Yours to Please,
D. A. OWINGS,
AGENT.

INTRINSIC MERIT.

Says Druggist F. S. Duffy is What Makes Vinol Proper.

"The intrinsic merit of this new cod liver oil preparation, Vinol," said Mr. Duffy is beginning to be realized by the people of New Bern. Of course in my position as a druggist, I have seen innumerable medicines and proprietary articles introduced, but never in my long experience have I ever known or heard of a medicine that would produce more beneficial results than Vinol.

"I attribute this to the fact that Vinol contains in a concentrated form all the medicinal elements contained in cod liver oil, actually taken from fresh cods' livers, but without a drop of oil or grease to nauseate and upset the stomach, and it contains no sickening drugs.

"A prominent physician writes: 'Vinol is the most valuable preparation of cod liver oil known to medicine. It is of untold value to create strength and build up the general system for old people, weak women and children, and it has no equal for hard colds, bronchial and all lung affections.'

"There are hundreds of people right here in New Bern who can testify that there is nothing equal to Vinol, to make rich, red blood, to increase the appetite, cure stomach troubles, give strength and renewed vitality to the aged, build up the run-down, tired and debilitated, make the weak strong, cure chronic, coughs, colds and build up the convalescent.

"I freely offer to return your money in every case where Vinol fails. Try it on this guarantee." F. S. Duffy, Druggist.

RALEIGH.

State Charters Still Continue to Be Issued.

Wake County Superior Court Keeps Up Business. Portraits For State Library. Receiver's Report Filed. Bankruptcy Matters Adjudicated.

Raleigh, Jan. 13.—Capt. M. O. Sheriff, State Librarian is in receipt of portraits of Gen. R. F. Hoke, Mrs. C. P. Spencer, the North Carolina authors and Governor J. M. Morehead. They are gifts from Mr. Charles F. Van Noppen, and will be hung on the walls of the State Library. The work is carefully executed and engraved.

The State charters the Allan Company of Winston to do a Gents Furnish ing business, with \$25,000 capital stock, P. H. Allen, R. P. Dalton, and W. E. Franklin are stockholders. The Charles Creek Lumber Company at Elizabeth City will manufacture lumber of all kinds, with a total capitalization of \$50,000. Incorporators are J. H. Townsend C. W. Hussey and A. F. Davis, all of Elizabeth City. Wilson, N. C., is granted a charter for the Clark Palet Ice Company. In addition to the manu facture of ice they will also conduct a storage and refrigerator plant, \$16,000 is subscribed by J. A. Clark, J. B. Farrier and C. N. Nurney out of a total capital of \$50,000.

Other charters are Warsaw Lumber Co., Warsaw, \$10,000 paid in, T. C. Wooten and others stockholders. Fayetteville also is again represented with a new mill, the Algodon Knitting Mills Co., with \$12,000 paid in, out of a total capital stock of \$50,000, John C. Gorman, F. H. Cotton and others are interested.

Charters were also issued to Ray-Godwin Company, Selma general merchandise with \$10,000 capital stock, R. L. Ray, C. E. Godwin and others are interested. Kelly Suspenders Company at Fayetteville is incorporated for \$25,000, V. F. Kelly and others stockholders. This company will manufacture suspenders, garters and other kindred goods.

The report of the receiver has been made and filed in the matter of the American Box Co. against the North Carolina Lumber Co., an order has been issued approving same.

The matter of H. C. Pippen & Co. bankrupt has been adjudicated and referred for reference to James R. Gaskill, referee.

Judge George W. Wang, presiding in Wake county Superior court remitted fine imposed on William G. Boylan of Raleigh yesterday for absence from court.

The case of the State vs. Lillian and Clark for the alleged murder of George W. Smith, of Petersburg, Va., seems to proceed slowly. Evidence so far ad duced is of a contradictory nature, notwithstanding the high character of witnesses. The supposition now is that several days will be consumed in this trial. There are many technical details as to the location of the spot where the tragedy occurred in the Union station and the diagram prepared by an architect here seems of itself a puzzle to some witnesses. So far only six witnesses have been examined and the strictness of court procedure is being preserved.

BAD YEAR IN LOSSES.

Last Year's Record in Fires. Numerous Conflagrations. Valuable Stocks Destroyed

Raleigh, Jan. 13.—Insurance Commissioner James R. Young, in talking with your correspondent, had the following to say regarding fire insurance, or more properly fire losses for the year 1905. "The year 1905 closed with heavy fire losses; \$175,157,800. This is the amount as shown by the records compiled by the Journal of Commerce and Commercial Bulletin, and is the largest in any one year except those of the disastrous conflagrations of 1871, 1872 and 1904. There were especially large fires in 1905 and the loss is to be accounted in the unusual number of fires and the increased valuations of stocks destroyed. The losses in 1904 were \$252,364,000 and in 1903, \$156,195,700. The year 1905 had the conflagrations of Baltimore and Toronto. The December losses for 1903 were \$15,276,600, or over \$4,000,000 less than for the same month in 1904. During 1905 there were 3363 fires where the losses reached \$10,000 or over, and 16 fires where half a million was involved, or even more than that amount. The general wave of prosperity sweeping over the country this year has been a good one from the underwriting standpoint, notwithstanding the heavy losses."

Last Night's Show.

The Peruchi-Gypzenc Co. closed their week's engagement at the Opera House last night with the production of Ten Nights in a Barroom. The play is too well known to need any comment and we will only say that in spite of many adverse circumstances they gave the play with splendid effect.

Their strength, ability and versatility were fully tested in yesterday's performance. In the afternoon the farce-comedy, The Man From Mexico was played and although many in the audience had seen it before it was immensely enjoyed. The two comedies put on the stage by this company have been the best fun of the season.

After the matinee the big doll which has been advertised as a premium was awarded by Baby Edna to Miss Hattie Randolph.

Pleasant Afternoon Party

Miss Mollie Whitehead West entertained about a dozen of her friends Saturday afternoon at her home on Pollock street.

The guests began to arrive about three o'clock and were received by Miss Mollie assisted by Miss Ruth Watson. The little hostess was charmingly dressed in a dainty gown of white. Miss Watson in an attractive creation of yellow.

Buster Brown was the game of the afternoon. Miss Eula Cole received the prize, a gold stick pin, for pinning in Buster's tie correctly.

In an impromptu cake-walk Miss Ruth Watson received the prize for being the most graceful.

About five o'clock the guests marched in to a most delightful supper. After supper the Virginia reel was danced and about six-thirty, the little guests left eagerly discussing "the perfectly splendid time." The Misses Wyatt furnished the music.

Finest butter in town 25 and 30 cents Oake Market.

A Record in Red Tape.

As long ago as Dec. 6, 1877, a young French doctor sent in an application for a small post under government. Another man was appointed to the post, and the doctor, having received no answer to his letter, forgot all about the matter. He was therefore more than a little surprised a few days ago to receive an official document which he was required to fill up in order to get a nomination for the position he had applied for nearly eight and twenty years before. But while the officials had been leisurely replying to his letter the doctor had become a man of importance in the world and has long since ceased to think of such trifles as a small government berth—London Times.

LET MERCHANTS STAND.

And Give Strength By Unity. A Call For Merchants To Organize.

The good merchants of New Bern have resolved that the Merchants Association shall mean something. They have fully realized the great good that is being accomplished by the association as a body. No merchant can afford to remain out of it. We have a membership now of near 40, and feel very much encouraged as each one is very enthusiastic. They realize that in "unity there is strength." They know that in a body the merchants of North Carolina can work wonders. To make anything a final success it requires the co-operation of all concerned. The merchants of New Bern heretofore have worked too much for their individual good, and not enough for the good of the whole.

It has been truly said that a "house divided against itself cannot stand." Just so the merchants of this city divided against themselves cannot stand. But now the majority of them are working in harmony together, and we trust that every other merchant in our midst will take heed and join the association at once. There is a national association, made up of State associations, and the State associations are made up of local ones, hence all the power and the success of the whole depends upon the local associations, and the one in New Bern must contribute its part.

The merchants of North Carolina remember well "the merchants tax" which they in a body got the General Assembly to repeal, and thereby saved themselves last year \$73,515.40. This ought to satisfy any reasonable man that the association is a good thing.

The associated railways sought to raise the price on all shipments in less than carload lots which came into North and South Carolina. But again the Merchants Association took the matter in hand and flooded the country with petitions until it succeeded in getting the order revoked. This was a saving to the merchants of \$80,000.00.

Trading stamp companies, etc. were growing rich at the expense of the retail trade, the merchants associations branded them a pernicious, and have eliminated such cut-throat schemes from our State.

These are only a few of the many accomplishments of the Association. Let every merchant in North Carolina stand by it.

The merchants of any town are the controlling power. If the merchants of New Bern say so, our streets will be macadamized, our sidewalks paved, our town properly lighted; street cars in our midst, and everything will be bustling. So let them stand together in a body, and wield their influence for the good of the town of Gaston.

The credit system in New Bern has been greatly abused. The slow to pay and dishonest ones in this town about a half million dollars something must be done, or the merchants will be forced to no longer do business. This association proposes to make known to its members each individual comprising those classes and especially the "dead beats."

The "dead beats" have become a nuisance, and the merchants have realized that the man who fails to provide for his own house, is worse than an infidel. They would do well to put this sign up, "In God we trust; but other people pay cash."

It is an ordinary thing to find three or four bills against the same party in favor of different merchants. They run from one to ten. It looks like diabolism when a man gets in debt to you, and then goes elsewhere, and so on, until he has taken in the town.

At our next meeting we will read out the names of some of the most prominent "dead beats" in town. "Honesty is the best policy," and it is a part of our moral duty to bring to justice those who refuse to pay their debts.

Let the merchants be united in a body and stand together for good. Clerks, carpenters, printers, etc., have their unions, and unless the merchants look to their interest it will be unprotected. In a short time we hope to rate every customer and in so doing the credit system will be elevated.

If the merchants will stand firmly together they can make their own laws and the homestead and the personal property exemption will do the dishonest man no good.

Let every merchant in town attend our next meeting on Tuesday the 23rd inst, 8 p. m. at my office.

D. E. HENDERSON,
Scty and Atty.

Four Simple Rules

Special to Farmers!

We would advise all who contemplate using lime on their land this season to try granulated oyster shells, the new and convenient way of preparing shells for quick results and lasting effects, to use with fertilizer distributor. This form preserves all the virtue of the original shells, which is known to be lime, ammonia, nitrogen, and salt, besides much animal matter, easier and safer to handle than quick lime, and costs less and lasts longer, packed in 200 lb. bags. The output of this plant limited, so would advise your ordering a trial lot at once. The leading Farm Journals of the country are strongly urging the use of lime and certainly you can't go astray in buying this product of which every farmer in eastern N. Carolina knows the merits.

The Fertilizer, Shell and Bone Co. of New Bern, N. C. can furnish further information.

Certificate Rextending Charter.

Treasury Department, Office of Comptroller of the Currency, Washington, D. C., November 27, 1905.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The National Bank of New Bern," located in the city of New Bern, in the county of Craven and State of North Carolina, has complied with all the provisions of the Act of Congress "to enable National Banking Associations to extend their corporate existence, and for other purposes," approved July 12, 1882, as amended by the Act, approved April 12, 1904, and

Now, therefore, I, William B. Ridgeley, Comptroller of the Currency, do hereby certify that "The National Bank of New Bern," located in the city of New Bern, in the county of Craven and State of North Carolina, is authorized to have succession for the period specified in its amended articles of association, namely, until close of business on November 27, 1925.

In testimony whereof, witness my hand and Seal of office this twenty-seventh day of November 1905.

W. B. RIDGELEY,
Comptroller of the Currency.
