House Work is Hard Work without GOLD DUST.

DRINK Bars Men from Employment. Every line of business is beginning to shut its doors absolutely to drinking men. Business competition has become so keen that only men of steadfast habits can stand employment. ORRINE Cures Whiskey and Beer Habit. Take ORRINE Quietly at Home! RUN DOWN AND NERVOUS. Vinol Restored the Health of Miss Blair, Pres. of Sophomora Club.

MISS ROSE BLAIR. "This condition is probably caused by a cold or cough which is hard to cure, overwork, or too close confinement to business. Such people need Vinol. We guarantee that it will cure them and build them up or return money wherever it fails, and the following letter is only one of the many showing what Vinol will do." Mis Rose Blair, president Sophomora Club, Kansas City, Mo., writes: "Last spring I was all run down, nervous and irritable. I lost my appetite and could not sleep, I tried many medicines without any benefit. Your cod liver preparation, Vinol, was recommended, and it certainly worked wonders for me. It was delicious to take and not at all like the greasy cod liver oil and emulsions I was used to. Vinol gave me a hearty appetite and restored me to perfect health and strength. I consider Vinol a wonderful remedy." "Vinol cures conditions like this because it contains every one of the curative medicinal elements found in cod liver oil without a drop of the useless oil to upset the stomach and retard its work, and it strengthens every organ in the body."

BIG FERTILIZER SALES Indicates No Decrease in Cotton Acreage. Holders of Cotton Anxious at Declining Cotton Crop. Railroad Not in Good Condition. Exhibit of Dixon's Playbook. Addition to State Bird Collection. (Special Correspondence.)

Raleigh, Feb. 6.—It is said that the sales of commercial fertilizers are a ready quite large. A very zealous effort is to be made to keep down the cotton acreage, but it does not seem at all probable that the cut will be so large as it was last year. The holding of cotton continues in all this section, though some of the holders are a little worried by reason of the fall in cotton prices.

Yesterday a travelling photographer came here with a license from Chowan county showing that he had paid his State tax. The question came up whether he had to pay the State tax in every county, this being \$5. The attorney general rules that he does have to do so. Of course a county has the right also to levy its tax, which may not exceed the State tax.

A leading Republican here says that the appointments of Holton as District Attorney and Milliken as Marshal in the western district mean that Clint Wagner of Statesville will be the revenue collector for that district. Such is his prophecy.

The Supreme court today took up the docket of appeals from the first district which is light, the following atorneys being present; E. F. Aydtlett, W. B. Rodman and W. M. Bond.

Mr. Rodman is the agent for the sale of the State swamp lands. He says that the survey of these is in progress by Mr. Peel, but he does not know when it will be completed.

Charters are granted the Burlington Lumber Company, W. H. Sherry and others stockholders, capital stock \$50,000; Withers & Brown Drug Company of Chadbourn, \$10,000. The Corporation Commissioners McNeil and Rogers have returned from an inspection trip on the Atlantic Coast Line Railway's line from Nashville to Springfield.

Judge Purnell has a most interesting exhibit in the injunction case of Tom Dixon against Thaddeus Breton who has sought to put on the theatrical boards the play "In Reconstruction Days," this being a book of the play, typewritten; with over 60 photographs of scenes, of large size, and with lining of the most exquisite kind, making one of the most attractive books imaginable, the cost of it having been of course, heavy. This is Mr. Dixon's private book of the play and Judge Purnell has looked it over with much interest.

The last addition to the superb collection, illustrating the animals and birds of North Carolina is a pair of snowy owls Arctic birds, which once in a while come down to North Carolina. One of these was killed in Granville and the other in Hyde county. The mounting is superbly done by Mr. H. R. Brimley, the Curator of the State Museum, who stands so high in his profession.

THE SOUTHERN LIFE. An Old Life Insurance Company Which Has Unusual Advantages to Offer. The man who takes out a life insurance policy is naturally interested in getting the best result for the least expense and at the same time he is not looking for a cheap John insurance. One of the great objections to being insured is that no matter how greatly a man may wish to be insured he feels that he cannot afford to pay the premiums required by many old line companies. The Southern Life, an "Old Line" company recently organized in Fayetteville will meet these objections and will place a satisfactory policy in your hands. Governor Glenn was the first to take out a policy with this company and he speaks in high words of praise for it.

The Southern Life Company will give you more insurance for the same money or the same insurance for less money. The contract is easy to understand and the investment is good. Mr. Arthur Van Buren is in the city in the interest of the company and anyone contemplating taking insurance will do well to see him as he has as good a policy to offer as any company in the world.

The Strenuous Life. Results in Stomach Troubles. And Physical Breakdown F. S. Duffy Offers Simple Remedy. The strenuous life of modern times forces people to rush through their meals hastily, hurrying from the table in the mad rush after the almighty dollar.

The result is incomplete digestion, inflammation of the walls of the stomach, and lack of secretion of the gastric juices, ending in chronic stomach trouble and nervous breakdown. How much better it would be to eat more slowly, cure the stomach trouble with Mi-o-na, and soon regain perfect health. The headaches, sleeplessness, nervous troubles, pain after eating, specks before the eyes, backaches, melancholy and gloomy forebodings would be soon overcome and perfect health and strength would be restored.

So reliable is Mi-o-na in curing all forms of stomach weakness and troubles that F. S. Duffy gives a signed guarantee that the remedy will cost nothing unless it cures. Each box of Mi-o-na sells for 50 cents and is invaluable to anyone who suffers with indigestion, nervousness or weak stomach.

FOUND DEAD IN WOODS. John Ipock, a Farmer of Core Creek Meets Sudden Death.

A telephone message from Core Creek last night gave the news of the death of Mr. John Ipock, a well known farmer of that section. He was found dead in the woods near his home last evening about six o'clock. The Journal's informant was unable to state whether he was killed or died a natural death. He was a comparatively young man, aged 35 years, and was apparently very healthy and vigorous. On the other hand he had no enemies and it is not believed that he was killed by any person, whatever.

He is survived by a widow and two children.

Special sale on gold decorated glassware today 10c, 15c, 20c goods, for 5 and 10c at the new 5c and 10c Store, 56 Middle St., old Journal office.

Thinning Out the Dogs. Policemen Bowden and Lupton have been doing some good work in reducing the dog population of our city—a thing which has been needed for some time. Mr. Bowden has shot several of the objectionable canines and his trusty steel is ever ready to dispatch any animal that becomes a nuisance. A dog that had a well developed case of rabies was killed up at the frog pond Monday by the two officers. It was reported to them that the dog had bitten others but that could not be proved. It was shot shortly after being discovered to be mad.

Watch the paper for our opening day next week. New 5 and 10c Store, next to Kaffer's.

Superior Court News. The slender case of Godett vs Bowen which was on trial Monday resulted in a verdict for the defendant. The jury reported during the night. The attention of the court was taken up with the trial of Starkey vs the Southern Railway. The plaintiff stated in his complaint that the defendant violated contract in the capacity as common carrier. An agreement had been made between the parties of the suit by which the plaintiff and others were to be supplied with tickets upon the presentation of proper certificates. He further states that the ticket agent did not appear at his office soon enough for the certificates to be filed, thereby causing the defendant and members of his party delay in getting home from Raleigh, thereby causing a loss of money and time.

The railroad company is represented by its attorney F. H. Buebe; the attorneys for Starkey, are R. W. Williamson, W. D. McVee, D. L. Ward and E. B. Nixon. The case will be completed today.

APPOINTMENTS PLEASE. President Seemed to Know Situation And Not Deceived. Four Weeks of Superior Court. Judge Pritchard a Visitor. Bids Wanted. For \$60,000 Road Bonds. Russian Granted Naturalization Papers. (Special Correspondence.)

Greensboro, Feb. 6.—The intelligence here that President Roosevelt had sent to the Senate the names of Holton for district attorney and Milliken for Marshall for re-appointment, was received with great satisfaction. They, as well as assistant district Price, were warmly congratulated since the re-appointment meant their records as public officials had been fully examined into and they were found to be commendable in the face of long and bitter opposition.

Commenting on the appointment the Record, the afternoon paper here, says "Congressman Blackburn has been banking on making good his promise to the voters last year that he would put Holton out of the way. He has fought him at every jump, but it was useless. He was making very good headway until First Assistant Attorney General came here last week and saw for himself what was going on. He made no bones of the fact that his eyes had been opened; in fact he was so astonished at what he saw that he could not keep quiet. Yet when he came here he was laboring under the impression that Holton was a fake and was actually 'persecuting the poor revenue men. Mr. Roosevelt appears to be a pretty hard nut to fool. Holton is a terror to the evil doers of his district and his crusade against them has but started. Blockaders and government officers who have been standing in with them had as well take to still taller timber. They will have no more showing hereafter than a stump-tail bull in fly time."

A two weeks special term of Superior Court for the trial of civil cases with Judge Cooke presiding, terminated Saturday. This closed four weeks court, the preceding two weeks being the regular civil term held by Judge Ferguson, but was interrupted by the critical illness and death of his mother at Waynesville. But very few cases were tried before the jury. In almost every case now days it takes from two days to a week for the lawyers to try a case. Judge Cooke left last night to hold Catawba court. There will be no Superior court this week but next Monday a two weeks' term of civil court will convene and during the week following criminal court will be in session, Judge Ferguson presiding.

United States Circuit Judge, Jeter C. Pritchard spent yesterday afternoon in the city and occupied the bench Boyd during the trial of the Samuel case. He left last night for Richmond to attend the session of the Circuit Court of Appeals which begins there today.

The Guilford County Highway Commission yesterday authorized an advertisement to be placed for bids for a sixty thousand dollar bond issue, the bids to be in by March first. Three years ago the county voted almost unanimously for three hundred thousand dollars in bonds to be used in macadamizing the leading roads of the county. So far there has been about \$125,000 worth of bonds, the amount used, being apportioned now at \$60,000 a year, the bonds being sold only when needed, thereby saving accumulation of interest charges. An insurance agent, named Max E. Block, a native of Bolgorod, Russia, was granted naturalization papers by Judge Boyd yesterday.
