## FOR THE FAIR

Various Completing Preparations  
Being Made.

Major Graham Appointed to State Board of  
Agriculture. Cotton Receipts. Heavy  
Frost. Clay Pigeon Shoot. Audu-  
bon Game Enforced. Oratori-  
cal Contest.

Raleigh, Oct. 13.—Major William A.  
Graham, of Maspeloh, Lincoln county,  
is appointed a member of the State  
Board of Agriculture, to succeed the  
late Mr. Wilfong, who died about a  
fortnight ago. Major Graham has had  
much experience as a member of this  
board.

At the State Fair Grounds a very  
great amount of work is being done  
now. Extra precautions are being  
taken to handle the great crowds and  
provide for their safety. The railway  
track is being enclosed by a high and  
strong wire fence. The street railway  
people will run 20 cars between the  
city and the fair grounds. The road-  
way between the city and the grounds  
is being put in perfect shape by a  
course of county convicts. The camp  
which will be occupied by the 16 com-  
panies of the National Guard which will  
be here is being prepared on the golf  
links between the city and the grounds.  
The grandstand is completed and pre-  
sents a very attractive appearance,  
with its big red roof of metal. All the  
buildings are being re-painted and  
scores of temporary structures are going  
up, within and without the grounds.

Mayor Johnson of Raleigh has  
provided for extensive police protection.  
Five detectives, in plain clothes, will  
be here from New York, Washington, Nor-  
folk, Richmond etc., in order to pick up  
crooks on sight. There will be 33 special  
police from the city and 8 will come  
here from other towns for duty during  
the week.

The receipts of cotton here in Raleigh  
this season to date are 3,972 bales,  
while to the same date last year they  
were 4,298. They have decreased very  
greatly during the past week, owing to  
the holding by growers, as the week's  
receipts were only 264 while three weeks  
before they were 1119.

There was a heavy frost this morn-  
ing, on highland and lowland alike, but  
it did no damage except to the tender-  
est vegetation.

Very hard work is being done to get  
in the cotton crop, but there is a very  
great difference in the appearance of  
the fields, since some are really clean  
picked, while others seem hardly to  
have been touched.

The Secretary of the U. S. Treasury  
has been requested by Revenue Col-  
lector, Carl Duncan, the custodian of  
the Postoffice here, to be allowed to  
decorate that building next week, in  
congratulation to the President. It is  
against the regulations to decorate it  
without such permission.

Next week there will be a very in-  
teresting contest at clay pigeons, at  
the State Fair Grounds, in which am-  
ateur shots from this State and Virginia  
will contest. There will be experts  
from all over the country. The prizes  
will amount to \$200, a day. A valuable  
prize is a silver loving-cup, the gift of  
the Lafin and Rand Powder Company,  
to be awarded to the highest am-  
ateur.

On Friday night of the State Fair,  
there will be an oratorical contest at  
the Agricultural & Mechanical College,  
open to all the colleges.

The Audubon Game Law has been re-  
markably well observed and enforced  
during the present year. The game  
outlook is excellent. There are many  
partridges, in all the sections.

Don't let the children suffer. If they  
are fretful, peevish and cross, give  
them Hollister's Rocky Mountain Tea.  
The best baby tonic known. Strength  
and health follow its use. 25 cents.  
For sale by F. S. Duffy.

## Captain Manly Honored.

Special to Journal.

Goldboro, N. C., Oct. 13.—Captain  
Matt Manly, Treasurer of the Atlantic  
& North Carolina Company, has been  
offered the position of Chief Disburs-  
ing Officer of the Panama Canal Com-  
mission for service on the Isthmus.

The tender of this place, unsought, is  
a very great compliment to Captain  
Manly and the salary named is a very  
attractive one. Captain Manly has the  
matter under consideration for several  
days and last week made a trip to  
Washington to consult with Mr. E. S.  
Benson, Auditor of the Commission,  
regarding the duties of the office and  
health conditions in Panama. It will be  
pleasant news to Capt. Manly's many  
friends here and elsewhere throughout  
the State to learn that he yesterday  
reached a decision, declining the of-  
fered position in Panama and deciding  
to remain in his present position with  
the Atlantic & North Carolina Com-  
pany.

John Lee E. P. F. News Journal  
based at Goldboro.

## A SPLENDID INDUSTRY

The New Bern Iron Works Has New Machin-  
ery And is Well Equipped For All  
Work in its Line.

The additions and improvements of  
the New Bern Iron Works are rapidly  
approaching completion and the parties  
interested are ready to handle any order  
that may come within their line of busi-  
ness. They are equipped with the  
best machinery that can be procured  
and have gone to great expense to refit  
their plant until they have now one of  
the most complete establishments in  
the State.

The foundry department has been en-  
larged and the present dimensions meas-  
ure 40x60 feet. The work done here  
will equal anything in its line done else-  
where. Three forges are kept busy  
and the work done there is performed  
by master hands.

Among the new tools received is a  
steam hammer, the first of the kind to  
be used in the city. A large radial  
drill with a radius of four feet; this  
tool is declared to be the most perfect  
of its kind. An improved double spin-  
dle lathe, having a swing of 48 inches.  
It is a very powerful machine an-  
capable of doing any work required of  
it.

They are receiving daily new pieces  
of machinery and when all is put to  
work the New Bern Iron Works will be  
an industry of which our citizens may  
well be proud. It is growing and do-  
ing its work on a large scale. A large  
force of competent workmen are em-  
ployed and the character of their work  
gives them a splendid reputation.

Mr. W. A. McIntosh became a mem-  
ber of the firm and has instituted many  
changes. He is an experienced machin-  
ist and his plans and suggestions  
have been adopted to the great advan-  
tage of the plant. All who are inter-  
ested in this concern are practical  
mechanists and their connection with  
it adds value to the plant.

The farmers, ginners and lumbermen  
are especially invited to inspect the  
New Bern Iron Works as it is largely  
to their trade that the proprietors  
cater. They have unexcelled facilities  
for manufacture and repair and offer  
a good inducement as any other  
machine shop in this section of the  
State.

Boxing tonight at Opera House, ben-  
efit K. of P. band.

## ABOUT SETTLED

That New Yorks Are Champions. Win Their  
Third Game. One More to Win.

Special to Journal:  
New York, Oct. 13.—The New York  
Nationals won their third game in the  
series from Philadelphia Americans to-  
day. This practically assures the  
championship to New York.

Twenty thousand base ball enthusiasts  
turned out, although the weather was  
pretty cool for the spectators.

The score was New York one run,  
four hits; Athletics no run, five hits.  
McGinnity and Plank were the oppos-  
ing pitchers.

Boxing tonight at Opera House, ben-  
efit K. of P. band.

## A Play That Pleases.

To those, who, in the past, have been  
forced to witness plays and repertoire  
companies that are not "up to the  
mark" as it were a decided treat is in  
store in the engagement of the Mor-  
daunt Stock Co. at the Masonic Opera  
House all next week. This company is  
so far above the average repertoire  
companies now traveling that one is  
surprised. "A Broken Heart" which  
is the opening bill Monday night is a  
play that is replete with heart interest  
and is interspersed with original and  
sparkling comedy bringing relief and  
quietude to a mind that is tired after a  
long days work in shop or office.

It tells the story of a minister who  
has fallen in love with a young girl  
while administering to the wants of  
her dying father. This girl however  
loves the minister's brother who  
arrogates her, but it is to the unending  
efforts of the minister that his brother  
is forced to right the wrong that he  
has committed. Mr. Mordaunt is the  
minister, Walter H. Newman, as Dick  
his brother, Miss St. Clair as "Ann"  
ably supports Mr. Mordaunt. Miss St.  
Clair originated the part of "Ann" and  
played it 300 nights of one night stands.  
Geo. Haas as "Judge Peter Gurney  
Knox," Miss Bagley as "Mrs. De Poy-  
ser," Miss Estelle Wentworth as "Be-  
nita Van Buren" and Will C. Davis as  
"Alexander Robinson" bring forth  
scenes of laughter.

The price of admission is placed with  
in the reach of all and one should take  
advantage of this opportunity to wit-  
ness a high class production at popular  
prices.

Polka vanderlins between acts so the  
interest of the audience never lags  
from the fall seats on sale at  
Waters.  
A. P. N.

Why suffer with throats, head-  
aches, colds, no strength, no appetite?  
Hollister's Rocky Mountain Tea will  
make you well and keep you well. It  
costs, Ten or Fifteen. For sale by F.  
S. Duffy.

## A GOOD TESTIMONIAL

The Work of The Carolina Business College  
Meeting With Fine Success

The following letter from a former  
student of C. B. C. is a good testimo-  
nial and should be the means of securing  
more students:  
Carolina Business College,  
New Bern, N. C.,  
Gentlemen:

It gives me great pleasure to bear  
testimony to the thorough and practi-  
cal work done in Carolina Business  
College.

I am now filling a lucrative position  
which I would not be occupying but for  
a knowledge of book-keeping and the  
training which I received in your insti-  
tution. The young men and young  
ladies all over the country who are  
daily deciding to equip themselves for  
business are acting wisely, and their  
action would be crowned with wisdom  
if they should conclude to enter the  
Carolina Business College, for I am  
satisfied that the methods used in that  
college are equal to those used in any  
of the leading Business Colleges of our  
country, and that Carolina Business  
College is a first class Business College  
in every respect. I am

Very truly,  
W. H. CATON.  
New Bern, N. C., Oct. 13, 1902.

## Sherlock Holmes the Wonder.

The play of "The Sign of the Four,"  
in which the hero, Sherlock Holmes,  
traced a dark crime of murder through  
an intricate maze of puzzling circum-  
stances was produced before a delight-  
ed audience last night. The story is  
well known by the reading public who  
always read Sir. Conan Doyle's stories  
with pleasure and take special interest  
in Sherlock Holmes. The great detec-  
tive solves the mysteries coming un-  
der his specious by the system of deduc-  
tion, the unraveling of a diabolical plot  
in the hand of a master sleuth.

The evening last night was most en-  
joyable. The part of Holmes taken by  
Sam B. Hardy was superlative. The  
characters were all taken with great  
credit and the whole play was produced  
with a cleverness and thoroughness  
that not only made the evening one of  
pleasure but inspired an admiration  
for the numerous stories of similar  
nature that Conan Doyle has written.

## Parlor Car on Special Trains.
