## SPLENDID SHOWING

This State Leads in Manufacture of Tobacco.

Revenue Officers Active and Catch Moonshiners. Fire Insurance Company Organized. Railroad in Court. Work on Encampment at Morehead. Murderer Gets Respite From Governor.

Raleigh, Dec. 19.—The revenue officers are very active indeed in this section and are certainly doing excellent work in raiding the moonshiners, who are doing so much mischief and against whom the county officers in almost every case are utterly failing to take any steps, though it is their sworn duty under the law to be active in this matter. Last night a hundred and ten gallon still was captured two and a half miles east of Wake Forest College. The operators had just quit work. A thousand gallons of beer were found. The house of a negro Richard Gulley nearby was searched and whiskey was found there. The still belonged to a Granville county man who had come over into Wake to do his work and chosen a place near the college to do it. In another raid the officers got a 75 gallon still two miles from Lillington Sunday night two stills were captured in Durham county, about eight miles from Durham. One of the best known deputy revenue collectors in this district said something today which ought to jar the sheriffs and certainly ought to attract the attention of the law-abiding North Carolina public; these were his words: "With the solitary exception of sheriff Marsh of Cumberland I have never known a sheriff to do a single thing towards breaking up moonshiners. Sheriff Marsh sends his deputies with me every time I go into his county. 'It is said that some sheriffs and deputies and constables in various counties know of the presence of distilleries. In one or two cases this has been shown to be the fact.

It is interesting to know that this year North Carolina led all the States in the manufacture of tobacco and took rank as the second State in point of production of leaf.

The Atlantic Fire Insurance Company organized here and chartered last Friday has chosen Charles E. Johnson, president; Joseph G. Brown, vice-president; Herbert W. Jackson, treasurer and Gavin H. Dortch, secretary. The offices will be over the Mechanics Dime Savings Bank in the building for years occupied by the State National Bank. The directors represent Raleigh, Aberdeen, Tarboro, Clayton, Smithfield, Wilson, Goldsboro, Durham, Sanford, Elizabeth City, Washington, High Point, Charlotte and Rocky Mount. The company will begin business in two weeks, capital stock paid up \$125,000.

In the United States District Court this afternoon Judge Purnell heard an argument on a motion for confirmation of the sale of the Carolina & Northern Railway, lately sold under a decree by the bondholders. Among those opposing the confirmation of the sale are T. C. McNeely, who used to be general manager of the road, the bank of Marion, S. C., and Mr. McCarrell of Marion, these being bondholders.

Three new Odd Fellows lodges have been formed, these being at Duke, Solitude and Conway.

The new Company of the National Guard at Lexington has been mustered in and is assigned to the Third Regiment as Company A.

Work on the permanent encampment ground of the N. C. National Guard at Morehead City is actively in progress. The Atlantic & North Carolina Railroad is doing all the work.

Governor Glenn today respited Jesse R. Mitchell of Martin county until January 22nd. He was sentenced to be hanged at Williamston December 21st, having been convicted of murder in the first degree. He confessed to having killed his wife and burned her body to conceal the crime. Yesterday a petition for commutation reached the Governor and the respite is to give him time to look into this matter. Mitchell hoped that he would escape with a sentence of thirty years.

## NEW YORK SHAKEN BY DYNAMITE

Workmen Excavating Strike. Forgotten Charge. Three Killed, Waldorf-Astoria Shaken.

New York, Dec. 19.—Three were killed and at least ten injured in an explosion of dynamite in an excavation on Thirty-fourth street directly opposite the Waldorf-Astoria Hotel this morning. Workmen were drilling a hole and the drill struck a forgotten charge of dynamite. Immediately a terrific explosion followed and the workmen, all Italians, were literally blown to pieces. Part of one body was found on the roof of a house one hundred feet away and other parts of the bodies, legs and arms were picked up in the street 600 feet from the scene. Persons passing along the street were hit by flying rocks and seriously injured. Ten were taken to the hospital suffering from cuts on the head and face. Many others were only slightly hurt and were able to proceed on their way. Guests in the Waldorf-Astoria at breakfast were greatly excited. The building shook as if from an earthquake.

## Vestrymen St. Cyprian's.

At a meeting of St. Cyprian's church last night the following Vestrymen were elected for the ensuing year: J. Harris, H. W. Thompson, J. T. York, I. H. Smith, Alex. Williams, N. H. Styron, C. M. Sanders.

## Supreme Court Decides Favor North Carolinians.

Washington, Dec. 18.—The Supreme Court of the United States today affirmed the decision of the Supreme Court of New York in the case of the Mutual Reserve Life Insurance Company of New York vs Henry C. Birch, assignee of a number of judgments upon contracts for life insurance, adding 10 per cent, for damages, as well as interest and cost, to the verdict against the company.

The insurance policies were issued in North Carolina and the company sought to evade payment on the ground that it had no authorized agent in that State when the policies were issued. There was no written opinion in the case.

## State Officials on The Go

Raleigh Dec. 19.—Professor Harold H. Hume, the State horticulturist, left tonight for Florida, to be absent ten days, to do some special work. State superintendent Joyner left for Pamlico county to make some speeches on education. Commissioner of Agriculture Patterson was seen with his grip-sack, etc., making his way out of town and when asked where he was going, showed that, as the darkeys say, he had "Christmas in his bones," for he replied: "I am going to the arid region of Caldwell, to a hog killing in the shadow of the Rip-Shin-Mountains."

## Publication to Be Made Annually of County Revenue and Charges.

(Chapter 18, Section 752 of the Code of North Carolina.)

The board shall cause to be posted at the court house within five days after each regular December meeting and for at least four successive weeks, the name of every individual whose account has been audited, the amount claimed and the amount allowed; and also at the same time a full statement of county revenue and charges, showing by items the income from every source and the disbursements on every account for the past year, together with the permanent debt of the county, if any, when contracted, and the interest paid or remaining unpaid thereon. The board shall also publish the said statement in some newspaper in the county; provided, the cost of such publication shall not exceed one-half of a cent a word.

## SHOT HIS FOOT

Colored Boy Puts A Load of Shot Into His Pedal Extremity.

James Webb, a colored boy living in Paviotown was the victim of a serious accident last evening. He was with some companions at his home and was fooling with a shot gun. During the play the firearm went off and he received the entire charge in his foot. Fortunately the muzzle being near the foot the charge did not have the chance to spread and the shot are located in the great toe of the right foot and that part of the anatomy is, of course, badly lacerated.

The boy was taken to Dr. Lassiter's office and the wound dressed. The physician said that he could not tell whether the foot would have to be amputated or not but feared that at least a part of it would have to be taken off.

## Police Court News

Paul Venable was in the police court yesterday for obtaining money by trick and fraud. He borrowed five dollars of B. S. Hardison, a young white man of Croatan, who loaned Venable to bet on a game of cards with Venable turned it over to an old man, apparently a confederate who took the "hot foot" and has not been seen since. Venable also ran but his liberty was short lived. He was caught on East Front street by deputy sheriff White after an exciting chase. Venable is the second who has tried this dangerous game here within a short time.

Matilda Nyass and Matilda White were fined four dollars each for disorderly conduct and cursing each other.

Hodell Wiggins was taxed the costs for allowing his horse to go along the street without a driver.

## Fine Imposed on Brick Trust

Chicago, Ill., Dec. 18.—The so-called "brick trust" of Chicago made a complete surrender to State's Attorney Healy in court today, and a number of its officials and several labor union officials were fined an aggregate of \$18,000.

The company and some of its officers together with two labor leaders, were indicted for conspiracy to do an illegal act, to prevent competition, and to restrict the production and sale of brick in the Chicago market.

The charge against the labor leaders was that they called strikes on buildings where the contractors used brick purchased from others than those in the combination.
