Guliford Hardware Company Goes into New Quarters. The Record Goes Forward Mr. Caesar Come Again Well. Speeches For Good Roads. Surprise Marriage.

Greensboro, N. C., April 12, 1906. The Guliford Hardware Company have moved into their handsome new quarters across South Elm street from where they were formerly located and they have now one of the most convenient attractive and best appointed stores in the city. The Insurance Adjusters have allowed the Odell Hardware Company \$4,800 as fire and water damage to their office building injured some weeks ago.

His many friends here and in other parts of the South will be glad to know that Mr. Caesar Come, who has been absent several weeks undergoing treatment in a New York hospital for appendicitis, has returned home completely restored to his former health and vigor.

Greensboro's afternoon paper, Mr. Joe Reece's Record, keeps on moving up. Recently it installed a second Mergenthaler typesetting machine enlarging its floor space and job department force. Yesterday it came out with its telegraphic service doubled from its former space.

A deed has been filed in the register of deeds office here from the Safe Deposit & Trust Co. of Baltimore as trustee to J. B. and H. W. Cobb, of New York for several hundred acres of land near Jamestown for a hunting preserve.

Messrs J. Van Landley and R. D. Douglas went to Ruffin yesterday where they made speeches at a rally which was held in the interest of the "good roads" movement which is now being agitated by the people of Rockingham County. An election will be held in the near future when the question of issuing bonds to the amount of \$20,000 for the improvement of roads will be decided.

A surprise marriage ceremony was performed in the parlor of the Clegg Hotel last night at 9 o'clock the contracting parties being Mr. Calverton S. Strader and Miss Mattie E. Christman, both of this city. The ceremony was performed by the Rev. A. G. Kirkman and was witnessed by only a few friends. The bride is quite an attractive young lady. The bridegroom is a member of the firm of Strader Bros. grocers, West Lee Street.

Mrs. Laura Winghamam, mother of Contractor J. L. Winghamam died yesterday at 7 o'clock at the home of her daughter Mrs. G. W. Bain 343 W. Lee St. She was 37 years old and died from an attack of pneumonia. The remains were taken to Ashboro, the former home of the deceased, this morning for interment.

Old Time Dances for Confederates

New Orleans April 12: The entertainment committee of the U. C. V. Reunion to be held in New Orleans April 25, 26 and 27 has issued a call to veterans from other cities to arrange their "jets" for an "old-time" Southern cotillon and "vignettes" which will be led by Gene St. Julien D. Lee and Mrs. General Erax on Bragg on the night of Thursday April 26th. It is desired that each locality make up its own set songs to be prepared to participate in the biggest single dance ever given in the South. The old St. Louis Hotel which has been fitted up with 3000 seats with electric lights and other conveniences, all of which will be free to the veterans. The Railroads have made reduced rates to New Orleans for the occasion and from the present outlook the indications are that the attendance will exceed even that of the big reunion held here in 1904.

THE JURY DEADLOCK

Two Jurors Out in Case of State vs Sultan. Another State Commenced Against the Same Defendant.

Never before perhaps in the history of Craven county court have two jurors been interested in cases at the same time in which the defendant is one and the same man. The Journal yesterday morning spoke of the case of the State vs William Sultan. As is well known the jury is out on the first case having been given to their consideration about midnight Wednesday, and up to the time of going to press had not reached a verdict. On the opening of court yesterday morning the preliminaries of trial No. 2 were begun. There are three indictments against Sultan but it is not likely that more than the two cases will be tried at the present term of court.

The morning session was taken up with hearing motions arguments, affidavits and other technicalities incident to the trial of the second case. Judge Long having ordered the trial to proceed the work of organizing a jury took up a portion of the afternoon session and the evidence began. The court closed at 3:30 last night and will resume business this morning at 9:30 o'clock.

All indictments against Sultan are for the same alleged offense.

THE SWITCHING NUISANCE

As Great on the Atlantic Coast Line Road as on the Atlantic and North Carolina Railroad.

What's sauce for the goose is sauce for the gander is an aphorism which may be taken in a practical sense many times and while so much is being said about the shifting nuisance on the A. and N. C. road we wish to suggest that there are others.

The Atlantic Coast Line railroad has long been switching backward and forward on its tracks on Queen street and the people affected by it on account of the noise, dirt and smoke have allowed it to be one of their daily crosses and have meekly gone about their work making no complaint, although the nuisance of the Atlantic Coast Line is just as bad as that of the A. and N. C.

It seems that the ordinance of the city fathers relative to the shifting of cars ought to extend to the A. C. L. as well as the A. and N. C. The freight trains are in the habit of coming into the station at almost any time of the night and the wheezy and rheumatic old engines puffing and blowing can not help but cause a great deal of discomfort. Then it is not an unusual thing for the engines to run off the track and that always makes a bad matter worse. But an accident like a derailment can be overlooked but the constant din, dangerous conditions and altogether disagreeable features of shifting have got past the endurance of those who live neighbors to the Atlantic Coast Line yard. Complaint has been made a good deal of late but it is likely the company will assume that as people have stood it so long they should not begin to kick at this late day.

BIG GALA WEEK.

The Great Pierce Amusement Co. Here Week of April 30th.

The Pierce Amusement Co. who open in New Bern April 30th for the K. of P.'s Big Gala Week have just closed a successful engagement in Goldsboro and the Argus of that city has the following to say:

"The Pierce Amusement Company closes a successful week here tonight. It has been a week of unalloyed pleasure and only words of praise are upon all sides. It has been noticed and commented favorably upon by our best people that there is not the usual objectionable following of swindlers, etc., with the Pierce Company that follows the wake of other amusement companies. Mr. Pierce's first requisite is cleanliness and morality, and this alone may be credited his unbounded success. Mr. George Marr, general agent for the company made several claims when his company opened here. The company closes here tonight and all these claims have been lived up to the letter. The best people of the community have been in attendance during the week.

Goldsboro has had samples of Carnival Companies before which gave the very name Carnival a black eye, but it was up to Pierce to bring the first real clean company to our city. It has been a pleasure to take a lady down to the "Pierce Pike," which was devoid of fakes or suggestive attractions. It is the finest cleanest and best organization of its kind which has ever toured this section of the country, and a return engagement will be welcomed by our best people."
