SAVING THE SEA FOOD INDUSTRY

At a recent meeting of the State Geological Board, it is reported that Governor Glenn was asked to see that the laws enacted by the Legislature be enforced which look to the preservation of the sea food industry of North Carolina.

It is easy to pass laws, and for Boards and Governors to say that these laws must be enforced, but the saying so has never resulted in helping the fish and oyster industry of this State, and never will, for investigations into causes which have led to the destruction of these sea products, have resulted in the attempt to solve the question through political agencies, and when left to these, the result is never hard to foretell.

The Virginia legislature in session, is passing laws, looking to the preservation of the sea food in the waters of that State, and according to the press of that State the wholesale destruction of fish and oysters needs legislative safe guards there lest these sea foods, and others, become so thinned out as to cease to be.

The easy access to oysters and fish in North Carolina waters have caused these products to be grossly wasted, has led to their possible destruction. And the prodigal waste, the quantities of oysters and fish gathered from the sounds and rivers, has not been of any real value to the State, in way of revenue. Outsiders have carried away thousands of boat loads of oysters, and these sold in outside markets have been passed to the consumer under every name except being from North Carolina.

North Carolina may be noted for its fine oysters and fish, but where is the market in which these native products are rightly labelled, or where the consumer calls for North Carolina oysters, in preference to others?

It is not laws that are needed for the preservation and building up of the sea food industry of this State, but an intelligent and non-political handling of the industry, along practical and business lines. And this only will save and preserve this industry.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a tea spoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

In the Senate Mr. Bailey made a severe attack on Mr. Patterson, of Colorado, declaring that unless he is willing to abide by the caucus decision, he ought to leave the Democratic party.

No pill is as pleasant and positive as DeWitt's Little Early Risers. These Famous Little Pills are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold. Never gripe. Sold by F. S. Duffy.

Secretary Honarrie recommended to the President that Middieham Miner Meriwether, Jr., convicted of having perjured himself. The United States is acting as diplomatic representative of France in Venezuela and of Venezuela in France.

The Yellow Fever Germ has recently been discovered. It bears a close resemblance to the malarial germ. To treat the system from the germ, the most effective remedy is Dr. King's New Life Pills. Given to cure all diseases due to malaria, cholera and constipation. Sold by F. S. Duffy.

A Menace to Health.

Kidney trouble is an insidious danger, and many people are victims of a serious malady before the symptoms are recognized. Foley's Kidney Cure corrects irregularities and strengthens and builds up the kidneys, and it should be taken at the first indication of kidney trouble, as it is impossible to have good health if the kidneys are deranged. STURDY FARMERS KEEP OFF ALL CATARRHAL ILLS BY TAKING PE-RU-NA.

Advertisement for Pe-ru-na, the Most Reliable Remedy For All Climatic Ailments. Includes portraits of Mr. Geo. H. Thompson, Mr. W. J. Temple, Mr. Gustav Schmidt, and Mr. J. B. Alexander, along with a landscape illustration of a farm.

MR. GEO. H. THOMPSON. At Work on the Farm and Feeling Well All the Time. Geo. H. Thompson, Raleigh, Miss., writes: "I have been cured of catarrh by your medicine, Peruna and Manalin. I had been affected with catarrh of the stomach about all my life, and was taken bad every Spring and Summer. "I used several kinds of patent medicines, but they did me no good. I then took a treatment under Dr. M. D., which did me but little good. By this time I had come to where I could eat nothing but a little soup. I had severe pains, had lost in weight and could not do anything. I began taking your medicine, Peruna and Manalin. I then weighed 120 pounds, but after taking several bottles of Peruna and one bottle of Manalin, I weighed 160 pounds. "I am now at work on the farm and feel well all the time. I eat all I want to and my friends say that I look better than ever before. I will ever praise Peruna for its healing power."

MR. W. J. TEMPLE. Climatic Ailments Overcome By Pe-ru-na. Mr. W. J. Temple, R. F. D. 8, Delaware, Ohio, writes: "I am a farmer and so necessarily must be exposed to all kinds of weather. About three years ago last winter, I was taken sick with bowel and stomach trouble. "One doctor called it ulceration of the bowels, another called it colitis. Another doctor helped me temporarily. "Then a druggist recommended Peruna and I followed his advice. I took altogether five bottles and I consider myself a well man. "Before using Peruna, it was utterly impossible for me to do a day's work, but now I can do farm work without the least trouble or fatigue. I consider Peruna the best medicine and tonic on the market. "I had not eaten a meal for five years without distress until I took Peruna. I have recommended it to several friends with good results."

MR. GUSTAV SCHMIDT. Chronic Catarrh of Head and Throat Lasted Thirty Years. Mr. Gustav Schmidt, Spring Valley, Ill., writes: "I had catarrh of the head and throat for over thirty years. It became worse every year. About three months ago I commenced to take Peruna and Manalin, and now I am entirely cured of that troublesome sickness. Your medicine is surely a blessing to mankind. You can truly say that you have not lived in vain, Doctor, and I thank you for the good you have done me. May you enjoy a long life to help suffering humanity."

MR. J. B. ALEXANDER. A Necessity on the Home. J. B. Alexander, publisher of the "Fruit and Floral Guide, a Magazine of Horticulture," published in Hartford City, Ind., says of Peruna: "I was afflicted with catarrh of the throat and head for over ten years. I was treated by many physicians, but grew worse until I was seldom able to go out in cold weather. "About one year ago I was advised to try Peruna, which I did, and I am now entirely well of the catarrh. "Peruna is a necessity in our home. With the first symptoms of a cold we use it, and are never afflicted with catarrh. "I advise all who are afflicted with catarrh to try Peruna. There is certainly nothing equal to it as a catarrh medicine. "Dr. Hartman interested in Farming. Notwithstanding Dr. Hartman's busy professional career, he still continues to be interested in farming. He is the owner and manager of one of the largest farms in the State of Ohio, with several thousand acres of the best tillable land in the Middle West, and with hundreds of the best blooded purebred horses ever imported or raised in this country. Dr. Hartman relies upon Peruna entirely in cases of sickness in his own family. Pe-ru-na, a Household Friend. Mr. Henry Schroeder, Route 5, Napoleon, Ohio, writes: "I suffered for almost ten years with catarrh of the stomach and all doctoring was of no avail. I took nine bottles of Peruna and two of Manalin and am now entirely cured. "I recommend the medicine to all who are afflicted with this disease. It is my household friend." One of Dr. Hartman's Grateful Correspondents. Mr. W. R. Giddens, proprietor of Big Hill Farm, and prominent fruit grower and stock raiser, Glenvar, Va., writes: "I write to express my kindness toward you and your good medicine, Peruna. "I had a very bad spell of sickness and could not eat anything at all. My head, stomach, in fact, my whole body ached, and I believed that nothing would do me any good. I had almost given up. "I decided to try a bottle of your Peruna and before I had taken half the bottle my appetite came to me and my head became all right. In fact, I was all right all over. Peruna cured me." While Peruna is not confined to any one class of people, it is probably the most effective remedy for more than any other, only upon Peruna for the prevention and cure of all climatic diseases.

A TALK TO FARMERS.

"The farmer is the salt of the earth. Without the farmer, the industrial world with all its flurry and immense wealth could not exist for a day. It is upon the soil that we all depend for our living. No matter how far one may be removed from tilling the soil, or how little he may know about the farmer's vocation, he is vitally dependent upon the things which grow in the soil. Farming is the basis of all wealth and is the bulwark of all civilization. The farming class is rapidly becoming intelligent and shrewd in business management. The rouben and the country bumpkin have disappeared and in their stead a practical well-trained business man, capable of the highest form of commercial activity, has arisen. Peruna is a very popular medicine among the farming class. Many a family depends largely upon Peruna as a family medicine and the family physician. Some farmers are far removed from physicians, and in any case they are far more self-reliant and more liable to depend upon a household remedy than people who live in the cities. Dr. Hartman, who for many years was a farmer himself, and who still owns and manages one of the best farms in the State of Ohio, is a friend of the farmer, and it is with the farmer that the immense bulk of his correspondence is conducted. The millions of booklets published and distributed by Dr. Hartman every year circulate chiefly among the farming class. A large number of unsolicited testimonials concerning Peruna come from the farmers every year.
