OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTY.

New Bern, N. C., Jan 12 1906.

STRANGE MAIL SCHEDULE ROUTE ARRANGEMENT

The change in a mail route from mule carrying, to steam carrying, might be supposed in this day to work much better service to the people.

An instance to the contrary is to be found in the recent change from the star route service per mule or horse to points in Pamlico county, to transportation over the Pamlico, Oriental and Western railroad to Bayboro and intermediate points.

Under star route service, there was a daily mail, Sundays excepted, from New Bern to Bayboro and other points in Pamlico county, which left New Bern at 6 a. m. and returned at 5 p. m.

thus giving the people a number of Pamlico county post offices, the opportunity of getting newspapers the same day of publication, and letters the same day and in time to answer and return replies to letters received to this city, or sent to northern points from this city the same night.

With the change to railroad, the mail leaves New Bern at 3.30 p. m., is due to arrive at Bayboro between 5 p. m. and 6 p. m. and the mail destined to any postoffice off the railroad is held at Bayboro over night, sent out the following day, which means, newspapers a day late, and to letters, means another day, for the return mail to New Bern and points beyond here, must be in Bayboro the night before in order to leave Bayboro the following morning.

This mail, outside of Bayboro, from postoffices not on the railroad, and this also includes the Bayboro mail, is scheduled to reach New Bern at 8.45 a. m., and instead of making railroad connection here, must go to the postoffice to be made up for points beyond this city, thus leaving here at 5.35 p. m. instead of 9.10 a. m.

The hardship caused by such a mail schedule as the present one, is apparent to every one who will look at the situation. The reason for its establishment is not quite viable, except it may appear that a steam carrier is more modern, as opposed to horse or mule carrier, but with such a mail schedule as now exists, it is not surprising that the people who must suffer from it, are desirous of the mule or horse and the mail the same day, rather than a mail one or two days old per railroad.

The Postoffice Department ought not think that the people of Pamlico county are so far out of the world and indifferent to time, that a day or two in their news papers or letters makes no difference to them. What they want is a mail service that shall improve. If not, return to what they previously had, until an improved service in time can be given them, be it by railroad or any other means of transportation.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a humming sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of them are caused by Catarrh, which is nothing but an inflamed condition of its mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. E. J. CHENEY & CO., Toledo, O. Sold by Druggists, 7c.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide". Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Harry St. George Tucker, president of the Jamestown Exposition Company, who was introduced by Charge D'Affaires Carter, was received in audience by King Edward. His Majesty received Mr. Tucker cordially and showed much interest in the proposal to send British naval and military contingents to the opening ceremonies at Jamestown in 1907.

The Original. Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safe for children and delicate persons. For sale by Davis Pharmacy.

The United States Court at Cincinnati rendered a decision upholding the validity of the Chinese Exclusion act of April 7, 1904.

Half the World Wonders how the other half lives. Those who use Bucklen's Arnica Salve never wonder if it will cure Cuts, Wounds, Burns, Sores and all Skin eruptions; they know it will. Mrs. Grant Shy, 1130 E. Reynolds St. Springfield, Ill., says: "I regard it one of the absolute necessities of housekeeping. Guaranteed by All Druggists. Price 25c."

Governor Heyward, of South Carolina, in his message to the Legislature calls for a correction of the dispensary laws and declares his purpose to have lynchings punished.

The Grip. "Before we can sympathize with others we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia or that has not recovered. For sale by Davis Pharmacy and F. S. Duffy.

A total of 903 persons were killed and 1,961 injured during the year ended June 30 last on the steam surface railroads in New York State.

WASHINGTON LETTER

Special Correspondence.

While ribbon advocates are once more camping on the trail of the makers and consumers of liquor in the District of Columbia, it is not long since the W. C. T. U. and other advocates of temperance made a campaign against the sale of liquor in the capital of the nation. Their campaign was successful, and now they feel encouraged to try to stop the liquor traffic throughout the District of Columbia.

It is true that there is much talk about the facilities that will be afforded for sideboards and sideboard belongings in the rooms of the new house and senate office buildings, and it may be that in case the legislation now being sought gets through there will not be absolute prohibition in the District. At any rate, the white ribbons are strongly urging the bill which has been introduced by Representative Webber of Ohio and which provides for absolute prohibition of manufacture and sale, except for certain prescribed purposes.

Memorials of the Revolution. Numerous bills are being introduced for the suitable commemoration of events in the Revolution by the erection of monuments or otherwise. One of these measures is for a monument to commemorate the battle of Princeton. The Princeton Battle Monument association has been formed in New Jersey to promote this enterprise, and it is making a strong effort to get congress to provide for a memorial column on the site of the struggle in which Washington defeated the British.

Another bill is for the appropriation of \$100,000 to erect a monument in York county, S. C., on the field of the battle of King's Mountain to the memory of General William Campbell and the men who fought there.

Still another bill is for the appropriation of \$25,000 to erect a monument in Cherokee county, S. C., on the field of the battle of Cowpens, in memory of General Daniel Morgan and his men, who defeated a part of Cornwallis' command under Tarleton at this point.

Supreme Court Buildings. A government edifice likely to be constructed in the near future and for which it is generally agreed there is need is a supreme court building. Representative Littlefield introduced a measure authorizing the purchase of a site for such a structure.

It is proposed to buy a plot about 500 feet square a short distance to the northwest of the grounds of the library of congress. The bill has been referred to the committee on public buildings and grounds.

Architect of the Library. Enfeebled and decrepit, John L. Sullthmeyer, now old and ill in a Washington hospital, but in his prime the distinguished architect that planned the beautiful library of congress, is asking in his closing days relief at the hands of congress for himself and his assistant in the great work. Senator Dubois of Idaho has introduced a bill for the relief of John L. Sullthmeyer and Paul J. Pett, and back of it is the story of how the two men planned the magnificent library building nearly twenty years ago. The government never paid them a sum commensurate with their services, and now relief is sought. It appears the total cost of the library was \$6,500,000. The customary architect's share would have been 5 per cent. Sullthmeyer charged but half that, but that \$1,125,000 has not been paid, and he is now seeking the allowance of what he regards as due him.

The Smoot Case. Whether Senator Smoot of Utah is to be expelled from the senate on the ground of Mormonism is a question that promises to arouse much strife in the upper house in the near future. The Smoot case has dragged along most tediously, but it is now understood that Senator Burrows' chairman of the committee on privileges and elections, is anxious to bring the matter to a conclusion, and now that the holiday recess is over he will take more testimony and his committee will make a report.

Indications are that the senate will not expel Smoot. At the same time Senator Burrows' committee will have a Republican added to it who is opposed to Smoot's retention. The Iowa man is stated against Smoot's retention, especially as the women of the Hawkeye State are making a concerted effort for expulsion. Moreover, there is a large colony of non-polygamist Latter Day Saints in Senator Dolliver's state which is opposed to Smoot's continuation in the senate.

Oldest Bank President. Senator Millard of Nebraska, who has been given new prominence by his selection as chairman of the committee on interstate canals, is one of the oldest national bank presidents in the United States. In fact, he considers himself the only bank president who has served under three charters.

His bank, the Omaha National, has just been granted by the comptroller of the currency its third charter for twenty years. The institution was organized as a national bank in 1865. Senator Millard became president of it in 1862, when it was working under the first charter.

Friend of the Boys. When the messenger boys learned of the departure of Mrs. Gregory de Wilenskin from his country their sorrow was great. Mrs. Wilenskin, wife of the financial agent of Russia, took a special interest in the orphans that came to her Washington home with messages and often asked them if they were hungry. Of course they always said they were; whereupon she produced good things that made them gasp with delight.

Jameson Lady Beats Lightly of Campbell's Dog Remedy. Mrs. Michael Hart, wife of the superintendent of Carl Service at Kingston, Jamaica, West India Islands, says that she has for some years used Campbell's Dog Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by Davis Pharmacy and F. S. Duffy.

On eight acres of land J. F. Daniels of Bristol, Vt., raised 250 bushels of onions, 2,800 bunches of small onions, 18,000 cabbages, 900 cauliflower, 200 bunches of cucumbers, 100 bunches of turnips, 100 bunches of table beets, 150 bushels of green peas, 300 bushels of potatoes and three acres of sweet corn.

The modern steam turbine was in some respects anticipated by an invention of an Italian architect named Brunello, who lived in the seventeenth century. In far more distant times the engine devised by Hero was at least a hint of the turbine which is now making headway against the familiar reciprocating steam engine.

A novel and apparently successful lightning alarm which was recently put up in the store of a Baltimore grocer has the merit of simplicity and cheapness. He placed over the door of the grocery an ordinary shovel, hung on a nail so that when the door opened the shovel would fall and make a racket.

Burglars visited the place the other night, the shovel did all that was expected of it, and the burglars, alarmed by the noise, got out of their heels.

B. S. Wertz of Alabama, Pa., has come into possession of a valuable and historic bedroom. It is a watch that was once owned by Lafayette. He came by the watch through the death of a relative, John Van Pelt, of Germantown.

The watch, a rather unique timepiece, was used by Napoleon, Paris for Lafayette. It is made of gold and is studded with some 400 pearls, and instead of a winding-up small chain catches the front and kept the watch in motion.

How to Avoid Poisons. We have never heard of a single instance of a child residing in Pennsylvania suffering from trouble when Fry's Honey and Tar has been used. Fry's Honey and Tar has been used for years and not only stops the cough, but breaks and strengthens the lungs. Ask for Fry's Honey and Tar and refuse any substitute offered. Dr. C. J. Bishop of Agnew, Mich. writes: "I have used Fry's Honey and Tar for many years and can testify to its efficacy. It is sold by Davis Pharmacy and F. S. Duffy."

Don't Doe the Stomach in Nasal Catarrh Breathe Hyomei.

No dangerous drugs or alcoholic concoctions are taken into the stomach when Hyomei is used. Breathe through the inhaler, the balsamic healing of Hyomei penetrates to the most remote cells of the nose and throat, and thus kills the catarrhal germs, heals the irritated mucous membrane, and gives complete and permanent cure.

Hyomei is the simplest, most pleasant and the only guaranteed cure for catarrh that has been discovered. Complete outfit, \$1.00; extra bottle 50 cents.
