Our new location is in the Blumer Building on Main St., and are getting in our new stock of safes. Everything in our establishment in the Pike Building was destroyed by the fire, and the only thing which was left was our iron safe which we bought of you. We are first to be in perfect condition as preceding the fire and could be used again if it were not that they had a musty smell from the fire. We will send you one of the books as soon as we have it reprinted, as a testimonial of what your safe will do, and we will write you upon testimonial of any description you may desire, for we can not say too much of the way the safe stands to fire. Yours very truly,
T. J. Turner, Business Manager

It is not only a nuisance but like many other things that are indulged in for mere sport are apt to be carried to dangerous extremes. There is nothing to prevent a lot of fine paper getting into a person's throat and causing serious trouble and when it is thrown into one's eyes it will cause soreness and pain if nothing else. There have been occasions when small stones and dirt have been mixed with the stuff and therein it ceased to be a joke.
A word to the wise is sufficient and if the public will cut out this big nuisance all the people will render a vote of thanks.

ON THE PIKE

Carnival is Attracting Large Crowds. All Shows Doing Big Business.

"The pike, the pike is the place for me," seems to be the thought of everybody whether expressed or not. The crowds in attendance at the carnival last night were large and the shows realized very handsome profits. The merry-go-round, ocean wave, ferris wheel maintain their popularity through it all while the shooting galleries also have their devotees.

Among the shows "Creation", the train wreckers, and Lumette engagement are the attraction of the bulk of the crowd for they arouse considerable interest.

There were some reports of pocket picking last night. One gentleman reported that the intentions of the light fingered people were plain because they had tried to relieve him of some of his possessions but they found that their efforts were useless as he had nothing in his pockets.

A light shower in the evening settled the dust and cooled the air, making it much more pleasant for the people.

CUT OUT CONFETTI

A Practice Common on Carnival Occasions that May Some Time Result Seriously.

The Journal does not knock for the mere sake of knocking, but when there is a palpable nuisance in practice it is our duty to criticize. Whenever and wherever a carnival exhibits the sale of confetti is no small factor in the general profits. A special confetti privilege is considered a cinch and the practice of throwing the stuff is universal.

It is not only a nuisance but like many other things that are indulged in for mere sport are apt to be carried to dangerous extremes. There is nothing to prevent a lot of fine paper getting into a person's throat and causing serious trouble and when it is thrown into one's eyes it will cause soreness and pain if nothing else. There have been occasions when small stones and dirt have been mixed with the stuff and therein it ceased to be a joke.

A word to the wise is sufficient and if the public will cut out this big nuisance all the people will render a vote of thanks.

SECOND FORGERY CASE

A Colored Man Makes a Sorry Attempt to Copy C E Foy's Hand Writing

It is a rather singular circumstance here to have trials for forgery on two successive days. This crime is not attempted here very often and to have two men arrested for it, one having three charges against him is therefore something out of the ordinary.

Yesterday a colored man named Albert Morton, a drayman, was on trial before Justice Street at the city hall for attempting to pass a forged check at the National bank. Monday Chief Harget was called to the bank and took Morton into custody. He said that the check was given him by a man who owed him money and he (Morton) was to return the balance to him. He said he did not know the name of his debtor although he had been acquainted with him for several years, there were other peculiarities about his statements that aroused suspicion.

The check was in favor of the Fertilizer Shell and Bone Co. and countersigned by C. E. Foy for the New Bern Cotton Oil Mill and was for the sum of fifteen dollars. The name of C. E. Foy was clumsily endorsed on the back of the check when it should have been the payee's name, J. Council Brown. Mr. Foy's name was misspelled "Foye." The defendant was tested and in spite of his protestations of innocence showed that he had inscribed the endorser's name on the check. The check was picked up in the road by Morton who was shrewd enough to see where he might be able to get a nice little wind.

Morton was bound over to the Superior court for trial under \$100 bonds. In default of bond he was committed to jail.

The French Labor Crisis

Special to Journal:
Paris, May 1.—The labor riots are causing alarm all over France, and the government is mobilizing its military against the possibility of an outbreak. Fifty thousand regular troops, twelve thousand police and eight thousand republican guards are held ready in this city to take positions at anytime they may be needed. All great money and business centres are completely guarded. Troops had a fight with the rioters at the city of Brest today.

It is reported that the Natural Bridge will be made a pleasure resort by its recent purchasers.

Crank Shaft Broke

Kinston Free Press, 1.
Train No. 4, westbound evening passenger on the A. & N. C., was delayed an hour Monday evening by an accident to the engine, which occurred just west of Caswell station. The crank shaft to one engine broke and dropped down on the cross-ties and trailed along in that manner for some distance. Had the shaft fallen at the opposite end it would have wrecked the engine and possibly caused loss of life.

Planter and Spinner Must Combine. Special to Journal.

Washington, May 1.—The first meeting of the International Conference of Cotton Growers and Manufacturers today some important steps were taken and foremost among them was the decision that the planter and spinner must combine in order to beat the cotton gambler. It was suggested that a daily letter be published by some person or persons duly authorized by the organization in which more complete reports on savings, condition and spinning be given. There is antagonism between growers and spinners.

WAR CLAIMS ADJUSTED.

List of North Carolina Parties and Estates to whom the Government will Pay Indemnity.

The house committee on war claims has reported an omnibus bill, which provides for the payment of the claims of a number of North Carolina citizens for property destroyed by Union troops during the war or taken for the government after the conclusion of hostilities.

All of the cases have been passed on by the court of claims, and the amount in each case was fixed by that tribunal.

The North Carolina claimants mentioned in the bill are as follows:

To William H. Bucklin, of Craven county, three hundred and ninety dollars.
To O. H. Perry, administrator of the estate of George W. Perry, four thousand three hundred and fifty dollars.
To John I. Rowland, of Beaufort county, four hundred and twenty dollars.
To Thomas D. Meares, administrator of the estate of Armand D. Young, ten thousand two hundred and ten dollars.
To the trustees of the diocese of East Carolina of the Protestant, Episcopal church, three hundred and fifty-six dollars.
To James W. Adams, of Pamlico county, two thousand three hundred and twenty-five dollars.
To the trustees of the Presbyterian church of Lumber Bridge, one thousand eight hundred dollars.

Of course you pay your money, but you get your money's worth. For what does money mean to you? When Rocky Mountain Tea's on earth? For sale by F. S. Duffy.

State Normal History Class Visits Battle Ground. Annual Meeting U. C. Protective Travelers Association

(Special Correspondence)
Greensboro N. C. May 1st.—The Southern is preparing to make of No. 38, the Washington and South Western vestibule, one of the finest train in the South, and will shortly inaugurate the new service. The train is already the finest that the road operates since the Palm Limited was discontinued. The vestibule, as it is popularly known, will have added to it all the conveniences of the Palm Limited, and will carry additional coaches, such as club, library, and buffet cars, and the latest designs in Pullmans.

The Wyland-Newman Machine Company is the latest corporation organization here for manufacturing purposes. It is a stock company, with a capital of \$100,000,00 already subscribed with Mr. George C. Wyland of Williamsport Pa., owning a controlling interest. The company will manufacture all kinds of iron and wood working machinery, and deal in all supplies for kindred work. Mr. Wyland will move his family here from Williamsport in a few weeks. He is president of the company, and will have the active management. George F. Newman at present, Secretary of the Greensboro Chamber of Commerce will be Secretary and Treasurer of the new company.

A contract has been let for the necessary buildings consisting of foundry, boiler house, ware houses, and the central building. The latter to be of brick two stories high, 150 x 200 feet. This building is to be completed in 90 days. Mr. Wyland is an experienced machinemaker and capitalist, and is largely interested in the immense plant of the Wyland Manufacturing Company of Williamsport.

The Class in history from the State Normal Industrial College made its annual visit to the Battle Ground Saturday under the supervision of Mrs. B. C. Sharpe, Professor of History. There were 125 young ladies in the party and a delightful picnic dinner was served. Maj. Jos. M. Morehead, resident of the Battle Ground company accompanied the class and he took pleasure in showing the young ladies over the ground and pointed out to them what transpired there one hundred years or more ago. The trip was highly enjoyed as well as profitable. Major Morehead was thanked by the young ladies most earnestly for the entertainment afforded them. In speaking about the young ladies who took the trip with him he said the whole state was represented from the South Carolina lines to the Virginia line and from the Seaboard to the mountains.

The committee of arrangements for the annual meeting of the North Carolina Travelers, Protective Association is hard at work arranging for the annual meeting here May 11th. There will be a banquet on the night of that day at Lindley Park if the weather is favorable. In case the weather is unfavorable it will be held at Hotel Clegg. Mayor Eaton of Winston, will deliver an address at the banquet.
Sanitary Officer J. M. Simpson has had the old cemetery on Ashe street given a thorough overhauling and has improved its condition greatly. It had become a sort of dumping ground for dead cats and dogs and refuse of other kinds.
