GREAT INTEREST
In Coming Visit of President and Mrs. Roosevelt -

Mosquito Carries Fever Germs. Mad Cow On Street. Orders by Postal Card For Sheriff. Veterans Dormitory. Speculator Sully Talks Fourteen cent Cotton.

Raleigh, Oct. 10.—Very great pleasure is expressed here at the news that Mrs Roosevelt will accompany the President to Raleigh and to other points in the South. Never was so much interest shown in the visit of any person to Raleigh as is exhibited as regards the coming of the president. The one desire is that there shall be rain before he comes, but the prospects for it are faint indeed, the weather bureau having given up in despair. A few of the old weather prophets who pin their faith on the moon say that it changes on the 14th and that then there will be rain.

Dr. Richard H. Lewis, secretary of the State Board of Health, has returned from Boston, where he attended the annual meeting of the American Public Health Association, which embraces the United States, Canada and Mexico. Dr. Lewis has been elected a vice-president of this great health organization, the largest in the world. He heard a brilliant address on yellow fever by Dr. John Guiteras of Havana, Cuba, who said splendid work was being done at New Orleans in the fight against yellow fever. It is shown beyond any question that the disease is carried by the mosquito, and this is now settled without any shadow of doubt.

In north Raleigh this morning there was a great commotion. Telephone messages were sent to the police that a cow had gone mad and was attacking everybody in reach. The animal broke out of a lot and took to the street tossing one woman and pursuing several children. The people turned out armed and the wild beast was shot and killed. It is thought that the cow had been bitten by a mad dog.

The sheriff of this county received a very strange letter today and also a postal card, both from Halifax, this State, requesting him to arrest and hold some gypsies, who came here several days ago and are in camp in the woods not far from the State Fair Grounds. The letter said: "Ketch 4 hex of dark skin people. They are high Raleigh camp, to identify a woman and new born babe. I will appear to High Sheriff, a detective. Run away from hear, Hally. The sheriff could not understand these epistles.

The final work is being done at the Soldier's Home in fitting up the second floor of the new dormitory, where 16 rooms are almost ready for use. These are to be furnished by various chapters of the United Daughters of the Confederacy. Supt. Brooks says that the following chapters are fitting rooms to have them assigned to them: Chicora of Dunn; Lumburg and Confederate Grove of Mt. Olive. No doubt other chapters will speedily be heard from.

In the State Museum a number of large and very handsome transparencies are being placed in the windows, illustrating mining and other industrial scenes in various parts of the State.

The County Superintendents of Education of 3-counties, Brunswick, Surry and Iredell have failed to make their reports to the State Superintendent and as a result no figures can be prepared for the public as to results of the year's educational work.

At noon today Daniel J. Sully of New York, who is at the head of "Ball" movement in cotton, delivered an address before the farmers and business men. A great many people called on him while here and he talked very freely. He predicts 14 cent cotton, if the farmers will only hold on to it. A great many of the small farmers are selling.

Don't let the children suffer. If they are fretful, peevish and cross, give them Hollister's Rocky Mountain Tea. The best baby tonic known. Strength and health follow its use. 35 cents. For sale by F. S. Duffy.

Teachers Examination.
The regular fall examination for teachers' certificates will be held Thursday and Friday of this week October 12th and 13th.

Examination of white teachers will be held Thursday and colored teachers Friday.

Announcement of places will be found in Thursday's paper and can be learned at office of County Super.

PHILLIES WIN SECOND

By Same Score As They Lost First Game
Special to Journal.
New York, Oct. 10.—Before a crowd of thirty-six thousand, the Athletics, American League, defeated New York Nationals, shutting out the home team.

McGinnity and Ames pitched for New York, while Bender was in the box for the Phillies.

Score was, Phillies 3 runs, 6 hits; New York, runs 0, hits 4.

This makes one game for each club. Tomorrow's game will be played in Philadelphia.

Cleanse your system of all impurities Now is the time to take Hollister's Rocky Mountain Tea. It will make you well and keep you well. 35 cents, Tea or Tablets. For sale by F. S. Duffy.

Superior Court Transactions.
Superior court convened yesterday for trial of civil cases. Two divorce cases were tried:
Mosley vs Mosley and Pearce vs Pearce.

The case of C. E. Foy vs the Norfolk & Southern Co. for damages on cotton, judgment was rendered in favor of plaintiff.

Why suffer with tiredness, wear, cross feeling, no strength, no appetite? Hollister's Rocky Mountain Tea will make you well and keep you well. 35 cents, Tea or Tablets. For sale by F. S. Duffy.

A NEW CHINA STORE.
Many Beautiful Designs in Crockery and Glass Ware to be Seen at the Waters China Store.

The Waters China Store in the Hahn building opposite the postoffice is now open and ready for business. They have in stock some very handsome designs in artistic china, glass ware, small ware kitchen furniture and a line of goods that every household needs. They make a specialty of Japanese goods and have some very pretty things to offer to the public. They keep in stock a line of the popular Van Tyne goods which housekeepers recognize as very select.

They propose to sell for cash only; thereby being in a position to give their customers the benefit of close profits. By adopting this plan at the outset of their business they are enabled to sell goods same as sold elsewhere at a higher price for less money. They extend a cordial invitation to all to step in and examine their stock and they believe that the goods and prices will be of interest to everyone.

Origin of the Metric System.
Some very interesting facts have been collected about the foot, the most widely used measure of length in modern times. The measure is derived from the length of the human foot, but apparently has varied more than that portion of the skeleton can possibly have done in historic times. The ancient Welsh foot, for instance, was nine inches long, whereas the Piedmont foot was twenty inches. In modern times it has varied from the Spanish foot, of less than eleven inches, to the Venice foot, of more than thirteen inches. Almost every country has used a foot measure of a different length. It was this confusion which led the French to devise the metric system.

Bankipur's Grain Golah.
A curious instance of the magnificence of eastern ideas and admiration for things that are large is the grain "golah" to be seen at Bankipur, in Bengal, India. It was built as a granary in 1783, but never used as such. Its walls are of masonry twelve feet in thickness, and it stands ninety feet high, with a circumference of forty-three feet at the base, and would contain about 150,000 tons of grain. Access to the interior is obtained by a staircase on the outside leading to a platform on the top, where there is a stone placed in the center, which can be removed. Now it is perhaps the finest whispering gallery in the world.

Sully in Goldsboro
On Oct. 11, 1905, Mr. D. J. Sully, the cotton king, will speak at the Opera House in Goldsboro, N. C. at 2 p. m. In order to induce the attendance of the cotton growers and business men of this section the A. & N. C. Co. will sell round trip tickets to Goldsboro on this date, good returning Oct. 12th at very low rates. The rate from New Bern for the round trip will be \$1.25.

R. E. L. BUNCH, T. M.

A Card
Our new and permanent headquarters on Craven street, (Dunlop's old stand) bearing completion, I take pleasure in announcing that I have secured my office in same, where I will be pleased to entertain and accommodate my many friends, customers, and the general public. Thanking all for past patronage, extremely soliciting a continuance of same, I am

Very respectfully,
W. S. BRIDLEY

Drunkenness

Physicians pronounce drunkenness a disease of the nervous system. No "will power" can heal the stomach membranes which have been burned and seared by alcohol.

ORRINE
Cures Whiskey and Beer Habit
ORRINE removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal condition, improving the appetite and restoring the health. No sanitarium treatment or publicity.
To cure without patient's knowledge, buy ORRINE No. 1; for voluntary treatment, buy ORRINE No. 2. Price \$1 per box.
Cure Effected or Money Refunded
A registered guarantee in each box. Book on "Drunkenness" (sealed) mailed free on request. All correspondence confidential. ORRINE mailed sealed on receipt of price by the ORRINE CO., Inc., Washington, D. C., or add by
