**HAIR TELLS CHARACTER.**  
Color of Hair Sold to Indicate a Person's Temperament.  
Many people believe that blonde or light hair denotes affection and dark hair consistency. A person without hair is not devoid of character, far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others that he is regarded as a saint. A person whose hair is light is not devoid of character, far from it. **Swanboro, Feb. 7.**  
We have had one week of sunshine, and we are all rejoicing over it, and the farmers are all smiling, we are all smiling.  
Mrs. Louis Morton and son Willie from Hubert are in town visiting friends and relatives.  
Our town is full of drummers this week, among the Messrs. Walter Fought, Herbert Lund, Dan Roberts and several others.  
Mr. W. E. Mattocks left here Monday bound for Louisiana to take charge of a tug boat, his wife expects to move in her new house next week.  
Candy stores seem to be all the go now, we have been informed that the young folks had one every night this week. Messrs. Tom Pritchard and Will Ward say they have eaten candy until they were sweet all over. Guess the girls were sweet before they ate any or at least they look so.  
Misses Ida Ward, Mattie Moore and your uncle Phil had a fine oyster roast at Mr. E. M. Jones' Landing on Queen Creek last Thursday. The oysters were so large they had to cut them into small pieces.  
Mr. Fred Pittman killed four ducks the other day on the wing at one shot.  
Mr. Geo. Pritchard says anyone wanting to buy game should apply to him and says he has shot away twenty pounds of powder and fifty pounds of shot, and has crippled one duck, the barrel of his gun must be crooked.  
Mr. D. G. Ward, Sr., killed hogs this week, and has invited us up to help him enjoy some of the luxury of life, so I guess we will take our family and go up and spend a few days with him, also take some of our friends along.  
Mr. T. H. Pritchard, General Manager of the Swanboro Land & Lumber Co., has gone to Rocky Mount to meet the president of the company, and others, which time and place they will discuss matters of business.  
There seems to be some great attraction on the road just two miles from Swanboro. Some of our young boys go there every Sunday, and come back with red faces and a sick stomach and weak knees. Stop drinking the poison stuff, it brings your parents to grief, it steals your brain, robs your pocket book, and will lead you to ruin, it seems if Sunday is the best day of sale for the stuff, but the boys say the proprietor gives it to them, but that is rather thin to tell you more next time.

**HYMENEI CURES CATARRH.**  
Its Healing Balm on All Catarrhal Gases Sold Under Guarantee by F. S. Duffy.  
It is a note-worthy fact that among the many medicines and treatments for catarrh, there is only one which F. S. Duffy sells under the positive guarantee to refund their money if it does not cure—Hymenei, Nature's remedy for the cure of catarrh.  
No dangerous drugs are taken into the stomach when Hymenei is used. Breathed through the small pocket inhaler that comes with every Hymenei outfit, its healing balsams penetrate to the most remote cells of the throat, nose, and lungs, killing the germs of catarrh, healing the irritated mucous membrane, and making complete and lasting cures.  
The complete Hymenei outfit, consisting of an inhaler that can be carried in the purse or vest pocket, a medicine dropper, and a bottle of Hymenei, costs only \$1. The inhaler will last a lifetime, while extra bottles of Hymenei can be procured, whenever needed, for only 50 cents.  
To draw the fire out of a burn, heat a cat without leaving a scar, or to cure boils, sores, tetter, eczema, and all skin and scalp diseases, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. No remedy causes such speedy relief. Ask for DeWitt's—the genuine. Sold by F. S. Duffy.

**TRICK WITH DOMINOES.**  
A Feast That Will Surely Thrill You in the Secret.  
An interesting feat can be performed with the dominoes, which the operator announces as follows: "I will lay the dominoes in a line, one beside another, lying on their faces and making one black line. Now I will go into the next room, with my eyes closely covered, as you may desire. In my absence you may take from the line any number of dominoes you please provided you take them from that end which is now at my right hand and place them at the opposite end, so that, except for the change in the places of the pieces, the line is just the same as before. On my return, without unbending my eyes, I will tell you the number transported from one end to the other, and you will do more. From the midst of these dominoes, of which you have changed the position, I will draw one which, by the addition of its spots, will tell you exactly the number which you took from right to left. After they have made the change count with your fingers—if your eyes are bandaged—the dominoes from left to right as far as the thirteenth. The spots on this thirteenth will invariably represent the number of dominoes whose position has been altered. But in forming the line originally, you must have arranged the first thirteen dominoes, beginning at the left, so that the spots on the first form the number 12, of the second 11, of the third 10, and so on up to a double blank for the last and thirteenth. You place the other dominoes afterward in the order in which they happen to present themselves."

**Brick Kiln.**  
February 6th.  
As we have been silent for a long time, we thought it might be well to note a few items.  
Our little place is still on a rush, although not much farm work is being done on account of the bad weather.  
Our school is progressing nicely under the efficient management of Miss Bertha Taylor of Brenton. She has the largest attendance than has been in several months. The road is being used very frequently, and grown boys are no exception.  
Mr. John A. Bell and family who have been in our community for fourteen years moved to Richlands. We regret his departure very much, but we hope it will be for his benefit and the people of Richlands may welcome him as a good neighbor.  
Mr. Shepard, a pioneer, of Bogue, has moved here, and will occupy the former residence of Mr. Bell.  
Mr. and Mrs. A. N. Humphrey spent a few days with relatives at Richlands last week.  
There is not any sickness in our community now, but we notice that a certain doctor of Mayville, is here very often; perhaps he has other business. CURFEW.

**BLOOD POISON CURED**  
A Desperate Struggle and How it Ended  
Just 27 miles from the classic city of Athens, Ga., is located the thriving little town of Maxey's, the residence of Mr. Robert Ward, who has just been released from the most serious predicament, the particulars of which he has consented to give to the public. He writes as follows:  
"MAXEY'S, GEORGIA, July 1.  
For twelve or fourteen years I have been a great sufferer with a terrible form of Blood Poison (Syphilis) which ran into the secondary, and finally it was pronounced a tertiary form. My head, face and shoulders became almost a solid mass of corruption, and finally the disease commenced eating away my skull bones. I became so horribly repulsive that for three years I absolutely refused to let people see me. I used large quantities of the most noted blood remedies, and applied to nearly all physicians near me, but my condition continued to grow worse, and all said I must surely die. My bones became the seat of excruciating aches and pains; my nights were passed in misery; I was reduced in flesh and strength; my kidneys were terribly deranged, and life became a burden to me.  
I chanced to see an advertisement of B. B. B., and I sent one dollar to W. C. Birchmore and Co., merchants of our place, and they procured one bottle for me. It was used with decided benefit. I continued its use and when eight or ten bottles had been used, my pronounced sound and well.  
Hundreds of scars can now be seen on me, looking like a man who had been burned and then restored. My case is well known in this county, and for the benefit of others who may be similarly affected, I think it my duty to give facts to the public, and to extend my heartfelt thanks for so valuable a remedy. I have been well over twelve months, and no return of the disease has occurred."

**MUNICIPAL EXPANSION PER TRANSPORTATION FACILITIES.**  
If there is to be a Greater New Bern and this is not a matter of doubt, then this new and larger city must come through an expansion which shall gain its success from transportation facilities, by which the sections immediately adjoining New Bern are to be brought in close and convenient communication with the business centers of this city.  
Present local conditions demand this expansion through the service of transportation facilities. The first local condition is the congestion which exists throughout the residential portion of the city, vacant lots being very few, and building lots being practically none. This causes high prices for every kind of property, and as the population is constantly on the increase, houses to rent are fewer each month, and this means higher rents, and this increase in rent is growing beyond the wage increase.  
A second local condition is that the present city area for residences is hemmed in by the colored population. These citizens are fixtures, either owning their own houses, or else renting them, and so making this boundary one which cannot be easily changed, and the relief can only be secured by going beyond, opening up new subdivisions, and connecting these subdivisions with New Bern by an electric car system, which will mean an easy and quick access to the home and office for those who will buy and build in these subdivisions.

**Wards Mill**  
February 6th.  
Farming interests are improving all the time. The setting of wire fences is an every day business.  
The committee of Smith Academy consisting of Messrs. Luther Kellum, W. H. White, and G. C. Smith, Misses Ann Trotter and Josie Smith, and Mrs. Ann Smith, will give an oyster supper at the Academy, Friday, Feb. 9.  
David Ward, son of George Ward, of Swanboro, I. N. Henderson and E. Rogers, of Hubert, claim themselves as champion deer hunters. They killed three fine deer in one day last week.  
Miss Alice Kellum is visiting friends near Jacksonville.  
The Pritchard Lumber Co. has purchased an old mansion and 30 acres of land from D. G. Ward of Swanboro.  
The petition for the improvement of Bogue Inlet, was completed and sent to Congressman Thomas last week. We hope the Journal will publish the petition. A good appropriation should be made for this matter.

**Luckiest Man in Arkansas.**  
"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Brono, "since the restoration of my wife's health after coughing and bleeding from the lungs, and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery, for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with the first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At All Druggists, 50c and \$1.00. Trial bottle free.

**Gas in the Stomach.**  
Belching and that sense of fullness so often experienced after eating is caused by the formation of gas. The stomach fails to perform its functions and the food ferments. Chamberlain's Stomach and Liver Tablets will correct the disorder. They aid digestion and strengthen and invigorate the stomach and bowels. For sale by Davis' Pharmacy and F. S. Duffy.

**Castoria.**  
The Belcher Artesian Well.  
The Belcher well in St. Louis is one of the famous artesian wells of the world. The boring of it was begun in the spring of 1819 by William H. Belcher, who had a sugar refinery near the river a few blocks north of where the Red bridge now is. After the expenditure of \$10,000 the well was in 1854 driven to a depth of 2,100 feet, where a flow of seventy-five gallons a minute was struck, but the water proved to be so impregnated with mineral matter that it was unfit for use in the sugar refinery, for which Mr. Belcher wanted it. It is used how for medicinal purposes and for sanitary baths.—P.

**Wire Grass**  
Feb. 7.  
Many of our farmers in this section are preparing soil for cultivation.  
Mr. D. W. Honning and Mr. W. G. Dudley attended the Quarterly Conference at Newport Saturday and Sunday.  
Misses Daisy G. Dudley and Mary E. Hellen went to Beaufort Saturday afternoon and returned Sunday.  
Mr. Nathan Ferrell and family of Aurora, N. C., have rented and moved on the "St. Elmo" farm, owned by Mr. Alonzo Thomas.  
Mr. and Mrs. Alex Foreman went to Newport Saturday to visit relatives and also attend the Quarterly Conference.  
Mrs. Elizabeth Lee of Morehead City, who has been the guest of Mrs. J. R. Jinnett, returned home a few days ago.  
Mr. John A. Norris is having a large and commodious dwelling erected on his farm.  
Mrs. Mollie Gillikin and children of Vandemere, N. C., are visiting Mrs. Wm. Campen this week.  
Mr. B. B. Small made a flying trip to New Bern last week.  
The changeable weather is causing much sickness in this section. It seems as if the atmosphere is completely filled with the germs of diphtheria throughout this village; at least it is the theory of the physicians.  
Leighton, the infant son of Mr. and Mrs. John Dickinson, died Jan. 23, 1906. Interment was at the family burial ground at Russell's Creek.  
On the morning of February 1st, 1906 the angel of death claimed from their bright home, little Raymond, the seven month old son of Rev. and Mrs. J. R. Jinnett. The little angels body was laid at rest in the family cemetery.
