

WORKS WONDERS EVERY TIME

How Gowan's Pneumonia Cure Cures Colds, Sore Throat, Croup, Pneumonia—All of them Ills that Come from Colds—And the Reasons Why

When you have a cough or a pain in the chest, your cold is settling there—and this is very dangerous. Most of the deaths in winter begin just this way. Whenever your cold is unwell, there you must apply the remedy. Either on your chest or throat. Now when you take an inferior remedy it has to pass through the stomach. Often it weakens your digestion and never gets to your lungs at all.

Gowan's Pneumonia Cure is external. It penetrates—goes right in to the seat of the trouble, and soothes at once the irritated lungs or throat. It cuts out the germs of cold, consumption, pneumonia—all evil germs. That is, it makes the lungs strong to cast these germs out.

READ THESE TWO LETTERS

"I will spare no pains to call the attention of my friends to this valuable medicine."
"Mrs. J. H. GILL, Superior-entire Male Orphan Asylum, Richmond, Va."
"I have used Gowan's Pneumonia Cure, and I think it is the best medicine in the world. I feel sure it saved my mother's life last fall."
"P. O. LEAS, with Lupton-Scates Co., Winston-Salem, N. C."

Gowan's is powerful, but also harmless. It is an absolute safeguard against croup. Every mother should keep a bottle in the house. Cure your cold, cough, chest pain—to-day. Immediate relief—sure cure in Gowan's. Large bottle, \$1.00; croup size, 50 cents. Sent by mail, if desired.

GOWAN MEDICAL CO., Durham, N. C.

Mainspring Of Life

No One Can Be Strong With a Weak Stomach. F. S. Duffy Tells How It May Be Strengthened

The stomach is the mainspring of life. When it is strong and acts perfectly, then the whole system is right, assimilation is perfect, and body and brain are thoroughly nourished.

Mi-o-na is a pleasant remedy to use, and benefit is seen from almost the first day's treatment. It restores the torpid glands and stimulates the natural digestive secretions. It checks fermentation, stops germ growth, soothes inflammation, and cures all troubles, such as headaches, backaches, rheumatic pains, furred tongue, sleeplessness, nervousness, and general debility, which are caused by imperfect digestion.

It is the only remedy that is so uniformly successful in the cure of stomach diseases that F. S. Duffy is willing to give a guarantee with every 50 cent box of Mi-o-na tablets that the remedy will cost nothing unless it cures. He has so much faith in Mi-o-na that he is willing to take all the risk.

A Card

The New Bern Police Department desires to give public expression to its grateful appreciation of the prompt and efficient service rendered to it by Miss Bertie Neighbors, night operator at the central telephone office. Her invariable promptness and courtesy add in great measure to the efficiency of the Department in its efforts towards the safety and protection of the community.

HINTS FOR FARMERS

Proper Feeding of Stock.

In feeding live stock all animals should have as much as they will eat up clean and never enough to waste. If when fed on concentrated food they begin to show their dislike to it the quantity should be diminished and more bulky matter substituted, but everything depends upon the observation of the farmer, and it is easy for him to know how to regulate his manner of feeding. An important matter in measuring and weighing is the knowledge the farmer always possesses of what he is doing, and a memorandum book is a necessary adjunct to the system, which serves not only in summing up the amount of feeding material on hand, but also assists in the future management as well as being a guide in the rotation and selection of the crops most necessary the succeeding year. Every farmer should know what he is feeding to his stock, its value and the benefit derived from it.—Philadelphia Record.

Molasses For Pigs.

In a pig feeding experiment at Fort Collins molasses from the sugar mill was utilized as a complement to corn and shorts. The molasses was mixed with water and the grain added, sufficient to make a thin slop. Molasses was also put in the drinking water, which was relished greatly by the pigs, for after a time they would not drink water without it. The pigs averaged eighty-three pounds each at the time the experiment began and 212 pounds each at the close. They were fed 107 days. It required 3.3 pounds of grain and 1.8 pounds of molasses for each pound of gain. At local prices for the grain and molasses the cost of each pound of gain was 3.61 cents. Considering that no pasture was used, these results show a high feeding value for molasses. The pork from these hogs was very fine.

Growing Alfalfa.

It is generally agreed by the successful alfalfa growers that when a field makes a poor stand the better way is to re-plant, reseed and try the same field again, says Alva Agee in National Stockman. Some beginners want to disk the ground slightly, leaving the plants that have been secured and seedling among the scattering plants. In some instances a good stand is got in this way, but the better way is thought to be to plow, make a choice seed bed and sow seed liberally, getting the benefit of whatever bacteria were introduced into the soil the first seeding.

Pigs and Sows.

The length of time for the pigs to run with the dam varies from six to ten or even eleven weeks, owing to circumstances and conditions and the care that can be given. Six weeks is the shortest time that a litter should follow the dam, and this is only allowable when it is desired to breed the sow again for fall pigs. Generally it is best to allow them to run with the sow at least eight to ten weeks, as the pigs will thrive better and grow faster.—Farmers Advocate.

Live on Live Stock.

For how (or manage) on cattle, horses, dogs and mules, half one pound of epsom salt in two and one-half gallons of water for one hour and let it simmer on the fire another hour. Add enough water to make up the original quantity and when cool rub it well into the hair and skin and keep the animal in a warm place until dry. Kamona animals is also good. It also is a pretty strong tea made by boiling tobacco in water.—Albany Constitution.

WANTED RETURNS

Of Entry Takers Who Have Failed to Report.

Mrs. T. R. Purnell No Better. Wilmington Insurance Risks Revoked. Dr. Tail Butler Complimented. Selma Connection Case. School Book Question Again Stirred Up.

Raleigh, Jan. 25.—The executive committee of the North Carolina division of the Southern Cotton Association yesterday afternoon decided to appoint a temporary treasurer for that body, in the absence of T. W. Parker, and Leo D. Heart, of Raleigh was chosen. It is the request of President C. C. Moore that all funds will be remitted direct to the treasurer, and all moneys so far collected were turned over, after a bond was given as required by the provisions of the committee.

The Wallace Manufacturing Co., of Wallace, today amended its charter by increasing the capital stock from \$10,000 to \$25,000. The two principal officers of the company are Alex. Newton, president, and H. K. Walton secretary.

Judge Thomas R. Purnell does not bring encouraging news as to the condition of Mrs. Purnell, who has been so ill here, and who has been under special hospital treatment. He will return to Richmond the last of this week, at which time Mrs. Purnell will undergo another serious operation.

Insurance men here say that the special sent out yesterday from Wilmington is incorrect, in the statement that the entire State will be re-rated, as to fire risks. Wilmington alone is at this time affected, and this is brought about by certain changes in that city, occasioned by moving of occupants of differing hazards.

Hon. J. Bryan Grimes, Secretary of State, reports that quite a number of entry-takers have failed to make their annual returns, and he requests that all such returns shall be made at once stating therefor the law in the matter, as found in section 1705 of the revision of 1905, which requires "that every entry-taker shall make return to the Secretary of State annually, on the first day of January of all lands entered with him, under a penalty of two hundred dollars." If these returns are not made within a few days the Secretary of State will furnish to the attorney general certificates of failure in such cases where entry-takers shall fail to return according to the law.

Hon. James Wilson, Secretary of the Department of Agriculture, at Washington, has written a forceful letter to Dr. Tait Butler, State veterinarian, in which he says: "I am much interested in your intelligent letter regarding your progress in exterminating the cattle tick, and I will do all in my power to get money enough to help cooperate with the State in conducting effective work along the proper lines to that end."

Attorney General R. D. Gilmer left yesterday for Washington, where he will present the case of the important Selma connection, as contended for by the North Carolina Corporation Commission, Hon. F. A. Woodward appearing for that body. The involvement is reckoned a vital one and will be followed closely, affecting the interests of so many travellers in that section near the Atlantic Coast Line road. It is not known definitely when the case will be heard, as there is the possibility of failure to reach it until after recess.

The school book question is again about to be on the air. A number of the officers of State and those who state-wise are already making a study of text books, in view of the expiration of the present contract for books for five years until July 1, 1906.

The sub-commission will meet in June, after appointment by the governor, and the text book commission will meet in July, the State Board of Education constituting this last named commission. This decision will be announced in time for the published chosen can have their books in readiness by the opening of the schools.

GASTORIA

For Infants and Children. The Kind You Have Always Bought. Shows the Signature of Dr. J. C. Williams.

Samoan Entertainment.

On the first evening the callers stayed a long time—so long that we all grew very weary, and yearned for sleep. But they kept on coming, one after another; and by-and-by half-a-dozen young men appeared, dressed in kilts of colored bark-strips, adorned with necklaces of scarlet berries and red hibiscus flowers, and liberally oiled. In the center of the group was the most extraordinary figure I had ever seen—a white man, his skin burned to an unwholesome pink by exposure to his hair pure gold, extremely fine and silky, and so thick as to make a huge halo round his face when shaken out. His eyes were weak, and half shut, and I was not surprised to hear that he was not really of white descent, being simply a Samoan albino, born of brown parents. This man being the son of a chief, took the principal figure in the dance that was now arranged for our amusement. The seven men danced on the floor-mats, close together, the albino in the center, all performing figures of extraordinary agility, and not a little grace. The music was furnished by the other spectators, who rolled up a mat or two, and beat time on these improvised drums, others clapping their hands, and chanting a loud, monotonous, measured song.—The February Metropolitan Magazine.

Deppe Items.

Jan. 25. Bad weather is conflicting with early farm work.

Hog killings are almost over, and it is likely that we will have a sufficiency of ham for our guests, during the ensuing year.

Tabernacle school is progressing nicely under the supervision of our teacher, Miss Laura Trott, of Richlands.

The whistling of the lumber mills around here indicates that they are continually getting plenty of work.

People's health in this community is fairly good, with the exception of Miss Dora Sabiston who has been very sick, but we are glad to hear that she is improving.

If nothing prevents there will be a basket party at Tabernacle school house on Friday night, February 9. Everybody is cordially invited, and we wish all ladies who will, to bring baskets. Managers will be: Messrs. E. H. Morton, J. I. Henderson and W. F. Mallard, and Misses Posee Shepard, Ruth Henderson and Laura Trott. J. F. H.

We are receiving new goods all the time, something different, and getting better prices for ourselves, hence better prices for you. Come and look for yourselves. Waters China Store

Gales Creek.

Jan. 25. We have been having some very warm weather for the time of the year.

Mr. James Lewis has been very sick for several days, but is some better now.

Messrs. A. T. and Elmer Garner loaded the schooner Murry Thomas with wood today and will take it to Morehead.

Mr. Clyde Tolson of Wildwood, was the guest of Rev. D. B. Garner, Sunday.

Mr. D. S. Sharp lost a fine mule last week.

Rev. D. J. Hall has returned from Sallie Path, where he has been holding a series of meetings.

Mr. J. Z. Sharp was the guest of Mr. W. P. Taylor Saturday night and Sunday.

Misses Dollie and Bessie Adams spent Sunday with Mrs. Daisy Garner.

Miss George Guthrie of Wildwood, spent Friday night with Miss Emma Lewis, returning to her home the next day.

Mr. W. P. Taylor and sons have employed Mr. D. J. Hall to build their oil factory. Mr. Hall is the only expert machinist in this community.

Mr. Geo. Oglesby is very sick.

Mr. J. A. Guthrie is spending a few days in New Bern.

A little love, a little wealth, A little home for you and me; It's all I ask except good health, Which comes with Rocky Mountain Tea. Sold by F. S. Duffy.

Watch and Clock Repairing. Remember I will call for your work, repair it and return it. Work on Watches, Clocks and Jewelry always guaranteed. Am still at 59 Broad street. E. J. MATTHEWS.

Putter at 20 to 25 cents per pound at Oak's market.

Lumsden & Stith INSURANCE AGENCY.

Strong Line of Fire Insurance Companies. All Business promptly.

SCALY ECZEMA ALL OVER BODY

Eruptions Appeared on Chest, and Face and Neck Were All Broken Out—Scales and Crusts Formed—How Lady Has Great Faith in Cuticura Remedies for Skin Diseases.

ANOTHER WONDERFUL CURE BY CUTICURA

"I had an eruption appear on my chest and body and extend upwards and downwards, so that my neck and face were all broken out; also my arms and the lower limbs as far as the knees. I at first thought it was prickly heat. But soon scales or crusts formed where the breaking out was. Instead of going to a physician, I purchased a complete treatment of the Cuticura Remedies, in which I had great faith, and all was satisfactory. A year or two later the eruption appeared again, only a little lower; but before it had time to spread I procured another supply of the Cuticura Remedies, and continued their use until the cure was complete. It is now five years since the last attack, and have not seen any signs of a return. I have taken about three bottles of the Cuticura Resolvent, and do not know how much of the Soap or Ointment, as I always keep them with me; probably one half dozen of each.

"I decided to give the Cuticura Remedies a trial after I had seen the results of their treatment of eczema on an infant belonging to one of our neighbors. The parent took the child to the nearest physician, but his treatment did no good. So they procured the Cuticura Remedies and cured her with them. When they began using Cuticura Remedies her face was terribly disfigured with sores, but she was entirely cured, for I saw the same child at the age of five years, and her mother told me the eczema had never broken out since. I have more faith in Cuticura Remedies for skin diseases than anything I know of. I am, respectfully yours, Emma E. Wilson, Liscomb, Iowa, Oct. 1, 1905."

Complete External and Internal Treatment for Every Eruption from Itchiness to Scalding, from Eczema to Age, consisting of Cuticura Soap, 25c; Ointment, 50c; Resolvent, 50c. Terms of Complete Course, \$1.00. Price of Mail Order, \$1.00. A single set often cures. Post-Office Order, \$1.00. Sold by Druggists, Grocers, and Dealers. Prepared by W. L. Potter, Lowell, Mass.

Wards Mill.

Jan. 25. Rev. Mr. Geddie preached a new year's sermon at Queen's Creek church Sunday, Jan. 2.

Miss Sallie Mills gave a very nice basket party last week at Cedar Grove, Northeast, for the benefit of the school library.

County Surveyor Wood, of Richlands is plotting this section for the timber interests, who are getting ready to sell.

A petition will be presented to Congressman Thomas, asking that an appropriation be made to open up a large channel at Bogus Inlet, something like was done at Georgetown, S. C. With no considerable work, we could be given an inlet of 12 feet deep and with a rail road we would have plenty of transportation. We hope our Congressman will give this matter his serious attention.

We hope that Harvie Jordan's plans for the relief of southern farmers will accomplish much good.

We would be glad to hear from Swansboro and Pollockville, now and then. What's the matter with the correspondents?

We made a pleasant visit to Swansboro a few days ago.

We were pained to hear of the death of Mr. Wesley Stanley, who lived near Swansboro. Mr. Stanley was stricken with paralysis and only lived six hours.

Postoffice Notice.

Commencing January 21, mail will be dispatched and received Sunday's over P. O. & W. Railroad. Mail closes at 4:30 p. m. instead of 3:30 as on other days.
