rshal Dockery to Go North to

Raleigh, Aug. 24.—Sunday U. S.

Raleigh, Aug. 24.—Sunday U. S. Marshal H. C. Dockery goes ito Put In Bay Lake Erie, to attend the special session of the supreme representatives in the innumber, of the Royal Areanum. This order has 3750 members in North Carolina, and 316,000 in the United States, these carrying six hundred and eighty millions of insurance. The other representative from North Carolina is H. Taylor Rogers of Asheville. Under a new regulation, adopted at the last meeting the rates were materially increased on the older members and this special session is to see whether there shall be a revisal. The executive committee called in two netuaries of National reputation and after two years conference, at a cost of \$20,000 made a tabulation, on a scientific basis, intended to perpetuate the order. The rates were so high upon the older members that they raised a howl. It is not known by Mr. Dockery whether the action taken will be reconsidered or not. He opposed the increase, being one of the seven members who did so and was the only one who spoke against it. Whatever he does, he says will be for the best interest of the Order and in justice to the older members Mrs. Dockery, Miss Nettie Dockery and Miss Bessie Everett accompany Mr. Dockery to Put In Bay.

BETTER AT NEW ORLEANS

New Orleans, August 24.—The situation apparently improved yestorday in
the city, but is worse in the State.
There were only five doaths and 10 new

were discovered in other parishes.
There was a steady increase in Hanson
City and St. Charles parish. The governors of Alahama and Louisiana
threaten to become engaged in a controversy because Louisianians are not
permitted to pass through Alahama
unless they spead seven days in detention.

It will be remembered that a few years ago the City of Bern, Switzerland gresented to this city, a handsome silk flag, which is now displayed at the city hall. Mr. John B. Ploda, then the Swisii minister to the United States, was delegated to bear the flag here and make the presentation. While on his visit to New Bern, he made a fine impression and is pleasantly remembered.

Lately an illustrated souvenir booklet was published by Mrs. Etmas H. Powall, a copy of which Mayor Patterson mailed to the Mayor of Bern. Mr. W. H. Ollyer ulso mailed a copy to Mr. Picda who is now the Swiss minister to Rome. The following acknowledgements have been recived by the two jentlement:

CAME NEAR DYING

From an Awful Skin Humour Scratched Till Blood Ran, Wasted to Skeleton,

CURED BY CUTICURA

One Application Soothed Him to Sleep. Cure Speedy and Permanent.

"When my little boy was three nonths old his head broke out with a months old his head broke out with a reah, which was very itchy and ran considerable watery fluid. We tried everything we could, but he got worse all the time till it spread to his arms, legs, and then to his entire body, and he came near dying. It itched so he would scratch till the blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to keep him from tearing his akin. He got so weak he took fainting spells and we would think him dying. He was almost a skeleton and his little hands were thin like claws.

"He was bad about eight months when we tried Cuticura. I had not laid him down in his cradle in the daytime for a long time. He had got so that he just slept in our arms all the time.

INSTANT RELIEF

"I washed him with Cuticura Scap and put on one application of Cuticura Ointment and he was so soothed that I put him in the cradle. You don't know how glad I felt when he felt better. It took one box of Cuticura Ointment, pretty near one cake of Cuticura Scap, and about half a bottle of Cuticura Resolvent, to cure. I think he would have died only for the Cuticura."

Noreturn in 14 years: Mrs. Maitland writes, under date of Feb. 24, 1903: "It affords me pleasure to inform you that it is fourteen years since my boy was cured of the terrible akin disease. He has been permanently cured and is hearty and strong."
