, mutual obligations to respect the territorial and administrative integrity of China and the principle of the "open door." Fifth, The surrender of the Russian bases to the Liao Tung Peninsula, including Port Arthur, Dally and the Blonde and Elliott Islands.

Portsmouth August 16.—The conference reassembled this morning. Peace has one chance in a thousand is the opinion of an important member of the Russian suite and even that chance is considered very small.

Cures dizzy spells, tired feeling stomach, kidney and liver troubles. Makes you well and keeps you well. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. For sale by F. S. Duffy.

### Card of Thanks.

The management of the North Carolina Supplements desire to return their most earnest thanks to each and all who have aided in any manner in making possible this tribute to the grand heroism of North Carolina's devoted daughters. To name all such, and to thank them individually and by name would be impossible, but in every department of the work we have had the most cordial and valuable assistance of the good people of North Carolina.

But one we can name, the able editor who has gathered, arranged, and edited the mass of valued incidents. To Miss Mamie Bays, of Charlotte, N. C., is due the literary success of the publication, and its great intrinsic value will ever stand as a mark of her skill, judgment and devotion to the sacred memories of a hallowed past.

### Diamonds—Six Reasons Why You Ought to Buy Them.

(1) They are beautiful. (2) They're indestructible. (3) The prestige they give to the wearer. (4) Their constant increase in value. (5) Their salubriousness. (6) Their safety as an investment. A reason why you ought to buy them here.—Because our present stock was bought so reasonably that we can well afford to sell diamonds at lower figures than our competitors—and fine diamonds, every one of them. Come and see if this statement isn't a true fact.—  
J. O. Baxter,  
Leading Jeweler.

### Hair-Ornaments Are Effective Head-Dress.

Lines and curves are all that a great artist uses in his painting; when the proper line or curve is executed in hair combs (side or back) they are very effective in beauty of ornamentation. J. O. Baxter, the leading jeweler shows a large assortment of just the right style to suit each one. From 10 cents to the 12 dollar gold tiara.

Real Fireproof Scenery.  
Theatrical scenery that is actual; fireproof—not painted canvas drape; with some chemical, but scenery whose substance is a non-combustible substance—is now in use in Paris and is described at length in La Nature by M. Georges Vitoux. Apparently it is simple and practical, and the hope is expressed that, like the pins which save people's lives "by not swallowing them," our present fire trap scenery will shortly perform a service to the public by putting itself out of harm's way.
