RALEIGH.
Busy Work Cleaning Up Storm's Wreckage.
Charters Granted Fruit and Furniture Companies. Negro Burglars From Pitt County For the Pen. Negro Janitor Raney Building Taken Up for Robberies.

Raleigh, Jan. 29.—The Secretary of State today granted charter to the Lee-Bryant Co., at Asheville, with C. G. Lee, R. W. Bryant and F. O. C. Fletcher, all of Asheville as stockholders. The company will deal in fruits, wholesale and retail and will begin business with a paid-in capital of \$10,000.

The Crescent Furniture Co. at Rameur, will sell furniture and household furnishings at wholesale and retail. The capital stock is placed at \$10,000 of which amount \$3,000 has been subscribed. Incorporators are I. F. Craven, H. B. Carter and J. O. Forrester.

Sheriff L. W. Tucker of Pitt county arrived today, bringing two negro convicts, one of whom will serve a five years sentence for burglary and the other twelve years for secret assault. Sheriff Tucker also reports that the negroes who shot a constable in Pitt county two weeks ago were convicted, one of murder in the first degree, and the other of murder in the second degree, having been sentenced to the gallops and to twenty five years imprisonment respectively. Both cases were appealed. It will be remembered that these negroes were halted in the road by an officer who stood on the back of a vehicle while riding, the negroes having refused to submit to an arrest and having fired on the constable immediately as he alighted from the vehicle. The supposition is that they were members of a regularly organized gang.

Hillard Reid, formerly one of the best among the Raleigh negro barbers and holding a position as janitor at the Raney Library, in this city, was arrested about daylight this morning in the pool and news stand of Robert Lewis, on Fayetteville street. A systematic thief he has been carried on at this place for quite a while and suspicion rested on Reid, but it was not until last night that the evidence was of a sure nature. The negro was detected and Mr. Lewis employed a revolver with sufficient usefulness to allow the arrest of the negro by a member of the Raleigh police force. Cigars, cigarettes, tobacco and money, as much as some nights as \$40 have been stolen. It is possible that Reid will be tried for burglary as well as larceny, as the place robbed has been also used as a sleeping room.

While the weather conditions have greatly improved in Raleigh, there is today much activity in and about the city. Gangs of laborers and linemen are at work, teams are moving loads of cross arms and supplies about the place. No less than 75 men were moved out this morning by the railroad companies and the telegraph people to re-establish their lines and get them into actual working condition. The telephone service in Raleigh is not yet restored. Today has been an alternation of sunshine and rain, while at times rain fell through the bright bars of the sunlight. Trains on the Southern are moving with regularity but the Seaboard Air Line road is suffering delays.

FAMILY JAR AT CLARKS
No More Shed But Evidence of Sad Blood Exists.
Reports of a bad affair at Clarks were made here yesterday. There was no injury inflicted but it is said that a deliberate attempt to shoot was made. So far as known however, there have been no arrests. William Arthur, who lives at a distance, came to Clark to visit his mother, who is a widow. He found his brother Edward, in the house sick and helpless, and as he thought, without the necessary care to give him a chance to recover. He upbraided the woman for allowing her son to be in such a neglected condition and remarked that had a certain elderly man, who was said to be paying the woman, been sick he would have had the best attention possible.

The man in question happened to hear the criticism and he came forward and had some words with the young man. Mr. Arthur offered him excellent opportunities to settle their difficulties in a fight but the older man did not accept the proposition, but on the contrary picked up an ax and sought to make an assault with that but had no chance to use it; he then went into another room and got a gun, threatening to shoot young Arthur if he remained on the premises and it is said to have attempted to shoot him but was prevented. The young man was warned not to come to that house again on penalty of death. Young Arthur left without further words.

GEN. WHEELER IS BURIED
Body Wrapped in the Flags Under Which He Had Served.
New York, Jan. 28.—An imposing military pageant passing across Brooklyn Bridge, brief services at St. Thomas Episcopal Church in Fifth Avenue, and an escort across the North River ferry to Jersey City, where the body was placed on a train to be taken to Washington for interment in the National Cemetery at Arlington, marked the funeral in this city today of Brigadier-General Joseph Wheeler, cavalry leader of the Confederacy and later one of the most prominent figures among the generals of the Spanish-American War. The body of the dead soldier was wrapped in the flags under which he had served with almost equal vigor and distinction—the Stars and Bars of the Confederate States and the Stars and Stripes. Veterans of the Southern and Northern armies mingled today in paying tribute to General Wheeler with the younger veterans of the Cuban and Philippine campaigns of 1898 and 1899.

Jones County Court Postponed.
Owing to sickness of leading attorneys, and others important, Jones County Superior Court, which was set for this week, was postponed yesterday by Judge Long, to convene Tuesday April 3rd, 1906.

Impromptu Speeches by Mildred Damon and Bryan Duffy.

F. S. DUFFY'S TEST
Sold Hyomei For Years And Knows It Will Cure Catarrh.
F. S. Duffy has given Hyomei a most thorough and remarkable test. For a long time he has offered to refund the money to any purchaser of Hyomei, if it failed to benefit.
The remedy has made so many cures among his customers that he has urged its use in the most chronic cases of catarrh.
Breathed for a few minutes four times a day, through the inhaler that comes with every outfit, it soothes the irritated mucous membrane of the nose, throat, and lungs, kills the catarrhal germs, and restores complete health. Its healing, anti-complets health.
The complete Hyomei outfit costs only \$1, and consists of an inhaler that can be carried in the pocket or purse, and will last a lifetime, a medicine dropper, and a bottle of Hyomei. If this is not sufficient for a complete cure additional bottles of Hyomei can be obtained for 50 cents.
Compare this small expense with the cost charged by specialists, and remember, too, if Hyomei does not cure, F. S. Duffy will return your money.

MEETING OF PRESBYTERY
Action Taken on the Settlement of Rev. J. G. Garth.
Mr. T. A. Henry and Rev. J. G. Garth were at Goldboro yesterday at a meeting of Albemarle Presbytery, where Mr. Garth was recalled from the Presbytery to Nashville Synod of Tennessee and arrangements were made for the installation of Mr. Garth as pastor of the Presbyterian church of this city. This service will take place in the church on the evening of Tuesday, February 29, three weeks from tonight. Several prominent ministers of Eastern North Carolina will be present and take part in the exercises installing the new pastor. Dr. A. H. Moment, pastor the First Presbyterian church at Raleigh will preside on the occasion and preach the sermon. Rev. W. D. Morton of Rocky Mount, will charge the new pastor as to his duties to his congregation and to the community, Rev. F. W. Farris of Goldboro, will deliver a charge to the people as to their duties to the pastor and the work.

In the event these ministers are not able to be present, Rev. J. Dr. Campbell of Kinston, Rev. J. E. Wood of Wilson, and Rev. J. W. Alexander of Tarboro, will be their alternates in the order named. This will be an important religious occasion and all the pastors in the city will be asked to be present and take part.

We fill others prescriptions, let us fill yours.
Warren's.
Great Evangelistic Work
Sunday was a good day for the Christian Church, both morning and evening services were well attended. The morning sermon was based on Gen. 4:9 "Am I My Brother's Keeper." At night Acts 8:39, "A Model Conversion."

An interesting part of the night service was the reading of seven telegrams from seven evangelists reporting their meetings. A great revival is in progress among several of the churches of the Disciples in the North and West. Telegrams from different churches were read as follows:
Loraine, Ohio—meeting one week old and 35 additions to the church.
Hartford, Kan.—37 additions first two weeks; meeting being continued.
Council Bluffs, Iowa—90 additions in 15 days; meeting continued.
Niles, Ohio—133 additions in three weeks. meeting being continued.
Fairburg, Neb.—136 additions in seven days; meeting continues.
Portsmouth, Ohio—102 additions in one day, 258 additions in fifteen days; meeting still in progress.
Anderson, Ind.—325 additions in twenty days, and meeting still in progress.

The churches of the Disciples in the U. S. have begun a four years campaign, the purpose being to double their membership in the next four years. There are now in the U. S. 1,250,000 communicants. The great church convention of this denomination will be held in Pittsburgh, Pa., in the year 1909, at which time these churches hope to report 2,500,000 communicants.
Mr. Reynolds will read a number of telegrams from different evangelists in the north and west to his congregation at each night service, to keep his congregation informed as to the progress of the great work now being done.

AWFUL PSORIASIS
35 YEARS
Terrible Scaly Humor in Patches All Over the Body—Skin Cracked and Bleeding—Itching Unbearable—Cured by Cuticura in Thirty Days at Cost of \$4.75.
ANOTHER WONDERFUL CURE BY CUTICURA
"I was afflicted with psoriasis for thirty-five years. It was in patches all over my body. I used three cakes of Soap, six boxes Cuticura Ointment, and two bottles of Cuticura Resolvent. I bathed with the Soap, applied the Ointment once a day, and took the Resolvent as directed. In thirty days I was completely cured, and I think permanently, as it was about five years ago."
"The psoriasis first made its appearance in red spots, generally forming a circle, leaving in the center a spot about the size of a silver dollar of sound flesh. In a short time the affected circle would form a heavy dry scale of a white silvery appearance and would gradually drop off. To remove the entire scales by bathing or using oil to soften them the flesh would be perfectly raw, and a light discharge of bloody substance would ooze out. That scaly crust would form again in twenty-four hours. It was worse on my arms and limbs, although it was in spots all over my body, also on my scalp. If I let the scales remain too long without removing by bath or otherwise, the skin would crack and bleed. I suffered intense itching, worse at night after getting warm in bed, or blood warm by exercise, when it would be almost unbearable."
"To sum it all up, I would not go through such another ordeal of affliction for thirty-five years for the State of Kansas. (signed) W. M. Chidester, Hutchinson, Kan., April 20, 1905."
Cuticura Soap, Ointment, and Pills, are sold throughout the world. Write Dr. J. C. Kennerly, Sole Proprietor, Boston, for "How to Cure Itching Humors."

We guarantee to save you money on anything you may want in regular stock.

J. J. BAXTER
Special to Farmers!
We would advise all who contemplate using lime on their land this season to try granulated oyster shells, the new and convenient way of preparing shells for quick results and lasting effects, to use with fertilizer distributor. This form preserves all the virtues of the original shells, which is known to be lime, ammonia, nitrogen, and salt, besides much animal matter, easier and safer to handle than quick lime, and costs less and lasts longer, packed in 100 lb bags. The output of this plant is limited, so would advise your ordering a trial lot at once. The leading Farm Journals of the country are strongly urging the use of lime and certainly you can't go astray in buying this product, which every farmer in east and N. Carolina knows the merits.
The Fertilizer, Shell and Bone Co., of New Bern, N. C. can furnish further information.

THEY HAVE COME.
