BIG PROFITS

So Reported of Atlantic Hotel for Season.

More Dormitory Room for Veterans. Death of H. S. Doxoe at Ocracoke. Loss of Billings Brandy Eastern Carolina. No Confederate Reunion.

Raleigh, Sept. 2.—The Atlantic Hotel at Morehead City had a very profitable season, its net profits having been \$3,250, it stands third in point of profit of all the seasons since the hotel was opened in 1880.

The completion next week of the additional dormitory room at the Soldiers Home with provision for 40 more inmates will take quite a strain from the shoulders of the officials who have long been burdened with applications.

The steel for the bridge across the Cape Fear River at Lillington on the Raleigh and Southport railway is arriving and in 60 days the bridge will be completed President Mills says. That road is doing a remarkable amount of business, receipts from passenger traffic during August being about \$2,100.

A letter to your correspondent from Mr. Hale, inspector of the Life Saving Stations along the North Carolina Coast, tells of the death from apoplexy of Mr. H. S. Doxoe, of Ocracoke. He had a very large plant there which manufactured clam juice, and other clam products which were shipped to all the world. He was a New Yorker and his three sons will continue the business. His body was taken to his former home at Islip, N. Y.

The revenue men say that there was never so little fruit in their collection in Eastern North Carolina and as a result there are fewer brandy distilleries than ever before. Some of them say that coppernong grapes make better brandy than apples, and that it is probable that there will be some distillation of these grapes this year.

There is no reunion of the Confederate Veterans in this state this year, but the annual convention, at which officers will be elected will be held as usual during the State fair.

A NIGHT WITH THE STARS.

The Opening of New Masonic Opera House Will be One of Extraordinary Scintillation.

The New Masonic Opera House will be opened for the season tomorrow night with a vaudeville performance of more than usual merit, in fact there is no other show on the road that can boast of the distinguished artists who appear under the name of the International Vaudeville Co.

Robert Grau, of the Klaw & Erlanger Co. has completed the southern route to be taken by this company designating New Bern for the opening of their engagement. They come here direct from the big theatres of New York. Contemplate these names and anyone acquainted with theatrical matters will see that the people who will appear tomorrow night are top notchers and are not only known to theatre goers but have occupied considerable space in the newspapers first and last. They are May Yobe and Putnam Bradlee Strong, Flo Irwin, James Thornton, Bonnie Thornton, Walter Hawley, Albert Casey, Malar sisters, and Mahoney Lake.

Each one of these artists has a big reputation. The leaders May Yobe and Capt. Strong have been in the public eye ever since they refused to be Lady Hope, choosing rather the fascinating life of the foot-lights than the dull and monotonous existence with an impudent member of nobility. Her eloquent and easy ways are fresh in the minds of the reading public. Flo Irwin, a sister of May Irwin, the greatest singer of comic songs on the stage is a worthy sister and has a nice little bunch of fans so her own account. James and Bonnie Thornton are both celebrated exponents of high class comedy having recently gone over from comedy to vaudeville for a change.

Space prevents making further mention and we will simply say that the whole company is an aggregation of accomplished artists and will produce a show the like of which has never been seen here.

Launch Party.

Mr. Clarence Crayton gave a delightful sail on his launch, *Bessie Scott*, Friday afternoon, complimentary to Miss Gertrude Bryan and Hallie Jackson, who are visiting Mrs. D. L. Roberts.

The First Venison.

The first venison of the season is at the Coast Line Market, the animals are three large bucks and a doe which were killed in Carteret county.

Letter to Edw. Berry.

New Bern, N. C.

Dear Sir: People ask how many square feet a gallon will cover. Depends on condition of building.

There is a great deal of lying on this point. The stock claim of lying paints is 300 square feet, two coats. It's a lie, as a rule.

Devoe covers 300 to 500, our agents think. We think 300 too low and 500 too high; though doubtless, they both occur.

How much the other paints cover is equally doubtful; we guess 100 to 400.

The truth is found in another comparison. Devoe is all paint, true paint strong paint, and full-measure; the others in general are, at the best, diluted, adulterated and short-measure. They cover according to body and measure. You can't paint with clay lime chalk sand barytes water or air—no body in them. Go by Devoe.

Yours truly,
F. W. Devoe & Co.

Two Burglars Caught.

John Smith and Aaron Bell, two negroes, were given a preliminary hearing before Mayor Patterson Saturday on the charge of housebreaking, they being two of the four who broke into Mr. C. L. Ives' residence and pilloaged it.

Smith is nearly a grown man, of a heavy brutal cast of features, and when arrested was wearing a suit of Mr. Ives' clothing, having left his old duds at the residence broken into.

A stone about the size of a man's fist, and which was very slick, as though worn so by being carried, was found on the bureau, which indicated that the negroes intended to defend themselves, if they were molested during their operations.

It is said that Smith is wanted at Clarke for a crime of a revolting nature. Bell is a young boy who has figured in several burglaries and thefts. On account of his youth he has been let off on various occasions, his parents administering a severe thrashing on each occasion, but punishment seems to make him worse. He has the making of a thorough criminal in him and will no doubt and his days in the penitentiary are not far off.

Smith pled guilty to the charge which had denied having anything to do with it. Both were remanded to jail in default of \$250 bail which was required of each for appearance at court.

Port Party.

One of the most enjoyable parties of the summer season was the porch party which seems to be much in favor now. Friday evening, given by Miss Kathryn Street complimentary to her friends who will leave for their respective colleges in a few days.

The party was given on the spacious porch of her home on Johnson street. The feature of the evening was a drawing contest in which each guest was to draw a likeness of the one whose name was written on a card and presented to each. A few minutes of silence reigned during which the master hand of each depicted the caricature so to speak, of the one whose name was on their card. Much merriment was caused when the portrait of each guest was displayed. Mr. Chas. Wyatt proved to be the most talented artist and received the prize, a silver stamp box. Music added much to the evening. Several solos were rendered by the guests.

The invited guests were Lily Groves with Walter Watson, Myrtle Dineaway with Owen Dunn, Fannie Green with Bayard Whitehurst, Mabel Green with John Patterson, Mary Rice with John Green, Henrietta Hancock with Chas. Wyatt, Sarah Meadows with Tom Williams, Mimmie Richardson with Ed Meadows, Amy Guion with Ralph Smith, Elizabeth Clark with Paul Rawlings, and Marcus Dill, George Dunn, Mitchell Rountree.

NEGRO BOY DROWNED.

Falls Overboard From Launch Annie While in Trent River. Body Not Found.

Dan Smith, colored, the twelve year old son of Luke Smith, was drowned Friday night at a place on Trent river, five and one-half miles from New Bern. Luke Smith was working on a raft of logs, towing them down the river to the Elm City Lumber Company's plant and the raft was in charge of Mr. Linus Sutton, who was in his gasoline launch "Annie," accompanied by his brother. At a place known as the "seven mile tree" the propeller of Sutton's boat became filled with grass and he got the assistance of Dan Smith to get the obstruction out, Smith going from his father's boat to Sutton's, and after the boat had been cleared the boy laid down in the bottom of the boat and went to sleep. About two hours later the boy arose and in a half asleep or dazed manner he sat on the gunwale. The boat is constructed so that it will tip very easily, and it is believed that in his sleepy condition he lost his balance when the boat tipped. Smith sank immediately and the boats which were going very slow were stopped and a search was made but without success. The boy could not swim and it is thought that he did not rise to the surface as every available means was used to get him. The body has not been recovered. No blame is attached to Mr. Sutton, as there was no carelessness or negligence.
