SHORT PASSING EVENTS.

The Charlotte Observer of the 30th inst., contains a very interesting article about New Bern from the pen of Col. F. A. Olds the well-known newspaper correspondent. The article is about one and one-half columns in length and is largely a record of the impressions made on him during his recent visit to this city.

The vitrolized brick walks which are being placed in front of some of our business places will serve to show a material for a sidewalk that will be as satisfactory as anything that is made. In the line of city improvements nothing is more needed than good sidewalks and there is yet to be found a material for walks superior to this brick, especially made for sidewalk and pavements.

Mr. H. W. Simpson's handsome new residence on New street is completed and he is occupying it.

Mr. J. W. Hollis, wood turner, has fashioned some very pretty articles out of bits of the old hickory tree which recently stood in the yard of Christ Church. Remembering that the old tree was an original forest tree flourishing when the town was first settled, and its other historical associations, these articles become very interesting souvenirs.

The local fishermen report that they are making a fairly satisfactory catch of white shad now. The best roe sell for \$1.25 each, and bucks bring 75 cents.

The market seems to be off on eggs and fresh pork. Many farmers carry their pork back home rather than sell for six cents a pound.

Since early in the oyster season, the New Bern market has been well supplied with the luscious bivalves, of most excellent quality too. While they have been more plentiful than last year the retail price has kept up well, poorest quality bringing 25 cents the quart, while 35 cents is charged for selected ones.

Messrs J. G. Williams and Herbert Bryan have formed a copartnership under the style name of Williams & Bryan, and will conduct a grocery business at No. 42 Middle street. The two young men are well known, having been employed by the Weddell Grocery Company as salesmen since its formation and before that were with Ferdinand Ulrich, grocer. Being polite and hustling they will be little doubt they will make a success.

Some person lost a costly meerschaum pipe in Calloways barber shop a few days ago. The proprietor will return it upon proper description.

The big special sale of Barfoot Bros., advertised to start today had to be postponed a few days to give firm more time to re-arrange the stock for easy selling.

We must commend the Opera House management for the way in which they have heated the theatre. It must be admitted that a place with so many doors and windows is bound to be cold as drafts of air can not be prevented, but notwithstanding that they have kept the house comfortable and no blame can be attached to them for any bad results from a cold breeze.

Mrs. S. C. Schroeder is getting up an autograph quilt, the proceeds of same going to the Parish house fund. Any one may give his or her autograph by paying ten cents. The quilt when completed will be voted to some paragon in New Bern and will be a fine souvenir. Mrs. Schroeder may be found at 17 Change street, or names can be left with Mrs. H. R. Bryan.

Mr. Oscar Draney purchased of B. McFrater, a colored man and a carpenter, 5,000 empty half pint whiskey flasks, which McFrater had picked up on the streets during the month of December. McFrater is said to be a good carpenter and can always command a job, but it seems that he must find the picking up of bottles more profitable than working at the trade. To take in consideration the fact that four-fifths of the bottles sold have the name of the bottle blown into the glass, which make them non saleable, only plain bottles have a value, one can form a slight conception of the enormous number of receptacles that are emptied of their stimulating contents during one month in this temperance city, New Bern. There are people, however, who claim that the prohibition law is working like a charm.

Dr. J. M. Ward will be remembered as practicing surgeon and physician in this city some years ago, has again resumed his practice in this city. Dr. Ward was in the government service in the Philippines for several years.

Death of Mr. J. O. Baxter. At his home in Stonewall, Pamlico county, last night, at 7.45 p. m. Mr. J. O. Baxter, Sr., departed this life. His age was 75 years. He was taken sick last Monday, death being due largely to old age. He was a highly respected and well known citizen of his county. Messrs J. J. Baxter, W. K. Baxter, T. S. Baxter, T. J. Baxter of this city, and Mr. B. H. Baxter Durham, are his sons. His daughters are Mrs. Geo. Roberts of Philadelphia, and Mrs. Charles Roberts of Wilmington, Delaware. The funeral will probably take place Friday at Stonewall.

Home Insurance.

Life insurance is a subject of interest to every man, woman and child, to the man because he knows that with very little effort on his part he is protecting his loved ones in the event of his death before he has had the opportunity of acquiring an estate in the regular line of business; to the woman because she knows that her immediate wants will in any event, be supplied and to the child because it assures an education without which his chances in the world are slim.

The time was when the great volume of business done in the south went entirely to the northern States and companies and when the extent of this business was realized, the leading citizens and newspapers of the south wondered why this money could not be kept at home and used for home improvement. The question was discussed until business men took hold of it and now we have a life insurance company at our doors, as good as any of those in the north, better in fact, because we know the men behind it, who stand for integrity in business and are willing to back home industries with their money, and to take out policies themselves, (the crucial test of confidence.)

The Southern Life Insurance Co. of Fayetteville is one that can stand any test or any comparison. It writes the regular old line insurance, both participating and non-participating and will give you more insurance for the least money than any other company. It numbers among its officers and directors such men as Messrs. E. H. Williamson, President; C. J. Cooper, General Manager and Treas., and J. A. Oats, Secretary, of Fayetteville; A. L. James, of Laurinburg; Mark Morgan, of Laurel Hill; Walker Taylor of Wilmington and among its stockholders, Messrs. J. Allen Taylor and John D. Bellamy of Wilmington; K. D. Caldwell of Lumberton; W. J. Johnson, John Bise, W. B. Cooper, and many others equally well known through North Carolina. The company has already written more than a million dollars paid for business and it is steadily increasing in volume as the people realize their opportunity of getting insurance at home.

The time is past when the citizens of the Old North State have to rely upon the north for anything and with this home insurance company at hand, ready to give you full returns for your money, there is no need for a penny to be sent away. Patronize home industries and your own credit is increased and your estate is assured.

We guarantee full value and prices. If you can get it cheaper anywhere else in New Bern. Come back and get the difference, it belongs to you. Waters China Store.

Insurance Value of the Eyes.

The accident insurance policy that yields \$5,000 in case of death provides an indemnity of \$2,500 for the loss of both eyes. This means that a blind man is practically half dead. Guard your eyes with due care. Too many put off giving their attention until it was too late to be benefited. If anything is the matter with them that glasses will help we will tell you so. EATON

HYOMEI CURES CATARRH.

Its Healing Balmum KHAM Catarrhal Germi Sold Under Guarantee by F. S. Duffy.

It is a note-worthy fact that among the many medicines and treatments for catarrh, there is only one, which F. S. Duffy sells under the positive guarantee to refund their money if it does not cure.—Hyomei, Nature's remedy for the cure of catarrh.

No dangerous drugs are taken into the stomach when Hyomei is used. Breathed through the small pocket inhaler that comes with every Hyomei outfit, its healing balsams penetrate to the most remote cells of the throat, nose, and lungs, killing the germs of catarrh, healing the irritated mucous membrane, and making complete and lasting cures.

The complete Hyomei outfit, consisting of an inhaler that can be carried in the purse or vest pocket, a medicine dropper, and a bottle of Hyomei, costs only \$1. The inhaler will last a lifetime, while extra bottles of Hyomei can be procured, whenever needed, for only 50 cents.

Tariff Off Linotype Machines

In the House of Representatives; January 29, 1906, Mr. Thomas, of North Carolina, introduced the following bill; which was referred to the Committee on Ways and Means and ordered to be printed:

A bill to remove the tariff on composing and linotype machines and the parts thereof:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act of July twenty-fourth, eighteen hundred and ninety-seven, entitled "An Act to provide revenue for the Government and to encourage the industries of the United States," be amended so that the existing duty of forty-five per centum ad valorem imposed by paragraph one hundred and nine-three, Schedule C, of said Act, or any other paragraph or schedule of said Act upon composing or linotype machines and their parts be, and the same is hereby, repealed.

Oranges!

You had best be careful William, how you word your ad for the Journal's morning issue, for our present supply of oranges is somewhat limited. You may say however, that we have given the trees another shake and hope soon to land the fruit in New Bern, when all can be supplied. C. E. Whitcomb.

An Enjoyable Comedy.

There was a large and delighted audience at the opera house last night to witness the Payton Sisters in the comedy drama "Utah." It was a play to act on the sympathies but the comedy part was the most marked of any play presented. The house was kept in constant good humor and the dramatic situations were all presented with natural art and ease.
