## COURT DIFFERED.

Although Evidence Seemed That Wright Proved Alibi.

Wright, The Alleged Lyncher, Given Hearing At Kinston. Convicted by His Drunk on Talk. Judge Jones Holds Him Peculiar Trial The Evidence.

Kinston, N. C., Sept. 9th.—The preliminary examination of W. D. Wright arrested on the charge of implication in the lynching of the negro Moore at New Bern, August 27th, was heard here by Judge E. B. Jones, last night. The trial had been appointed for Saturday morning at 9 o'clock but by consent of Wright and the State and for the convenience the case was taken up Friday night. The witnesses were examined and the Judge reserved judgment until Saturday morning.

Wright claims Richmond as his home, and has been doing some work in New Bern as a millwright and went to Kinston Tuesday morning after the lynching. Arriving at Kinston, he immediately tanked up and went to talking through his hat, maybe, but thereby hangs a tale.

Wright was arrested upon the affidavits of several persons with whom he conversed in Kinston, one, the chief of police.

A bench warrant was issued and the case was called to Snow Hill where Judge E. B. Jones was holding court. Wright denied ever making any statement about the occurrence, saying, if he did, he did not remember it, and the case was continued until Saturday, which was changed to Friday night as heretofore stated, the Judge acting as a trial magistrate.

The first witness put upon the stand was Mr. J. W. Biddle, sheriff of Craven county, whose testimony as taken by the court follows:

Sheriff Biddle, being sworn said: "Am sheriff of Craven county, I had committed to my custody one John Moore in Craven county, Next day (Aug. 28th) a trial of Moore was held before Justice W. R. Barrington in the court house at New Bern. At trial Moore was committed to jail in default of bail. Sunday morning about 1:30 o'clock, Moore was taken from jail by a mob and carried to Neuse river bridge and shot and hanged. I was near the jail on sidewalk going towards jail and was stopped by three men who presented pistols stopping me, I was then about forty-five feet from jail. I did not know any one of the men who had me up. They had handkerchiefs tied across their faces. I asked them what they were doing? They made no reply I said 'men you have come here to lynch that negro, you ought to be ashamed of yourselves, that woman will not die. They asked me for keys, I told them I had no keys. I then handed them the court house keys. They said they did not want them and handed them back. Then someone said Williams, the jailer, had the keys. They pressed on him and he threw up his hands. I started towards him and then men pointed pistols at my breast. I said, take pistols from my breast. Man said, he would not kill me, thought too much of me. Crowd rushed in jail, then came out with negro. The mayor got the body back. Dr. Jones, the coroner, said 14 or 15 shots were fired into the body. The men that held me up, I never saw before. Forty or fifty men in crowd.

The following evidence furnished by chief of police J. M. Rowland, who on cross examination said that the man Wright was very drunk, is given as taken down by the court:

"He had known Wright since Tuesday night week. Wright met him on street about 11 o'clock at night. Said he was from the 'red light district.' Said he had come from New Bern a few nights ago, showed piece of rope and said that did the work (referring to lynching), said that he held Sheriff Biddle up with pistol and advised him not to go any further, if he did that there were men behind trees that would fill him full of lead. Wright also stated that he was not marked. Asked Wright if he had anything to do with lynching, answered that he 'never went any further' presumed that he stopped at place he held up Sheriff.

Rowland gave other evidence of what Wright said that has become a matter of record, such as the number of shots in the body and so on. He further stated that the New Bern officers were after him Monday morning and that he had the city.

Several other witnesses testified that they had conversations with Wright who seemed to want to discuss the lynching affair, but saying that he was drunk they would not meetings him at all.

Witness Row and Rowland testified that they had conversations with Wright who seemed to want to discuss the lynching affair, but saying that he was drunk they would not meetings him at all.

gation by the grand jury and so bound Wright over to November term.

Mr. Shaw for the respondent, arose and did to his honor that the State had failed completely to show anything to connect the respondent with the lynching. That everything in evidence simply showed a 'drunken man' trying to appear a hero. However, as further clinch their case, they would introduce testimony to prove an alibi.

Mr. N. Arpen, a bridge tender for county bridge over Trent river at New Bern and lives in a house built over the water near James City side, two miles from some of lynching. Wright boarded with me and my wife. Have known him three months. Respondent came home night of lynching between 8 and 9 o'clock and went to bed at 9. Was there next morning when I got up. He then described the plan of the house and Wright's room and his. Am light sleeper and would most certainly have heard respondent had he got up in the night and left the house. Also know him to be a man who makes 'unreliable statements when he is drunk. Told me once when drunk that President Roosevelt had been assassinated. Didn't pay any attention to it.

Mrs. Arpen corroborated statements of her husband and said that when she saw Wright next morning after lynching, looked all right, as if refreshed from whole night's sleep.

Mr. Joseph Stallings: Keep an ice house at entrance to Trent river bridge. Saw Wright go home between 8 and 9 o'clock and did not see him come out any more, though I stayed at my place 'till about midnight.

The judgment was that Wright be held for \$500, justified bond for appearance at November term of the Superior court of Lenoir county. Wright is in jail now at Kinston in default of bond.

Letter to D. F. Jarvis.

New Bern, N. C.

Dear Sir—"It costs as much to put on poor paint as good"—a common saying and true—it costs much more to put on poor paint; more gallons.

Poor paint is paint and barytes or paint and sand or paint and lime or paint and chalk or paint and benzine or paint and water; these are the usual cheats; there are others.

It takes more gallons of paint-and-cheat than of honest paint; and the cost of the labor of painting is so much a gallon—one gallon costs as much as another, for labor.

This is the way to reckon your costs for this year; but how about next year? Paint Devoe, and next year cost nothing; year after next the same; the same for several years.

Paint anything else, and your cost recede according to what you paint with. Some of the mixtures wear one year; some two; some three.

It costs twice, three times, four times, five times, as much to paint with a cheat-as to paint with Devoe.

Yours truly  
F. W. Devoe & Co.

Next Monday Music Class.

The Misses Wyatt will open their music classes, in this city, next Monday September 11th, at 153 Middle St. The following as to their musical standing of the Misses Wyatt is of importance:

TO THE PEOPLE OF NEW BERN.

I take this opportunity to recommend to those who desire to secure competent teachers of piano and violin the Misses Bessie and Jessie Wyatt.

Miss Bessie Wyatt has taken both the certificate and the full diploma course in piano playing, and has had several years successful experience as a teacher in some of the prominent schools in the State.

Miss Jessie Wyatt also took a teachers certificate in the violin department and has had experience as a teacher.

They are deserving of confidence and patronage.

Very respectfully,  
GILMORE WARD BRYANT,  
Director Southern Conservatory of Music.

Directors Accept Proposition From New Contractor to Take up the Railroad Work

At a meeting of the directors of the Pamlico, Oriental and Western Railroad Company, held in this city, yesterday, a proposition was presented to them by Col. W. B. Rodman, representing the Virginia and Carolina Coast Railroad Company, which after due deliberation was accepted by the directors of the P. O. & W.

The proposition briefly stated is, that the Virginia and Carolina Coast people will take off the hands of the present contractor of the P. O. & W., Mr. James A. Bryan, all existing work and contracts in force or pending for the completion of the road already built, and to construct the proposed extensions to Oriental and Goose Creek Islands.

The directors felt that while the road was prospering and going ahead under the present contractor, Mr. Bryan, yet that the company making the proposition through Col. Rodman, was one which would more quickly construct the road, as it is a company of railroad people, possessing ample means, and prepared to push to completion at once both the main line and extensions of the P. O. & W., and this means many advantages to the people and section through which the road is to be built, and also will bring more business to this city.

The vote to accept, was unanimous on the part of the directors who felt convinced that their action means many advantages, and is for the best interest of those who are in any way connected with this railroad property!

The Woman's Club

Quite an interesting and profitable meeting of the Child's Study Department was held last Tuesday morning. Business of importance was transacted and the great need of having physical culture taught in the Graded School was forcibly argued. It is greatly to be hoped the trustees will uphold the ladies bravely in this, and make an effort to carry out this most excellent idea.

Instructive papers were read, after which there was a meeting of the Executive Board. Several new members were received. Mrs. W. P. M. Bryan was elected corresponding secretary. Mrs. Hughes Holland auditor. Constitution and by-laws read and adopted. New departments were organized, and other business completed. Of course it is understood that each lady can choose her own department, and it is a fact worthy of mention, that each department is composed of ladies fully equipped to carry on the work of her choice.
