L. F. TAYLOR.

## SATURDAY NIGHT JUGS

**Thirsty Greensboro Throgs Express Office for Them.**

**Mrs. Smoot and Other Alleged Counterfeiters. Gold Brick Swindlers Again.**  
G. F. C. to Raise Debt. Private Water Supply Company Liable for Insufficient Water.  
(Special Correspondence).

Greensboro, March 27.—The Express office here Saturday night reminds one who has seen it in days ago, of what the republicans termed "the election bull pens in the east". The approaches to the office door at the station are roped off and guarded. There is an ingress approach and an egress avenue of ropes. Parties getting jugs or bottles of liquor coming from Danville and other Virginia towns, have to take strict "millers turn" entering one way, in single file and emerging another.

Mrs. Alice Smoot, the lady in jail here awaiting trial in the Federal court here next week on a charge of counterfeiting is reported quite sick from nervous prostration. Her husband was placed in the same cell with her Saturday night on request of Col. Morehead. The lady seemed quite "pert" Sunday but seems to have entirely lost her nerve today. It is reported that two other important arrests of alleged members of the counterfeiting gang were made in the mountains last night, but the marshal here says he knows nothing of it.

There is considerable speculation here as to the object of the presence of Mrs. Hawley of Chicago, wife of the gold brick man now serving a sentence in penitentiary for trying to swindle Paul Garrett into buying a gold brick Greenboro several years ago. Why the attorneys who formerly represented the gold brick swindlers say they have not seen the woman and do not believe she is here, officers who know her well, declare that she has been here a week, and pointed her out, while she was walking down Main street this morning. Ever since Hawley was sent to the penitentiary influential parties North have been trying to get him pardoned. Two appeals were made to Governor Aycock, and at the last term of the legislature a tremendous pressure was brought to bear on him just before he vacated the office of Governor to grant a pardon. Enlisted in this pressure were several prominent northern congressmen, senators and capitalists, principally from New York and Chicago. Hawley is the fellow that acted as the expert assayer and gave the opinion that the filings from the hole drilled through the gilded brass brick were gold. The fellow who acted the "Injun" said to have been the biggest rascal in the bunch and so believed here, was pardoned by Governor Aycock. The presence of Mrs. Hawley here is thought to preface a move for pardon on Governor Glenn but if any such action is contemplated Hawley's old attorneys here declare they have no such intention.

The G. F. C. Alumni Association of Greensboro at a meeting yesterday afternoon discussed and devised plans for raising the balance still owing, the \$1,000 pledged by the alumni for the rebuilding of the G. F. College. The plans embrace the giving of an elaborate entertainment during commencement week.

Federal Court clerk Trogen today received the mandate of the United States Supreme Court affirming the decisions of the State Supreme Court and the United States Court of Appeals in the suit of B. J. Fisher and others against the Greensboro Water Supply Company. The mandate declares that "the judgment creditors are entitled to priority of payment over and above the liens of the mortgages set out in the proceedings and pleadings in the action" and directs that the receiver R. R. King, pay over to Helen G. Brown, \$1,200 and \$1,800 to B. J. Fisher, \$25,000 with interest from January 14th 1901 and the costs in the State and Federal courts. Three judgments were obtained in the Superior court here on suits against the water company for alleged failure to have a sufficient supply of water, on account of which the old Bendone (now Guilford) hotel was destroyed by fire, and buildings belonging to three other complainants. By deciding that a private water supply company is liable for damages for an insufficient supply of water in case of a fire, but that a municipal company is not, because one cannot sue himself, the courts have given great impetus to the proposition, so generally advocated everywhere, that a municipality should own its water supply.

## No Hope for Douglas Olds

Special to Journal.  
Raleigh, March 27.—Douglas Olds, the younger son of Col. Fred Olds, lies critically ill of tuberculosis at Southern Pines, where he was carried Sunday, by his father. Information received by wire this afternoon is to the effect that no hopes are entertained for his recovery.

## Smoked Salmon at Oaks Market.

**Plant Rivers With Shad.**  
We are pleased to publish the following letter which shows that the fish condition is soon to be improved:  
DEPARTMENT OF COMMERCE AND LABOR  
BUREAU OF FISHERIES,  
Washington, March 21, 1906.  
Hon. C. R. Thomas,  
House of Representatives,  
Washington, D. C.

Dear Sir:  
I have the honor to acknowledge receipt of application for fish from Mr. Geo. N. Ives, of New Bern, N. C., the same bearing your favorable indorsement. The request has been placed on file and arrangements will be made for supplying the fish as early as practicable.

Very respectfully,  
GEO. M. BOWERS,  
Commissioner.

The application sent by Mr. Ives was for shad and if the hopes of the fish dealers are realized there will be plenty of fish in the waters around New Bern. It is said that fishermen are continually violating laws catching fish under size and thus curtailing the number of available fish.

There is nothing worse than an offensive breath. It comes from bad stomach and liver. Hollister's Rocky Mountain Tea cures all liver disorders and perfumes the breath. 35 cents. Tea or Tablets. Sold by F. S. Duffy.

Finest print butter, 30 cents per pound. Coast Line Market.

## Grand Opening Reception.

Large crowds attended the big soda fountain opening at Warren's yesterday and appreciated the generous hospitality of the proprietor. It was an unusual occasion and was greatly enjoyed. A unique advertisement was put on the street in the afternoon of a negro horseman dressed in fantastic colors riding all over the city with banners announcing the event.

In the evening the people were delightfully entertained by the New Bern Symphony orchestra, composed of the Misses Wyatt and Mr. Hugh Wood, and the tables were full all the time. The store was beautifully adorned with palms and plants and the tables were decorated with pretty bouquets of violets. People filled the store until the closing time at 11 o'clock.

1219 drinks were served to those who visitors at the store during the day and night.

The most healthful, upbuilding medicine known to science; gently soothes the liver and nerves, makes digestion easy, brings to all the sweet sleep of youth. Hollister's Rocky Mountain Tea. 35 cents. Tea or tablets. Sold by F. S. Duffy.

## In Memoriam.

I feel it my duty to express my heartfelt sympathy for the departure of a dear friend of mine, Mr. L. H. French, who died in Carteret county. I shall also say not only do I mean a friend of mine alone, but a loving friend to all that knew him. I have known him from youth and when groups we were never too far apart to see and visit each other, and never could I say that I have had more pleasure at any place than I had when I was in his residence which was six miles from New Bern in Craven county. He married Julia McIlwain, the accomplished daughter of the late Franklin and Julia McIlwain of New Bern, and she also being very wealthy which caused and helped them to live happily together.

It was his kind and helpful ways which caused him to lose his wealth, but he was always honored by his children and all who knew him. About three years ago he moved to Carteret county to live with his youngest son Mr. L. I. French. Often has he relieved the suffering of the poor by giving them homes, they could stay with their own dear families; he was also ready to give good advice both kind and legal as he was a well read gentleman. He held different offices and had been Justice of the Peace for over 20 years of his life. He has left us all now to pay the debt that we will all pay and I deeply sympathize with his bereaved family.  
Written by a Craven County Friend.

## New York Cotton Market.

The following were the opening and closing prices on the New York Cotton Exchange, March 27.

Oct.	10.30	10.42	10.20	10.45

Exchange—39, 774.  
Low price—65.15

## Supreme Court Opinions.

Special to Journal:  
Raleigh, March 27.—The Supreme Court handed down the following opinions today:

Ballard vs Hollingsworth, Cumberland, affirmed.

West vs Railroad, Cumberland, affirmed.

Ballard vs Edwards, L. obeson, affirmed.

Williams vs Railroad, Duplin, affirmed.

Mayers vs McBimmon, Robeson, affirmed.

Bland vs Beasley, Pender, affirmed.

Smith vs French, Craven, new trial in both appeals.

Porter vs Telegraph Co. Columbus, per curiam affirmed.

No pill is as pleasant and positive a DeWitt's Little Early Risers. These Famous Little Pills are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold. Never gripe. Sold by F. S. Duffy.

## A Word About the New Laundry

The New Bern steam laundry is a new business concern located somewhat remote from the business section and is apt to be overlooked among our industries. A word in its behalf, therefore, may not be out of place. This is an institution that is as much a necessity as a hotel or market. It is conducted by Mr. Charles Cook, on modern methods and with the best machinery that money can buy.

The Journal had an article about this laundry a few weeks ago but we wish at this time to specialize more and show the public what a complete and perfect outfit Mr. Cook has.

In the operation of this business Mr. Cook uses the following pieces of machinery: 2 washing machines; one 75 inch mangling machine; a collar and cuff machine; the best made in the United States; starch cooker; collar and cuff starcher; bosom starcher; bydraulic dampening press; drop board Domestic ironer; hand ironer; body ironer; collar and cuff dampener; seam dampener; latest improved shoe shaper; not tube shaper; extractor, and a hurry dry closet. All this machinery is made by the Wilson Laundry Machinery Manufacturing Co., at Columbia, Pa., the largest manufacturing plant making articles for laundry purposes in the world. Their mechanism is simple and made with a view to doing a big washing with the least possible friction. All will agree that it is the rubbing of clothes that ruins them before their time. In this laundry there is no rubbing, or friction of any kind but the work is done as thoroughly as any woman could do by the old-fashioned method.

Six women attend to the work which is done systematically and rapidly and with such neatness and style that one must be impressed with it to see it. He uses none but the very best materials soap and washing soda which he buys in wholesale quantities. The goods are called for and within three days are delivered, all work is performed as well as it can be.

It is a pleasure to know where work of this kind can be done in a first class manner so that even the most fastidious will not have cause to complain. The coarsest washable goods will receive as much attention in their line as the finer goods. There are no favorites and everything is done on honor.

To conclude the Journal would urge the public to patronize Mr. Cook who is to be commended for having the enterprise to start such a concern. He has a plant employing quite a number of people and the money paid to him is a means of circulation every cent of which is kept within the town. It isn't salted and sent to China or elsewhere to give us no benefit again.

The principle is just this: Patronize the man who will in return for that patronage contribute his portion to support the commercial standing of the city.

## PUNY CHILDREN

Words of Interest to Every Mother in New Bern.

"Surely mothers are not to blame for that which they cannot help," said our well known druggist, Mr. F. S. Duffy, during a recent interview, "but when we see so many thin, pale-faced and puny children on our streets we cannot help feeling that mothers are to blame, and we wish we could tell every mother in New Bern what Vinol will do for her children."

Vinol is not a patent medicine, but it contains in a highly concentrated form all the strength-creating and body-building elements of cod liver oil, actually taken from fresh cod's livers, without grease or oil. It does not upset the stomach like old-fashioned cod liver oil and emulsions, and its taste is so delicious that children love it.

Vinol strengthens the most delicate stomach, makes rich, red blood, builds strong bone structure, creates hard, firm flesh tissue and rosy-checked, sturdy children are the inevitable result.

Mrs. Jennie Perse of Mansfield, Ohio, says that her little boy had over-studied and was so run down that he was a mere shadow. Vinol made him a strong, well boy in a remarkably short time.

Mr. F. S. Duffy says, "For both children and adults Vinol is the greatest strength creator, body-builder, and health-restorer we have ever sold, and we will gladly refund the money paid for it in every case where it fails to give satisfaction."

IN MEMORIAM.  
Claudius Walton Weeks.

Departed this life March 23, 1906, Claudius Walton, the infant son of E. E. and Annie Weeks, age, two months and sixteen days. The little one was a lovely child and not only the hearts of those to whom he was most dear touched but of the whole community feel a sense of bereavement. We doubt not that he fares better than earthly parents could hope to do for he is with Him who said "Suffer little children to come unto me". Weep not father and mother for the babe is an Angel and is only awaiting to welcome those from whom he was taken.

The funeral was conducted by Rev. W. S. Kay at the family burying ground at Kuluhs and it was attended by a large number of friends who sympathized deeply with the afflicted family.

## Wasted Lives in New Bern

Men and Women Who Are in Need of a Helping Hand. F. S. Duffy. Offer Way to Better Things.

There is no more irritating or nerve-racking condition than that caused by a weak stomach. It gnaws and wears upon every nerve fibre in the body and results in sleeplessness, headache, back-aches, rheumatic pains, foetid tongue, distress after eating, poor appetite and general weakness and debility.

As we may look to a weakened stomach for most of the chronic or lingering ills that weaken and rack our lives, it is of the greatest importance to know that a remedy for stomach troubles is at hand offered by a reliable drug firm in New Bern under a guarantee that it costs nothing unless it cures.

F. S. Duffy, knowing the formula of Mirona, feels that it will be successful in every case where it is used in accordance with directions, that is, one tablet before each meal, and he offers to sell it under an absolute guarantee to refund the money if it does not cure.

A large box of Mirona tablets costs but 50 cents if it helps you; nothing unless it restores health.
