NEW BERN, N. C., SATURDAY MORNING, APRIL 28, 1906

TWENTY-FIFTH YEAR

TIRED ALL DAY, EVERY DAY.

Thousands of Women Write Dr. Hartman to Complain That They Never Feel Wholly Rested, That They Are Always Tired.

MRS. T. TRENER.
Albion Place, Notch Road, Paterson, N. J., writes:
"I suffered five years with my spine and pains in my back. I consulted you, fortunately, and in fourteen weeks was cured by the use of Peruna and following your advice."
"I can now do my own work. I cannot thank you enough. I cannot tell you how happy I am. No family should be without Peruna."

MRS. E. A. CONNOLLY.
New York City, writes:
"For many years I suffered with pains in the pelvic organs. I was unable to find relief, as no doctor could help me."
"I read of your wonderful Peruna and decided to give it a trial. I took it for some time and obtained much relief."
"Now I am strong again and have a good appetite. Peruna has relieved me of a chronic ailment, and I therefore recommend it to all women."

MRS. IDA GERMAIN.
Kansas City, Mo., writes:
"I have suffered for years with stomach trouble, so that I could eat hardly anything. I was tired and weak all the time."

PELVIC CATARRH CAUSES MANY AILMENTS.

There are so many women who are tired all the time. They get up in the morning tired and drag themselves around wearily all day. They have pain in the back and dragging sensations which seem to weigh them down as though carrying a burden. Many women are undoubtedly suffering with systemic catarrh. The proper remedy for them to take is Peruna. The catarrh has invaded the whole abdominal and pelvic organs. Through mucous discharges they are losing vitality every moment. The food they eat and the sleep they get is hardly sufficient to keep up with the incessant drain on their vitality. The only hope for betterment in their cases is the complete removal of the catarrh.

For this Peruna is recommended by Dr. Hartman. It relieves catarrh wherever located in the human body—in the thorax, abdomen or pelvis.

"I hope every man and woman who suffers will give Peruna a trial and be as grateful as my husband and myself."
Doctored a Year.
"Miss Anna McGinn, 1st Plain St., Providence, R. I., writes:
"I wish to let you know of the good your medicine has done for me. I had what the doctors called heart trouble."

"This was caused by indigestion and female trouble. I suffered agonies and was afraid to be left alone."
Completely Exhausted.
"At times I was afraid to stand on my feet and to attempt to do any housework was out of the question."
"One day I read an advertisement of Peruna and the wonderful cures and I decided to try it."
New Life and Vigor.
"My husband brought home one bottle and before that bottle was half gone I felt new life and new vigor."
"That tired, hopeless feeling left me. I began to eat and my feet nourished me. I could walk and do my work without fainting."
Peruna's Wonderful Work.
"I took several bottles during the summer and fall and cannot praise it enough for the wonderful work it did for me."
"When I feel tired or nervous from any cause, a few doses of Peruna cure me."

Revised Formula. For a number of years requests have come to me from a multitude of grateful friends, urging that Peruna be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Peruna that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character.

DEMOCRATIC CONVENTION

A Harmonious and Enthusiastic Political Gathering.

A Splendid Assembly of Representative Democrats. Best of Feeling Prevails. Strong Resolutions for the Favorite Candidates Adopted.

The County Convention was called to order at the courthouse yesterday noon by E. M. Green, County Chairman. A representative was present from every voting precinct and in many cases several delegates. In a brief speech Mr. Green set forth the necessity of a better political organization not for fear of defeat by any other party but because the lack of interest shown so far meant a reduction in the representation at political conventions and meetings, and consequently a lessening of their power.

Mr. C. E. Foy was made chairman of the meeting and Mr. William Dunn, Jr. was made secretary. Following were representing their voting precincts or were given authority to represent certain precincts:

Vanceboro, J. B. Harvey; Maple Cypress, J. B. Harvey; Truitts, F. S. Er-nul; Dover, G. V. Richardson; Core Creek, J. S. Robinson, A. W. Avery; Ft. Barnwell, M. D. Lane; Taylor's Store, J. S. Morton; Lee's Farm, Mr. Marshall; Tourman, B. W. Ives; 1st Ward, City, J. A. Meadows; 2nd Ward, E. M. Green, 3rd Ward, S. M. Brinson; 4th Ward, J. M. Hargett; 5th Ward, A. J. Gaskins; Tisdale Precinct, N. Tisdale, Gum Row, W. H. Scott; Pleasant Hill, J. B. French; Jasper, A. E. Woods. A total of 66 votes was recorded as the extent of the county representation.

Mr. James A. Bryan introduced a resolution favoring the re-election to the Senate of Hon. F. M. Simmons. Mr. W. W. Clark then read another resolution of the same nature and Mr. Bryan withdrew his resolution and made a motion to adopt that read by Mr. Clark.

The resolution was adopted by a rising vote and was as follows:

An obligation always rests upon a patriotic and appreciative people to render the just need of commendation and approval to a well-tried and faithful public servant; therefore,

Resolved: That the Democracy of Craven County, in Convention assembled, cherishes a lively remembrance of the past effective activity of Senator F. M. Simmons in achieving the triumph of success of Democratic policies and principles, which assured to the people of North Carolina, the restoration of free, enlightened government, and its establishment on a sure, permanent basis, the effect of which may be seen in the rapid progress and development made throughout the entire State.

Resolved: That the Democracy of Craven County, has remarked, with honest pride, the career of Mr. Simmons in the Senate of the United States, where his patient industry and application, his uniform attentiveness, his intelligent skill in debate, his entire statesmanlike equipment and demeanor enable him to measure up to the high standard of dignity and ability in the Senate where great men shape the destiny of this great Country, both at home and abroad.

Resolved: That the Democracy of Craven County heartily endorses the election of Mr. Simmons to succeed him self in the Senate, and hereby instructs its representatives and requests their Senators to conform to its wishes and to use every effort to secure his election; and lastly,

Resolved: That the Democracy of Craven County would much deprecate the untimely ambition which would suggest antagonism to Mr. Simmons, and thus blur what Mr. Simmons eminently deserves, an unanimous election, by the people of North Carolina.

Mr. E. M. Green then offered the following resolution which was adopted by rising vote.

Whereas: The Democratic Party of Craven County in convention assembled taking great pride in the past distinguished services of their well-bred fellow citizen—the Hon. Owen B. Guion; and feeling that his learning and ability as a lawyer, his patriotism and devotion to the people as a citizen, his high personal character, and equable temperament as a man pre-eminently fit him to occupy, with honor to himself, and the state, the high calling of Judge of the Third Judicial District be it therefore

RESOLVED: that this convention unanimously and enthusiastically endorse him for that high and honorable position, and most respectfully place him in nomination to the people of the third Judicial District.

RESOLVED FURTHER: that the Chairman of this convention be and is hereby empowered and authorized to name delegates to the judicial convention of the third judicial district who will use all honorable means to further and effect his nomination.

Another resolution was offered by Mr. Green endorsing the candidacy of Hon. Larry I. Moore as Solicitor for the Third Judicial District. The same was unanimously adopted.

The following resolution was also

ARTS AND CRAFTS

One of the Most Interesting Sections of Jamestown Exposition.

Norfolk, Va., April 27.—One of the most interesting sections of the Jamestown Exposition will be that part which is devoted to the Arts and Crafts. The multiplication of machines and means for making every available article which enters into the list of human necessities has caused the artistic handiwork of past centuries to become extinct from lack of market.

It might be that the whites never quite assimilated the artistic instinct of the savages in the manufacturing of useful objects, or that the artistic ideas of the more civilized race found expression through other media. But, at all events, the English fell far short of the Indians in handiwork.

Nevertheless, the early settlers did produce some fine specimens. Only the very heaviest articles were imported during the early days of the colony, and while the rudest couches, deal tables and rough chairs might suffice for John Smith and his followers, the advent of gentle women at Jamestown changed the complexion of things. Other colonists at other points brought their wives with them, and a list of handiworkers sprung up in the New World.

In the South, all of the cotton then produced in that section was homespun, and woven into fabrics of varied artistic merit, while the sheep gave the wool for winter wear. This was also sheared, washed, carded, and spun without the aid of machinery. In those days the wheel and loom were not objects of curiosity or ornament, but entered deeply into the personal life of every household. Some of the earlier carpets made in this country compare favorably with Oriental rugs; and this is very wonderful, since carpet-weaving was a comparatively new industry in the Occident when America was opened to English-speaking people.

In a village consisting of 8 or 9 buildings, each one of which will look like a colonial cottage magnified many times, the Jamestown Exposition will lodge its artistic handiworkers. The various kinds of metal workers will each have their own building, and the objects of their inventive genius will be turned out daily. Wood workers will build chairs, tables, beds, bureaus, washstands, book cases and, in fact, all articles of furniture.

The Jamestown Exposition management, in thus interjecting into the twentieth century a phase of the seventeenth, believes that it will inculcate an artistic spirit in modern manufacture, and at the same time will teach the worker or user of home-made articles that, instead of being ashamed of using cheap things, they in reality should be proud of using the best that is made.

It has caused more laughs and dried more tears, wiped away diseases and driven away more fears than any other medicine in the world. Hollister's Rocky Mountain Tea, 25 cents, Tea or Tablets, For Sale by F. S. Duffy.

Death Dealing Wind

Bellevue, Texas, April 27.—A terrific cyclone visited this place last night and laid waste to a vast extent of territory. The country is practically devastated six hundred people being practically homeless. The latest reports indicate that fourteen are dead and sixty-five are seriously wounded.

Dewey in Suez

Special to Journal.
Port Said, April 27.—The great American floating dry dock, Dewey has arrived at Suez in good condition.

Dr. Pepper is sold only in bottles 5 cents.

Favorable Report on Tillman's Bill

Special to Journal.
Washington, D. C., April 27.—The Senate Committee on elections decided unanimously to report favorably on Senator Tillman's bill to prohibit insurance companies and other corporations from making contributions to campaign funds. The bill places a fine of five thousand dollars on the conviction of any corporation and one thousand dollars on any employee interested in such contribution.

Preserve your youth by Drinking Dr. Pepper.

Panicky Stocks
New York, April 27.—The stock market was on the verge of a panic this morning and the condition is regarded as very serious. Great Northern and other railway securities of J. J. Hill dropped 25 points.

Black headache results from a derangement of the stomach and is cured by Chamberlain's Stomach and Liver Tablets.

Sold by Foy's Pharmacy and F. S. Duffy.

CARELESS DRIVING

Results in Horse Being Struck by Electric Car

Falling to See Signal Engineer Ditches Engine. Girls Taken to Hospital. Carpenters Adopt Nine Hour Scale. Prominent Citizen Dead.

Negroes Give Play. (Special Correspondence)

Greensboro, April 27.—As a result of carelessness on the part of the driver a horse was struck by an electric car yesterday, injuring the animal so seriously that it had to be shot. An old negro had just entered town driving a good horse hitched to a wagon, and as he reached the junction of Bagley street he started to cross the track paying no attention whatever to the car bell consequently the car struck the horse, and broke his leg. The driver and wagon were unharmed.

A wreck occurred this morning at Pomona in which two men were seriously, though not fatally hurt. Train No. 33 was running a little late, approaching the derailing switch at the Pomona underlocking plant. The Winston-Salem train was due and the signal was set to stop No. 33 but engineer J. P. Mingate says he did not see it and rushed ahead. The switch being open for the Winston train and looked against 33, the engine was derailed, and fell into the ditch, catching Wingate and the fireman Ed Towns under it. On examination it was found that Wingate's leg was broken, while Towns had a rib fractured and he too, was bruised and burned. Both men were taken to St. Leo's hospital.

The students of the colored A. & M. College presented a play entitled "The Evolution of the Negro" to an unusually crowded house last night as part of their commencement program. Yesterday two young girls who were employed in the Guilford Renlow were taken to St. Leo's hospital. They came here a few days ago from Asheville and were taken ill soon after their arrival.

The local union of carpenters No. 1422 of Greensboro after May 1st will adopt a nine-hour scale of work for one day. Mr. T. E. Causey, recording secretary has so notified the members of the union and he is also written a letter to that effect to each of the carpenters of Greensboro.

Mr. I. Thamer Armfield died at the home of his son-in-law yesterday aged 87 years. Mr. Armfield was born and raised in Jamestown and will be taken there today for burial. Mr. Armfield was a devoted member of the Primitive Baptist church.

Beautiful women can have the best things in the world, for there is none so human as to refuse anything to a pretty woman. Hollister's Rocky Mountain Tea makes beautiful women. 25 cents. For sale by F. S. Duffy.

Insurance Company Re-insures.

Special to Journal.
Raleigh, N. C., April 27.—Insurance Commissioner Young is notified that the American Fire Insurance Company of Philadelphia, because of heavy losses at San Francisco, has re-insured in the Commercial Union of London which is doing business in North Carolina and this step makes all policies absolutely safe.

Let us fill your prescriptions. Warren's Drug Store.

Parade a Great Feature.

Special to Journal.
New Orleans, April 27.—The Confederate reunion closed today with a grand parade. It was one of the most notable and beautiful features of any occasion of Confederate meetings. Marines and sailors of the Cruiser Columbia formed a part of the procession and the signal for starting the parade was the report from a gun on board of that boat.

Rainy Cause Distress

Special to Journal.
San Francisco, April 27.—Six hours heavy and chilling rain has caused much distress among the homeless people here who are dwelling in tents. In some cases they applied for admission to houses but the people inside refused to let them in. Troops however, came to the help of the sufferers and smothered in the doors.
