THE GIANT INDIANS.

Peculiar Ways of the Onas at Tierra del Fuego.

The Onas, a tribe of Indians inhabiting the mountain of the Tierra del Fuego island, are physical giants. Their average height is over six feet. A few are six and one-half feet; a few fall below six feet. The women are more corpulent and not so tall. There is no race in the world with a more perfect physical development than the Ona Indians. This is partly due to the topography of the country and the distribution of the game, which makes long marches across the country a necessity. In mentality they fall far below their physical attainments. In the past their supply of game has been plentiful, and this may account for the lack of inventive genius among them. This lack of progressive skill is portrayed in their home life, clothing and homes. Their children suffer from it, for, contrary to the practice common among most Indians of feeding, dressing and training the children well, the Ona's little ones are mostly neglected, poorly fed and altogether neglected. They have abundant material for supplying themselves with clothing and homes, and yet they throw a few branches together, put skins over the windward side and then shiver under the miserable shelter.

Scientists who have made a study of the subject say that the language of the Onas is the strangest ever listened to. Many of the words are not difficult to pronounce, nor is the construction of the sentences difficult, but very few words are interrupted by a sound which it is impossible to produce. The speaker hacks, coughs and grunts, distorting his face in the most inhuman manner, and then passes on to the next stumbling block. The Onas live principally upon meat, which in former years was obtained from the guanaco. -New York Herald.

Example.

One watch set right will do to set many by. One that goes wrong may be the means of misleading a whole neighborhood, and the same may be said of example. -Dilwin.

The good things of life are not to be had singly, but come to us with a mixture. -Lamb.

COMES QUICKLY

Don't Have to Wait for Weeks. A New Bern Illustration.

Waiting is discouraging. Prompt action pleases everybody. A burden on the back is a heavy weight. Hard to bear day after day. Harder still year after year. Lifting weight, removing the burden, Bringing appreciating responses. New Bern people tell of it. Tell how it can be done. Tell of relief that quick and sure. Here is case of it:—

C. P. Bartling, proprietor of the Bartling Shaving Parlor, place of address 109 Middle St., says: "I used Doan's Kidney Pills which I procured at Bradham's Pharmacy, for my back and kidneys, and I found them to be all that is claimed for them. I had trouble with my back for some time, the secretions from the kidney were very dark and full of sediment and my back gave me any amount of trouble. It pained me and ached so badly at times that I could not attend to business. Doan's Kidney Pills went to the right spot so quickly I could hardly believe it. The first did me so much good that I bought a second and used four pills a day. My back has not hurt me since and I can stand on my feet all day and do not get tired like I used to. You can use my name and welcome for I know the great value of Doan's Kidney Pills."

For sale by all dealers. Price 50 cts. a box. -Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name -Doan's, and take no other.

Notice of Sale

NORTH CAROLINA, In the Craven County, Superior Court. Let it be known that the following property of said county...

Painless, Natural Childbirth.

Baby's coming into the world should be preceded by a certain preparation on the part of every woman who expects to become a mother. She must be in good health, have a strong constitution, and be in the habit of using every means within her power to add to her strength. Baby cannot help himself in this regard, therefore mother must. He has a hard enough time after his arrival, so he needs his mother's help. His health in after life depends greatly upon the manner of his coming: would you have your child a cripple, or would you have him a tower of strength? Strong men are but grown-up children: a famous surgeon in Vienna is describing his life-work to the cure of little helpless cripples, deformed by birth; do not allow your child to become a cripple.

Mother's Friend

It is a liniment which will forestall any possibility of accident at birth; that is, it relaxes all the abdominal muscles and tissues, and permits of an easy access to the child. It eases the mother's pain, and so assists nature that when baby comes and starts out in life with a constitution well able to fight life's battles, and to bloom into strong manhood that is the comfort and delight of every true mother's heart.
