WATCH OUT!

For The Lucky Number on The Bottom of Your Globe.

I will sell 12 globes only, each one with two Japan goldfish and one terra cotta house, pebbles and 1 box fish food at the low price of 75c each. The purchaser who gets the globe with the lucky number will receive \$1.00 in cash. The lucky number you will find advertised in the Journal as soon as these 12 globes have been sold. So better hurry up and get one of the 12 globes.

E. WALNAU'S 5 & 10c. STORE,
Dealer in Musical Instruments

Woman's Exchange.

The following list of articles can be ordered, some of which are now on display at Warren's drug store opposite postoffice: Fancy work all kinds and descriptions in colors, work bags, powder puff, etc., Cullinary art, pickles, beaten biscuits, preserves, etc., extracts; all flavorings, burnt wood work, crochet work, souvenir photos, score cards, favors, etc.

Special Cigar Prices for Smokers.

The "Crescent Tobacco Co." puts on sale on Saturday morning a limited number of 12c cigars, at the very special price of 8c each.

Not more than 100 of these cigars will be sold to any one customer. They also have a few more of the celebrated "Continental" and "La Belle Creole" to be sold at the same price.

These special cigar sales are unprecedented in New Bern cigar history.

No firm has ever put on sale, at this price, cigars of such known high quality. The 12c cigar which will be sold at 8c is the celebrated Seldenberg & Co's "Afterliver" brand. All lovers of high grade cigars are specially invited to attend this sale.

BIG POST OFFICE BUSINESS.

New Bern's Record Shows an Increase of Business.

The Washington correspondent of the Industrial News gives that paper a financial statement of the business done by North Carolina post offices last year. They all show a substantial gain and the New Bern office takes a leading place among those doing over a \$10,000 business. These figures show the business done up to June 30, the end of the fiscal year. The gain as reported by Postmaster Hancock is more than 15 per cent over the previous year.

Following is the statement in the Industrial News:
The Charlotte post office is ahead of all others in North Carolina in a business way. The receipts of the Queen City office amounted to \$82,308 last year, while the Wilmington office, which was second in this industrial race, collected a total of \$71,394.

These figures are obtained from the annual report of the Postmaster General for the fiscal year just ending, and reflect the industrial development of the cities and towns in the State. Raleigh takes rank with receipts totaling \$63,076, Winston-Salem fourth, with receipts aggregating \$61,356, and Greensboro fifth, with receipts amounting to \$53,394.

There are 19 post offices in the State with receipts in excess of \$10,000. They are as follows: Asheville, \$46,941; Durham, \$24,454; High Point, \$19,921; New Bern, \$16,778; Salisbury, \$16,539; Goldsboro, \$16,696; Fayetteville, \$14,008; Statesville, \$12,076; Elizabeth City, \$11,961; Wilson, \$11,708; Kinston, \$10,070; Rocky Mount, \$10,645; Concord, \$10,287; Washington, \$10,050.

There are 66 other presidential post offices in North Carolina, but their receipts fall below the ten thousand dollar mark.

Cigars and Tobacco at Warren's.

Successor to Archbishop Chapelle.

New Orleans, Nov. 27.—The question of a successor to the late Archbishop Chapelle of New Orleans, who died of yellow fever during the early stage of the epidemic, will be decided here in the second week in December, when the convocation of bishops of the province and priests of the archdiocese will be held. It is stated on apparently good authority that Rev. J. M. Laval, of New Orleans Vicar general will be chosen and that a petition in his favor has been signed by 90 out of 147 of the archdiocese.

Christmas Burr McIntosh Monthly.

When the 1904 Christmas number of this magazine was issued, the critics said it was impossible for the publishers to get out a finer number but we believe that the Christmas 1905 number, which is now on all news stands, is very much more attractive than Christmas numbers of previous years. The cover is an exquisite design in five colors and gold, the frontispiece, The Falconer, by a celebrated European artist, also being in five colors. The form of portraits; containing such celebrities as Padrewski, Gen. F. D. Grant, Mrs. Geo. J. Gould, Maxine Elliott, Cecilia Loftus, Lillian Russell and others, is printed on the somewhat rare India tint paper in an exquisite tone of sepia ink. There are six plates, each printed in a number of colors and the panoramic views of scenes and incidents are printed in a variety of double tone ink; three of the subjects are mounted on artistic backs which add to the beauty of the issue. A departure is made from previous numbers in the publication of a pleasing story by Ethel Watts Mumford. Among the "Men and Women of Note" are Andrew Carnegie, Miss Alice Roosevelt, Adeline Patti and her husband, Emperor William and Hon. Lloyd Garrison, our Minister to Japan who displayed very clever diplomacy in the recent trying positions in which he was placed.

This issue is a double number and sells at 50 cents a copy. It is well worth double the amount.

BURR PUBLISHING CO.

4 West 22nd St. New York.

"A Pair of Pinks"

The komiks—West and Vokes and Margaret Daly Vokes will bring to our city Friday Dec. 8, the funny aggregation known the country over as "A Pair of Pinks." Too much praise cannot be awarded this clever trio.

West and Vokes as Percy and Harold the two detectives hunting for fun and amusement, and Margaret Daly Vokes as Mag Netts, the original Babe Girl, are the top liners of mirth and song.

These people have surrounded themselves with a clever cast, pretty girls and clever men, and the theatre-goers of New Bern are assured amusement.

Xmas Suggestions.

For Gentlemen—A Kalak, shaving set, surf pin, cuff buttons, match boxes, silver handle pocket knives, hat brush, military brushes and nail files in silver cases for pocket. It is the part of wisdom to have your selection put up for you before the rush is on, and to remember how hard it is to get anything engraved later on.

MOREHEAD CHOSEN

By Board For Permanent State Military Encampment

What Board Says of Terms Offered by Morehead City and Wrightsville. What Each Place Offered to Secure The Annual Visits of North Carolina Brigades.

Special to Journal.

Raleigh, Nov. 27.—This afternoon the board of officers' report to Gov. Glenn on permanent encampment site was made public by the Governor. By his order the selection of the site was left entirely in the hands of the board, which unanimously select Morehead City.

This report gives terms of offer of Morehead City and the Atlantic & N. C. railway combined, and that of Wilmington for Wrightsville site, and then says that first named offer was to give old camp site with two thousand feet frontage on Bogue sound, with additional land adjoining, running two thousand feet back, and a rifle range two hundred by one thousand yards, also adjoining; to build range and pits, railway sidings, store houses, all other necessary buildings, to clear and grade grounds, set them in grass, furnish water supply and lights, and to care for all this property when unoccupied.

Wrightsville offered 101 acres with fourteen hundred feet frontage on sound, five thousand dollars in cash, and five hundred dollars annually for five years, with no promise for future maintenance of property. Offered rifle range one thousand yards long on Wrightsville banks.

Board says that after duly considering these proposals, and going over the respective sites, it unanimously selects the site offered at Morehead City. It threw out the idea of having two encampment sites, so that one year two regiments would be at one, and one at the other, next year this being reversed and third year entire brigade at one place. Morehead City signified a willingness, but Wrightsville said its proposition was based only on encampment of entire brigade annually. The board says farther, that Morehead City offers more frontage on water, in such shape as best to serve the purpose, while site at Wrightsville though contains about same acreage, is in such shape that it is impossible to make it conform to needs. A railway runs through Morehead site, while Wrightsville site is a considerable distance from railway, thus rendering it necessary to use a large number of teams in hauling. Salt water bathing at Morehead is at a foot of camp. No cost to men and target range is in camp limits, while suitable range is not offered at Wrightsville in connection with camp site offered. Members of board left for their homes this afternoon.

The Agricultural Bulletin.

The North Carolina Agricultural Department and the North Carolina Agricultural Experiment Station are just now issuing some very valuable publications known as "Bulletins." Among the recent "Bulletins" published are "Farm Dairying," "Holding the Apple Crop," "Egg Preservation," and "Farmers Institutes."

These pamphlets are printed monthly and are designed for free distribution. The general farmer, truck grower or stock raiser who wishes to keep abreast of the times and in touch with improved methods in his business—and every intelligent man wishes to do that—should receive these publications regularly.

A postal card to the Commissioner of Agriculture, Raleigh, N. C. and another to the Director of the Experiment Station, Raleigh, N. C. asking that your name and address be placed on the Bulletin Mailing List will bring this about.

These publications will give you much information regarding soils, their preparation, seeds, growing crops, harvesting and marketing them, etc., and will help you in many other ways in your farming operations. They embody the experience of other farmers and put forth the best results of the experiments of distinguished scientists.

DOVER.

Nov. 28

Mr. T. C. Ethrid, the clever salesman for Messrs. T. W. Newborn & Co. is in our town today, hustling for business.

Mr. F. M. Hornaday representing the Security Life and Annuity Insurance Co. of Greensboro one of the best is here offering some very attractive contracts of insurance. He is a gentle man of much prominence. He seems to have his work at heart, but is not one of the kind over-persistent. We are always glad to have him with us.

We were glad to have Mr. H. K. Land, the pleasant salesman of Mr. D. L. Roberts with a few days ago.

"Awaken New Bern!" If your ambition is to keep a stride of Dover. It seems that many of the traveling public are placed to some disadvantage at times to distinguish New Bern from Dover. A few months ago a gentleman got off the cars here, and after the train had gone on, enquired the way to the National Bank of New Bern, and was much surprised to be told that it was 24 miles east of here.

Last week a gentleman dismounted from the shoe-fly train with his suitcase in hand, and being approached by one of our livermen to know if he wanted to do some driving, said no, but a minutes pause said he did want to see the manager of the opera house. He was told the manager was not in town, Dover not having quite grown sufficient to afford an opera house. He with some amaze says isn't this New Bern? and upon being told no, fortunately for him, the train was waiting for orders being a little later. He says "I guess I had better keep on down some further."

Hon. G. V. Richardson went to New Bern this morning.

Dr. Raymond Pollock assisted by his father, Dr. J. A. Pollock from Kinston performed an operation here on a colored woman a few days ago, and removed something like a cancer from the inside of her mouth. To say the operation was successful is sufficient to know by our skilled physician undertaking it.

S. C. A.

The above letters simply mean that the Southern Cotton Association wants to help our Southland to put (30,000,000) thirty million dollars more in circulation and in the cotton growers pocket, something like it did last spring and summer. How is it to be done? Well it's quite simple, let the South hold its cotton ninety days, and the result will be about 15 dollars increase on each bale. Two millions bales thus tied up will mean another extra thirty millions for the cotton growers. Somebody is going to get this extra thirty millions, why not the farmer?

Brother farmer we are taking a long time to learn how to attend to our own business, but I believe we are learning one part of our business, is to know how to sell a crop when we have prepared it for sale.

Don't forget that the first Saturday in December is township or precinct day. You ought to organize at every voting precinct in the county and send three or five delegates to the county meeting to be held the second Saturday in December or 9th day at 12 o'clock at the court house.

This county meeting will elect its officers for the coming year and also delegates to the State Convention.

Come out and join us, you business men of New Bern, our fight is your fight, our victory is your victory, and our defeat is your defeat.

Let every section of our county organize and be represented at New Bern December 9th.

DANIEL LANE, Pres.

S. C. A. Craven Co.

Bellair is trying to be ready for Thanksgiving, and all times some of us. Cotton picked, corn husked, potatoes banked, peas picked, hogs nearly fat, turkeys around and hens once in awhile laying nice white eggs, but they run very slow about it. When we look on the calendar and realize that it is only one short month to Christmas.

Well if they wont lay we will just eat the hens and get the best of them that way. There seems to be some cases of whooping cough and lots of colds about here.

Rev. W. H. Townsend preached his last sermon for us the 19th, and goes to conference next week.

Be Sure to Use Only Cream of Tartar Baking Powder

Food made with alum baking powder carries alum to the stomach unchanged. Scientists have positively demonstrated this and that such food is partly indigestible and unhealthful.

CONTRACTS BEING MADE

A Norfolk special to the Washington Post, Sunday Nov. 26th says:

"The Virginia and Carolina Coast Railway Company has awarded its contracts for railway construction to J. G. White & Co., of New York, and that firm already has a force of men at work on a portion of the contract in North Carolina.

The Virginia and Carolina Coast Railway, which is being built by a syndicate for the purpose of exploiting over 500,000 acres of timber lands in Virginia and North Carolina, will extend 142 miles, connecting with the Suffolk and Carolina Railroad on the north, and the New Bern, Oriental and Western on the south. The consolidation of three systems will form a through line from Norfolk to New Bern, N. C., and a new line will extend from New Bern to Beaufort, N. C.

Church at Eridgeton

The legal organization of the Methodist church at Eridgeton was effected Sunday, Rev. G. T. Adams officiating in the matter. The church has 23 members. Messrs D. W. Dowdy and J. S. Wallace were elected stewards.

The Sunday school there was organized with 50 members, and the following were elected officers:

Superintendent, Wallace H. Whitehurst; secretary, Flossie Lee; treasurer, W. H. Mason.

Rev. J. K. Betts will be the pastor and services will be held every Sunday morning at 11 o'clock, Sunday school at 9 o'clock in the afternoon.

A Convenient Arrangement.

The Oaks Market has been equipped with a meat track system which is a most convenient arrangement. The device is made by Mr. D. T. Depe and he has shown a great deal of skill in the construction of it.

The track consists of a band of iron about two inches thick which is suspended from the ceiling and rollers with hook attachments travel on the track. Large pieces of meat are hung on the hooks and are thus handily transported from the ice box to the market room without any great amount of handling.

Dear Gus:—I have solved the mother

in-law problem; just give her regularly Hollister's Rocky Mountain Tea. It will make her healthy, happy and docile as a lamb. 35 cents, Tea or Tablets. For sale by F. S. Duffy.

Fine Words of Praise.

Under the head of "A Good Example" the Industrial News of Greensboro Nov. 25th, has the following good words in an editorial for the New Bern Iron Works.

The Daily Industrial News has been especially careful to keep its editorial columns free from anything that savored of an advertisement, but there is one North Carolina firm whose enterprise we think should be held up for imitation, and we propose to do so. Our New Bern correspondent reports that on 2 o'clock of the morning of November 23d, the engine-room and boiler room of the New Bern Iron Works was almost completely destroyed by fire. So far the story is simply one of many similar stories, which we regret to be obliged to report. But there is something else. The report says that the company immediately began to rebuild but in the meantime procured the city's steam roller, coupled it up with the shaft of the main building, where most of the machinery was located, and was kept at work. The man who thought of using that roller deserves a medal—and a thousand imitators. More men of this same kind—men who think and act and do things while other men sit by and mourn their loss—are the greatest blessing that can come to any community. Good for the New Bern Iron Works, and good for the men, whoever he is, that "does things."
