Ulcer Of The Stomach

Insidious Nature Of The Disease—How to Recognize and Cure It.

Ulcer of the stomach may exist for years without very marked symptoms, excepting those caused by indigestion. In good health, the stomach resists the action of the gastric juices, but when weakened, the membrane is badly nourished and the digestive fluids act upon it as well as upon the food, keeping up until perforation of the stomach occurs. In advanced cases of ulcer of the stomach there is much discomfort after eating, with a constant gnawing sensation between meals, pain from the pit of the stomach back to the shoulder blade.

At the first symptoms of indigestion, treatment should at once be started with Mi-o-na. This is a scientific remedy adapted specifically to one purpose the cure of stomach troubles. It is so uniformly successful that F. S. Duffy gives a signed guarantee with every 50 cent box that the money will be refunded if it does not cure.

LITTLE HELEN WALTON

Restored to Health By Vinol. Her Mother's Story.

Mrs. R. Walton of Hornellville, N. Y., says, "Our little daughter was troubled with a bad cough which nothing seemed to relieve. We tried different doctors and medicines without benefit. The cod liver oil preparation, Vinol, was recommended, and before she had taken one bottle her cough had stopped, and her condition greatly improved. She now has a splendid appetite and is gaining in flesh. I advise every mother who has an ailing child to try Vinol. Nothing equals it, and it tastes so good there is no trouble in getting children to take it."

HELEN WALTON.

Our well known druggist, Mr. F. S. Duffy, says Vinol is a grand medicine for children, it produces bone, muscle and rich pure blood. It is not a patent medicine, as everything in it is named on the back label of every bottle; so parents know exactly what they are giving their children; it contains in a highly concentrated form all the curative, medicinal principles of cod liver oil, but without the nasty oil and children love its taste. It soon makes puny ones strong and rosy.

We just wish every mother in New Bern who has a sick, puny or ailing child would try Vinol on our guarantee F. S. Duffy, Druggist.

OFFICERS COTTON ASSOCIATION

Most Are Re-elected. Salaries Fixed For Year.

New Orleans, La., Jan. 15.—The Southern Cotton Association held its annual business meeting with almost a full board sitting.

Harvard Jordan was re-elected president, Richard Cheatham was re-elected secretary, H. H. Hiatt, of Columbia, S. C. was elected treasurer, and George T. Jester, of Corsicana, Tex., was chosen vice president in place of Mr. Peters, of Texas.

The salary of the president was fixed at \$5,000 a year. Secretary Cheatham's salary was raised from \$2,500 to \$3,000 a year. The salary of the treasurer was fixed at \$500 a year.

The vice president is to serve without salary. The salary of the general financial agent and organizer, F. D. Smith, who was elected according to the suggestions of the mass meeting, was fixed at \$5,000 a year.

AN EXPEDIENT ALTERNATIVE.

Two Young Bloods from Baltimore Meet With Rigid Treatment at Beaufort.

A gentleman coming from Beaufort last night told the Journal of a rather sensational incident there Monday night with satisfactory culmination the morning after.

It seems that Sunday a schooner from Baltimore came into the harbor for safety from the storm. On board the schooner, or yacht, was a small party, consisting of persons of both white and black persuasion and the boat anchored within easy reach of the city.

The men claimed to be selling gasoline engines but it took no second sight or insight or any other kind of sight to see that the young men were "out for a time" and the whole outfit were of such a character that they were not wanted in a respectable community. Con- sequently a committee of "vigilantes" who exist there only for such occasions waited on the men and quietly but firmly said evacuate the waters at once or there would be a noisome party with a vengeance. Things looked dark for the sea faring party and they begged for a little time to secure supplies which was reluctantly granted.

In the morning a large steamer, craft under full sail was seen gently smoking out the inlet. Who the party was or how many, nobody knew, but their ill- the fun was evidently not what they expected.

SEVERE FIRE LOSS

Capital Club Raleigh Is Badly Burned.

Flames, Smoke and Water Injure Entire Exterior. Case of Murderers Continued.

Wanted Expenses Besides Reward.

To Show Right Corporation Commission to Help Travelers.

Raleigh, Jan. 16.—The case of the State against Moore and Bunch, charged with the murder of the watchman at the plant of the Standard Oil Co., has been continued, as it cannot be reached at this term of Wake county Superior court. It is supposed that the Lillston Clark case will consume the remaining days.

Shortly after 8 o'clock this morning an alarm of fire was turned in from a box near the Capital Club, in speedy response the firemen found the handsomely appointed building of the Capital Club in flames on the inside. While the damage may not be accurately placed, it was estimated that the losses will reach between eight and ten thousand dollars. The fire had its origin supposedly in the basement in the dumb waiter. It was first discovered by Mr. Tom Stephenson, who, smelling the fumes of the burning wood immediately gave the alarm. The handsome wall decorations are completely ruined and all of the wood work is defaced or burned throughout more than three-fourths of the building. Losses are entirely covered by insurance. The offices on the ground floor occupied by the Southern Railway Company, the Raleigh & Pamlico Ry. Co., the Merchants Journal and Norman H. Johnston, Attorney General of the North Carolina Retail Merchants Association suffered damages proportionate with the other part of the building. The ruin here wrought being due to water which destroyed or injured many files. This building was erected about eight years ago at a cost of something more than \$50,000 and is considered one of the proudest parts of Raleigh. While the fire had its origin on the east side of the building, no part of the structure is unhurt as the dense smoke and steam incident thereto has discolored all the walls, blistered the furniture, broken the glasses and marred the handsomely finished wood-work. The floor of the ballroom, recognized as one of the best in the South was eaten up in parts by the firemen, the flames having penetrated to that height. The firemen made a record breaking fight and coolness and discretion saved even greater damages. Very few members were in the club rooms at so early an hour, but such as were rendered able and immediate assistance. While the interior damages are great the outer walls of the building are not affected.

Governor Glenn has been applied to by the officer who arrested Alf Holland the Cherokee county man in the Indian territory for an additional allowance for the expense incurred in such an arrest. Owing to the fact that the four hundred dollars reward was supposed to be deemed sufficient, the governor will make no such allowance until it is passed on by the council of State.

Attorney General Gilmer has very skillfully and carefully prepared a map which he will introduce before the United States Supreme Court in connection with the Selma connection case. It is understood that unless this case is called during the week beginning January 22nd, it will not be reached until after the February recess, which will continue until the 19th. This suit involves a point as to the reasonable right of the corporation commission to make an order compelling the public good of travellers. Hon. F. H. Woodard of Wilson will be associated with the Attorney General in this matter.

Boys Take Notice

For some time the boys of the town have used the Presbyterian church yard as a playground, and have not only destroyed some of the trees and shrubbery but have recently broken windows and made fires on the grounds, using church fuel and endangering the church property.

The sexton has repeatedly told them that it was forbidden to play there and they have been impertinent and profane to him, and have utterly disregarded his requests.

The officers of the church have taken action in this matter and if it cannot be stopped otherwise it will be regulated by law.

Parents will please take notice and keep their boys out of the yard, as if this nuisance is continued the matter will be referred to the police and arrests will be made.

Butter at 20 to 25 cents per pound at Oaks market.

The Horse's Hoof.

In its present elaborate form the hoof of a horse is the most perfect instrument of support which has been devised in the animal kingdom to uphold a large and swiftly moving animal in its passage over the ground. The original toe nail and the neighboring soft parts connected with it have been modified into a structure which in an extraordinary manner combines solidity with elasticity, so that it may strike violent blows upon the hard surface of the earth without harm. The result is that the horse can carry a greater weight at a swifter speed than any other animal approaching it in size.

A Hatter's Trick.

"There are tricks in every trade, you know," said a New York clubman. "Even in retail hat selling many dogies are employed."

"I said to a hatter one day: 'I don't see how you can afford to iron for nothing all the silk hats you sell.'"

"The man looked at me gravely. 'We have to do it, sir,' he said. 'The hats would last too long if we didn't.'"
