## "CUTICURA TREATMENT IS A BLESSING"

"At all times and to all people I am willing to testify to the merits of Cuticura. It saved me from worse than the tortures of hades, about the year 1900, with itching on my scalp and temples, and afterwards it commenced to break out on my lambs. I was advised to use salt and water, which I did, to no effect. I then went to a Surgeon, who commenced treating me with a wash of borax. This treatment did me no good, but rather aggravated the disease. I then told him I would go and see a physician in Erie. The reply was that I could go anywhere, but a case of eczema like mine could not be cured; that I was too old (80). I went to an eminent doctor in the city of Erie and treated with him for six months, with like results. I had read of the Cuticura Remedies often. I was strongly tempted to give them a trial, so I sent for the Cuticura Scap, Ointment, and Resolvent and continued taking the Resolvent until I had taken six bottles, stopping it to take the Pills. I was now getting better. I took two baths a day, and at night I let the lather of the Scap dry on. I used the Ointment with great effect after washing in warm water, to stop the itching at once. I am now cured.

water, to stop the itching at once. I am now cured.

"The Cuticura treatment is a blessing and should be used by every one who has itching of the skin. I can't say any more, and thank God that He has given the world such a curative. You can use this letter as you please. A very much befriended man, Wm. H. Gray, 3303 Mt. Vernon St., Philadelphia, Pa., August 2, 1905."

In the State Museum can be found fine display of the great and varied resources of the State, where lessons can be learned in North Carolin lessons in the history of the State. There are more schools in Raleigh, with more teachers and more pupils, than in any other city in North Carolina. Among these are the North Car-olina Agricultural and Mechanical College, the North Carolina Schools for the Deaf and Dumb and for the Blind, St. Mary's School, the Baptist University for Women, and Peace Institute. Other places of interest are the

North Carolina Hospital for the Insane, the State Penitentiary, the Soldiera' Home, the Methodist Orphanage, etc. The executive committee was prom-ised that ample accommodations at a rate of \$1 a day in first-class boardingrate of \$1 a day in first-class boarding-houses would be provided for as many as 2,000 teachers, and the railroads will offer the usual reduced rates. Six large and besutiful auditoriums will be placed at the disposal of the Assembly. Program will be one of the most it. teresting ever presented in North Car-olina and will be attractive to every class of teachers. The officers of the

Assembly expect no less than 1,500 teachers to be present.

The officers are: President, Dr. W. T. Whitsett, president of Whitsett Institute, Whitsett, N. C.; Vice President Superintendent J. A. Matheson of the eity schools of Durham, and Secretary Mr. R. D. W. Connor, of the Stat-Department of Education, Raleigh.

It is of interest to note that there were 2,825 people in North Carolina who made income tax returns, the total of which was \$27,988,000. The counties in line of returns by numbers were Wake 255; New Hanover 244: Guilford 211; Mecklenburg 119; For-
