MERCHANTS ASSOCIATION
Greensboro Gets Into Line.
Samuel Case May be Discontinued by, Six Jurors. Verdict Against Southern Railway. High Point Injunction Suit.
(Special Correspondence.)
Greensboro, Feb. 1.—The direct examination of G. W. Samuel in his own defense in the trial in the Federal court here, was concluded just before court adjourned this afternoon, and district attorney Holton began the cross examination that promises to be extended and vigorous. Samuel declared he had never knowingly made a false report, or in any way given permission to distillers for favor or reward to carry on illicit distilling. He swore that he himself, cut to pieces the stills of L. L. Parker and William Williams. It was those two stills the two girls and their fathers had testified were destroyed, one of which William Williams brought to court and it is now in the lobby of the building. Today marked the beginning of the third week of the trial. It will last two weeks longer. Considerable uneasiness is felt on account of the possible discontinuance of the case on account of one of the jurors having fever.

In the Superior court here a verdict in favor of W. J. Young in a suit against the Southern Railway, was rendered this afternoon for seven hundred dollars, amount paid for a special train, and five hundred dollars, damages for mental anguish in being delayed in getting here when his wife and child were at the point of death. Young paid the money in Chattanooga, for a special train to Greensboro six hours ahead of schedule, reaching here twenty minutes behind the regular passenger train to find his child dead an hour before. The mental anguish recovery is new in this State.

Special Master James T. Morehead will resume the hearing in the injunction case of the Southern Railway against the city of High Point at High Point next week. Col. Morehead was appointed by Judge Boyd to act as special master in the taking of testimony and the hearing was in progress a few weeks ago when a postponement was taken on account of the need of some charts to be used by the city in establishing some streets and which would take several days to get in hand. It will most probably take several days more to finish the hearing. Lawyers E. J. Justice, of Greensboro, and W. P. Ragan of High Point, represent the city, and Wescott Roberson, Esq., of High Point, and the railroad.
Norman H. Johnson, attorney for the North Carolina Retail Merchants Association, made an impressive speech to the merchants and business men here last night, by invitation of secretary G. F. Newman of the Chamber of Commerce. Mr. Newman stated the objects of the meeting and the speaker was introduced by Hon. R. D. Douglas. The speaker, expressing regret that Greensboro, one of the largest cities in the State, was so slow to take advantage of the benefits of a merchants association, mentioned among other achievements what was done at the last legislature in the way of securing needed legislation, the repeal of the merchants tax being one very desirable end accomplished.

He said there were fifty-one active retail merchants' associations embracing perhaps two-thirds of the retail merchants in the State. Discussing the question of freight discriminations, Mr. Johnson mentioned a specific example of a concern which shipped goods from Pennsylvania to Morehead City and Asheville cheaper than Greensboro could ship to these points. A local organization was needed to compile the schedules and take them before the Corporation Commission. This body should secure the statistics but it doesn't and it never has. Discussing the matter further Mr. Johnson said that the Corporation Commission could obtain relief for North Carolina jobbers if it would say to the railroads. He leveled the discriminations on inter-state rates or we will lower your intra-state rates.

The speaker declared that the time had come when the railroads should no longer be allowed to name the political candidates. There were, he asserted, very few lawyers who had attained political empires but had climbed the ladder through the aid of the railroads. Not that he believed in indiscriminate abuse of the railroads for there was too much of people cursing the railroads, and then voting for them.
At the conclusion of Mr. Johnson's address there was a general discussion looking to the forming of a retail merchants association. It was the sense of the meeting that an organization separate and distinct from the Chamber of Commerce should not be undertaken, but that a department of the Chamber of Commerce charged with the special work which the retail merchants' associations usually undertake would be desirable. Accordingly a committee to present this idea was appointed as follows: D. M. Vassinger, chairman; W. D. Meyer, H. E. Huntly, G. G. Dobson, and I. E. Padden.

"DIDN'T LIKE QUAKERS."
But President's Remark Does Not Bear Out His Action.
State Republicans Still Quarreling Over Office. Quakers and Pops on Top. Rollins, Blackburn, Duncan and Butler in the Mixup.
(Special Correspondence.)
Greensboro, N. C., Feb. 1.—There is another political commotion here. The news that Mr. Don White, who was a Blackburn man and a candidate for postmaster, before the Blackburn settled on Frazier, has been rooted out of his little place as stamp clerk to make room for "Father Worth," has caused the erstwhile Blackburn rejoicers over Frazier's victory, to begin to feel that Duncan and Rollins are beginning to make reprisals on short order. There is Quaker blood in the air. President Roosevelt, some are saying, is reversing himself. He said in his book, "he didn't like Quakers." Now some are saying he likes them so well he is giving them bomb proof positions. Perhaps the best way to indicate the feeling and the trepidation here is to let a prominent republican speak. Said the gentleman this morning in black and white:

"The Republicans who have fought the battles for the party here are somewhat chagrined. To get a job they say first you must be a Quaker, or kin to a Quaker; second you must be able to show some connection with the party and prove that you haven't voted the whole ticket all the time. "Butler and Duncan may not know how to work business in the east, but they are about to demonstrate that they do know how to build up the republican party in the central and western section and run an industrial paper for the benefit of all the people. "Evidently Duncan, Butler, and it seems Blackburn too have had some intimation that the President has changed his opinion as to the rights of the Quaker to participate in the offices of Government. "Thus far answering to the Roll Call are Snow, Postmaster, High Point, Frazier postmaster Greensboro and Father Worth in a feeble voice with a Five Hundred dollar stamp clerkship. All of these gentlemen are pious loyal republicans now, and promise to vote the whole ticket next time as Mr. Butler will O.K. the same before the first day of May, next."

Mr. Duncan will do well to keep an eye on his Quaker allies, as there is in these parts one who boasts of being half a Quaker and the Quaker brethren say he will make an ideal Collector. What a strong, decent, and pious party Rollins, Butler and Duncan with Blackburn's assistance are about to build up in this State: The boys will be on hand at the convention, but what a powerful magnifying glass we will need on election day.

Another subject of gossip is the rumor that the rumor here Sunday, that Hon. R. G. Douglas was to be made assistant District Attorney was incorrect. The news this morning is that it got confounded with the rumor that Mr. Douglas's father, ex-Supreme Court Justice, R. M. Douglas is to be the compromise successor of Mr. Holton, and be the District Attorney. It is not known whether this suggestion was made in Washington by Chairman Rollins to heal the sore of loss of post-office here, or not. District Attorney Holton is still vigorously prosecuting the Revenue officers and notices of the early appointment of a successor seems to have no effect whatever on his rambunctiousness as a prosecutor.

Common Cold is the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these dangerous diseases. This remedy contains no opium, morphine or other harmful drug, and has thirty years of reputation back of it, tested by the strictest under every circumstance. The only safe remedy for colds and coughs.

GRAPHITE MINING
To Be Started By Company Domesticated in This State.
Other Charters Granted. Student Removed on Account of Sickness From A. & M. College. Treasurer Lacy Goes to Arizona. Criminal Libel Case Prominent People.
(Special Correspondence.)
Raleigh, Feb. 1.—The Secretary of State today granted charters to the Goldsboro Investment Company, Greensboro, with a capital stock of \$25,000 and \$10,000 subscribed by J. L. Parrott, Dr. Kornegay of Goldsboro and R. J. Corbett of Henderson.

The Claud Brown Company at Hendersonville for the conduct of a live stock business with its branch lines, capitalized at \$10,000 incorporators are Travis H. Taylor, Como, Miss., Claud Brown and L. T. Brown, both of Hendersonville.

E. A. Gammage of Chicago, spent the day in Raleigh, where in the office of the Secretary of State, he domesticated the Southern Engineering Company of Phoenix, Arizona, and Galeton Pa., a concern which is capitalized at \$500,000. It will be of decided interest to North Carolinians to know that this company will open up and operate an extensive, mining, milling and refining plant at Newton in Catawba county, the seat of the magnificent finds of graphite. There is little doubt that any heretofore discovered and has every indication that the development will prove a record-breaking yield.

C. W. Hodges of Lagrange, a student at the Agricultural & Mechanical College here, and who has been ill with pneumonia, was removed to his home, being attended by his father, Dr. J. S. Hodges, who accompanied him.

State Treasurer B. R. Lacy and Miss Irene Lacy, his daughter, left today for Arizona, where Mr. Lacy hopes to receive great benefit, to his athletic trouble with which he has long been a sufferer. His last trip to the west proved helpful in every sense and his friends throughout the State hope for continued improvement.

A case concerning prominent people in Wake Forest township and involving a suit for criminal libel was begun before magistrate Charles H. Separk, Drewry Liles, a highly respected farmer being defendant. The action lies in certain alleged slanders and libels of a very damaging nature to the character of Mrs. T. B. Coley and Roxey Hester, a young married man in the same neighborhood, who is a son-in-law of defendant Liles. While a number of witnesses had been summoned the case was not thoroughly entered into. The evidence so far adduced was of such a nature that Liles was bound over in a justified bond in the sum of \$500 for his appearance at the March term of Wake county court.

Temperance Laws Must be Enforced
Special to Journal:
Raleigh, Feb. 1.—Governor Glenn issued a special letter to all sheriffs urging them to aid in enforcing law and order as embraced by Wats and Ward laws, which apply to liquor traffic within the State. He says there are complaints that officers are not enforcing these laws. He says the best way to suppress crime is to bring about quick detention and sure punishment. He calls attention to the special sections of new code setting forth duties of such officers as to swearing of warrants and their execution. He dwells on propriety of the State and calls on all to aid in preserving order without shrinking from consequences attendant thereupon, and suggests offering rewards and soliciting requisitions from other States. He calls on all citizens and newspapers to apprise him of violations, stating that he does not desire the innocent to suffer for the guilty and that charges should be specific and not general.

SKIN ECZEMA
IN WORST FORM
Black Splotches All Over Face—Produced Severe Itching—Year's Treatment by Physicians Did No Good and Became Dependent—Affected Parts Now Clear as Ever—Alabama Lady's
CURE BY THE CUTICURA REMEDIES

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of my town. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became dependent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago."

"The Cuticura Remedies not only cured me of that dreadful disease, eczema, but other complicated troubles as well; and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that the Resolvent is the best blood medicine that the world has ever known." Lizzie E. Sledge, 540 Jones Ave., Selma, Ala.
Sold throughout the world. Cuticura Soap, 25c. Ointment, 25c. Resolvent, 50c. In form of Chocolate Cuticura Pills, 25c. per 1/2 lb. or 60c. per lb. of all druggists, Patent and Chem. Corp., Sole Props., Boston, Mass. "The Medical Free," "The Cuticura Skin Book," and "How to Cure Itching Humors."

NOT A PATENT MEDICINE
Hymel a Scientific Treatment for Catarrh by Breathing Medicated Air.
Breathed through the pocket inhaler that comes with every outfit, Hymel destroys all catarrhal germs in the air-passages of the throat and nose, soothes and heals the irritated mucous membrane and effectually drives from the system all traces of catarrhal poison. No one should confound Hymel with the patent medicines that are advertised as catarrh cures. It is as superior to them all as the diamond is more valuable than cheap glass.

The complete Hymel outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hymel cost but \$1, and extra bottles can be obtained for 50 cents, making it the most economical method of curing catarrh, as well as the most reliable.

F. S. Duffy has sold a great many Hymel outfits and has seen such remarkable from its use, that he sells it under an absolute guarantee that it costs nothing unless it cures.

Sir Tommy to Try Again
Glasgow, Feb. 1.—Sir Thomas Lipton, who has made three unsuccessful attempts to "lift" America's cup, has concluded negotiations with Mylne & Glasgow to design and the Denny Brothers, of Dumbarton, to build a fourth challenger for the cup provided the New York Yacht Club consents to the adoption of new rules governing races for the trophy.
