OFFICIAL PAPER OF NEW BERN AND GRAVEN COUNTIES.

New Bern, N. C., March 11, 1906.

ONLY THE RICH MAN FOR CONGRESS?

A poor man had better keep out of Congress. Campaign expenses are heavy, and they come every two years. No man can go to Congress without neglecting his law practice or his business.

The above from the Philadelphia Record, can hardly be accepted for strict application in every case, for if only the rich man may go to Congress, then speakers after congressional or senatorial honors, will be measured by their bank accounts, not by their individual merits.

If this advice of the Record's should be literally followed, what kind of national legislation would the country have except in favor of the classes for which the rich representatives in both Houses of Congress come from, for what legislation the poor classes might want could only be passed, as it did not conflict with the desires of the rich classes.

It is this tendency in Nation, State and municipal affairs, to make it a burden for the man of moderate means to accept an office, that endangers the welfare of the masses. It is not that the Record in its pointing out the latter end of the man who goes to Washington, is not correct, for too often is it true, this sad finish of the man who once held an honorable position before his constituents and his country, make an ignominious end, at least in the way of outward appearance, often a career which promised so different an ending.

And it might be asked how poor must a man be to be ineligible, for quite often aspirants for congressional honors are men who have made no financial standing, but who are fully qualified in other particulars to be elected and to serve well their constituents.

It may be asked, if age and a secure financial standing are to be tests for public office, upon which all applicants must be passed, what are the masses of the people to expect, in the way of laws to govern, if not preserves their interests?

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have much faith in its curative powers. For any case that is falling to cure, send for full particulars. Address: F. J. CHENEY & Co., Toledo, O. Holders in all parts of the world.
