EX-MAYOR CRUMBO RECOMMENDS PE-RU-NA.

"My endorsement of Pe-Ru-na is based on its merits." —Ed. Crumbo.

E. D. CRUMBO, Ex-Mayor of New Albany, Ind., writes from 611 E. Oak street:

"My endorsement of Peruna is based on its merits.

"If a man is sick he looks anxiously for something which will cure him, and Peruna will do the work.

"I know that it will cure catarrh of the head or stomach, indigestion, headache and any weary or sick feeling.

"It is found to help anyone, if used according to directions.

"I also know dozens of men who speak in the highest terms of Peruna and have yet to hear of anyone being disappointed in it."

Mr. Crumbo, in a later letter, dated Aug. 26, 1904, says:

"My health is good at present, but if I should have to take any more medicine I will fall back on Peruna."

NOT GOOD WORK

So Greensboro Tax Payers Enjoin Against Contractors

And Paving Work Stops. Socialistic Address, High School Closing and Presentation of Flag and Bible. Oak Ridge Institute Will Not be Embarrassed by New College.

(Special Correspondence.)
Greensboro, March 16.—There was a local sensation here yesterday when it became known that Judge Allen, on application of property owners on South Elm street had issued an order to Mayor Murphy, enjoining the city from making further payment on the contract for street paving now in progress. The city contract had to have three quarters of a mile laid in concrete and vitrified brick, at a cost of about thirty eight thousand dollars and two thirds of the work has been completed, the city paying ninety per cent of the contract price as work progressed. The injunction is returnable within twenty days, and is said to have been obtained by property owners, who have been allowed no voice in making the contract are required by city ordinance to pay one third the cost, and who allege that the work is being imperfectly done at an exorbitant price. E. J. Justice, in attorney for complainants, and secured the restraining order from Judge Allen at Asheville. A payment of three thousand dollars was due today, and the precipitate order was obtained to prevent this payment being made. The work is just now at a most critical stage, the intersection of South Elm and Market streets between the Federal building and the county court house where the street car lines converge, being excavated and impassable as to whether work will be suspended or not is not known, as a telegram sent to the chief contractor concerning this has only been answered by a message saying he will arrive here Friday. Chairman of Street Commission Hunter said tonight that the Board courted the most searching investigation in or out of court as to the quality of the work, the integrity of the contract, and economical management of the great undertaking. The city is stirred from center to circumference over a matter which has long been a bone of contention.

Last night, Guy E. Miller, of Colorado made an address to the socialists of this city. Mr. Miller dwelt principally upon the unfairness of the trusts and cited many instances in which the laboring classes had been imposed upon by these trusts.

There was a large gathering at Pleasant Garden, eight miles distant, yesterday at the closing exercises of the Forest township public high school. Governor Glenn made a notable speech this afternoon to a large audience, speaking particularly to the children, his subject being the great need of men and women consecrated to public service and higher civic ideals. In addition the Junior Order presented a flag and bible to the school. Messrs. E. D. Broadhurst and F. P. Hogwood of Greensboro council making the presentation speeches in behalf of the Order. Prominent among visitors from a distance, was Mrs. Calvin H. Wiley of Winston.

The decision of the College Committee of the Methodist Protestant Conference of North Carolina, last week to establish the college at Oak Ridge will not in the least interfere with that excellent High Grade School, Oak Ridge Institute, at present or for two or three years yet. It is said that the Conference agree to give \$25,000 for the plant and will expend a large sum in erecting additional buildings. Messrs. J. A. and M. H. Holt, who have built up one of the finest boy's schools in the south, agreeing to Superintendent the Collegiate department for five years after the necessary equipment has been added and a safe endowment fund secured.

While Greensboro desired the college, it is generally conceded that the Conference wisely embraced a splendid opportunity by deciding to utilize the fine reputation of an already thoroughly established school, and the excellent services of the Messrs. Holt. The Methodist road will soon be completed from Oak Ridge to Greensboro and before long will come the trolley and by that time Oak Ridge will have become a daily popular College town, and will be ready for expansion to this distinctly educational as well as industrial commercial and railroad center.

ANOTHER MERGER

STORY STARTED.

Query: Has the Norfolk & Southern Bought up the Prospective Virginia & Carolina Coast Railway?

A rumor that is merely a conjecture was published in the Elizabeth City Economist of Wednesday March 14, relative to another railway transfer. There are some signs that the Norfolk & Southern Co. has bought the Virginia & Carolina Coast railway, the project now contemplated from Norfolk to Beaufort. The deal, if the rumors are correct, will go far to prove that there is a "power behind the throne". In the Norfolk & Southern accumulating so much property and always buying that which it can use to good advantage the fine Italian hand of the Standard Oil Co. is easily seen.

The Norfolk & Southern is buying here and there, or at least there are evidences of its transactions, and inasmuch as the Virginia & Carolina Coast railway would in a measure be a competitor with it and as it is a very desirable piece of property it is but natural to suppose that such a deal has been made. The Standard Oil Co. is not in the habit of leaving anything undone that will be to its ultimate advantage. It can readily be seen that this will be: Work is well under way on the construction of the Virginia & Carolina Coast Railway, and the terminus are two important ports in this section. If the Standard Oil Co. is doing business in this section at all it is natural to suppose that it is making deals like the one mentioned.

Have you pains in the back, inflammation of any kind, rheumatism, fainting spells, indigestion or constipation, Hollister's Rocky Mountain Tea makes you well, keeps you well. 35 cents. Tea or Tablets. Sold by F. S. Duffy.

Rural Directory Issued.

The 1906 directory of rural residents of Eastern North Carolina is now ready for distribution. It contains the names of all the farmers living on rural routes out of New Bern, Kinston, Wilson, Elm City, Rocky Mount and Goldsboro. There are also subsidiary routes from Dover, Pollocksville, Vanceboro, Fort Barnwell etc. The book is compiled conveniently and one can find any name he desires within a moment of time.

It is issued in two styles, board and paper and a limited number will be sold. Those desiring one may procure it through the Journal office. The prices are reasonable.

It pours the oil of life into your system. It warms you up and starts the life blood circulating. That's what Hollister's Rocky Mountain Tea does. 35 cents. Tea or Tablets. Sold by F. S. Duffy.

A MANIAC AUTOMOBILE.

The Astounding Feat of Touring the World in Twenty Minutes.

A marvelous oddity with an innovation of unprecedented comedy events that are not only unique and startling, but also ludicrous in the extreme, is the new sensational moving picture concert which has kept New York City laughing for the past three or four months. Only made possible by recent discoveries and inventions in motion photography never has anything been offered to compare with this for originality and the exploration of one of the wildest flights of a lucid imagination. A startling series of impossibilities, culminating in a seething waterfall of sideling comedy situations.

Mr. Archie L. Shepard will present this wonderful conception for the first time outside of New York City during the forthcoming return engagement of Shepard's Moving Pictures at New Masonic Opera House, Tuesday, March 20th. This, of course, forms only a small part of the elaborate program to be offered at this engagement.

Police Court News.

There was a case before Mayor Patterson yesterday of more than usual interest. William O'Brien, colored, was on trial for allowing his horse to be unfasted in the street. Mr. Geo. N. Ives was the complaining witness. The horse had gnawed and ruined one of the fine young trees Mr. Ives had set out in front of his residence on Pollock street. The violation of this ordinance has caused property owners a great deal of trouble and while it is not a pleasant matter to resort to the law that is the only way to enforce the observance of a really necessary ordinance.

The trees which have been set out in the city through the influence of the Woman's Club are not intended to furnish pabulum for horses or mules and when drivers are arrested for allowing their animals to graze on trees they should not object to the punishment. O'Brien was taxed the costs, \$2.35.

The A. & N. C. Co. has again violated section 93, of the city laws in permitting the shifting of cars beyond the stipulated limit. The first offence was on March 12, the second, March 13, and the third yesterday. The case was continued until Tuesday for the defendant, the attorney, Mr. A. D. Ward, being out of the city.

The Shadow Party.

Owing to the fact that Dora Thorne is the attraction at the opera house Monday night, the K. of P. Band have decided to change the night of holding their Shadow Party to Wednesday night.

Quite a number of ladies volunteered yesterday at the meeting to assist the boys in holding the affair and it is requested those who can to donate in the shape of cake, cream, etc., will kindly notify J. R. Dawson, the manager of the Band, who will send after same.

Lots Going at Ghent

Ghent, Mr. J. M. Spencer's new subdivision to the city of New Bern, is attracting the attention of home seekers, about one dozen of the highest priced lots having been taken up during the past week. The purchasers are those who expect to build and have their own homes, and this only proves the need of just such a chance as is offered at Ghent.
