OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTY.

New Bern, N. C., May 9, 1906

AMUSEMENT FOR EVERY DAY PEOPLE

The street carnival recently held in this city, has provoked criticism hostile to that form of amusement, more particularly is this criticism, that residents on the streets where these carnivals are held, must submit to a great deal of personal annoyance and discomfort. There is also the argument of the blockade that must be endured by all citizens who have to travel on or use the streets where these carnivals locate their games, tents and various forms of amusements.

It may be said at once, that there can be advanced reasons why any and every kind of amusement should be kept off the streets, and even from showing in a city.

But there are broader reasons for public amusements which should be given, and while no citizen or citizens, or any section of a city should be subjected to annoyances, if not worse, because some amusement is to be presented, yet it should be recognized that the people should not have to demand amusement, but that every municipality should see to it that amusements of a healthy character, those which shall give entertainment of a kind that is of value, ought to be given encouragement to come and so afford those citizens who must remain at home, the opportunity for mental and physical recreation whichever they may desire or need.

Among the rich and those who can seek larger cities for greater and more varied amusements, than may be found at home, there is apt to be found a selfishness, an opposition to street fairs, carnivals, the circus or any of those traveling forms of shows. No doubt there are annoyances to many when these shows crowd the streets, but to the greater number of people, these shows offer the only chance whereby the poorer classes, and even the fairly well-to-do class can see a performance, enjoy an afternoon or night or two, at a cost within their means, and have a pleasure which shall lessen the toil and monotony in their lives.

The every day person, the summer stay at home, need recreation. Parks and outdoor sports are needed in every city for these people. They pay taxes, they support local institutions, they build up and keep up the retail trade, and in return they are entitled to some chance or form of recreation congenial to their likes, and within their means, and these are certain to be offered, if the municipality shall give those who have amusements to offer, the chance to present them to every day people.

No pill is as pleasant and positive as DeWitt's Little Early Risers. These Famous Little Pills are so mild and effective that children, delicate ladies and weak people enjoy their cleansing effect, while strong people say they are the best liver pills sold. Never gripe. F. S. Duff.

Cotton is king in Manchurian imports, and beam products hold a similar place in the export trade. At the same time, the chief staple for home consumption, both for man and beast, is a millet and kaoliang.

THE POWER OF STEAM.

Many May See But It Takes Centuries to Realize.
When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."
There was.
Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.
Recent scientific research has put its finger on the "cause" of Dandridge, Pulling Hair, and consequent Baldness, and has ascribed a tiny germ which eats the life from the roots of human hair.
Newborn Herpetic Glanders this germ and consequently restores the hair to its natural state.
Sold by leading druggists. Send 10c. In stamps for sample to The Herpetic Co., Detroit, Mich.

Thirty-nine thousand Salvation Army meetings are held every week, and the average number of weekly open-air meetings is 37,000. The average attendance at the indoor meeting only every week is 1,202,883.

Not as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. The most eminent physician can not prescribe a better preparation for colic and diarrhoea, both for children and adults. The uniform success of this remedy has shown it to be superior to all others. It never fails! and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by Davis Pharmacy and F. S. Duff.

Koenig invented the steam printing press. His partner, Rensley, cheated him. Koenig, to support life, had to sell his patents. He died a poor machinist, working for about \$ a week.

The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst Burns, Sores, Boils, Ulcers, Cuts, Wounds, Chilblains and Salt Rheum. Only 25c at All Druggists.

Deafness Cannot be Cured.
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed it has a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness, (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, Ohio.

"When I was a druggist, at Livonia, Mo.," writes T. J. Dewey, now of Grayville, Mo., "Three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are well and strong today. I have tried to sell his property and move to Arizona, but after using New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Burnett Cough and Cold cure and Throat and Lung healer. "Testament" by all Druggists. 50c and 75c. Trial bottle free.

FACTS FROM FRANCE.

To call a man a "Dreyfus" in France renders the use of the term liable to a fine of 500 francs for libel.
Last year there were 30,211 million matches sold in France, bringing into that nation's treasury \$5,210,500, this being a state monopoly.
"Colored rain" in the shape of millions of little red, green and yellow insects fell recently at Angers, France. So numerous were the insects that they choked the water pipes in the town.
A woman in Paris who brought an action against the owner of a motor car which splashed her clothes with mud has been awarded damages. The judge ruled that pedestrians had a right to be protected from mud.

Scatica Cured After Twenty Years of Torture

For more than twenty years Mr. J. B. Massey, of 3822 Clinton St., Minneapolis, Minn., was tortured by scatica. The pain was suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has affected a permanent cure. If troubled with scatica or rheumatism why not try a 25-cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by Davis Pharmacy and F. S. Duff.

The Standard Oil Company has established a bureau of publicity, with a newspaper man in charge.

Juggling With Dynamite.
Is no more dangerous than neglect of kidney troubles. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." For sale by Davis Pharmacy.

Two men in Missouri swapped wives, one exchanging his 41-year old spouse, with five children, for a woman 21 years old, with one child.

Stomach Troubles.
Mrs. Sue Martin, an old highly respected resident of Paisano, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her. She says: "I can not eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by Davis Pharmacy and F. S. Duff.

It is estimated that the shrinkage in stocks since the San Francisco earthquake and the amounts to \$900,000,000, or three times as much as the loss in the Golden Gate City.

Postmaster Robbed.
G. W. Foster, Postmaster at Riverdale, Ill., nearly lost his life and was robbed of all his money, according to his letter, which says: "Forty-two years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for Biliousness, Headache, Weakness and all Stomach, Liver, Kidney and Bladder Derangements. A wonderful Tonic. At all Drug Stores. 50 cents.

It is Dangerous to Neglect a Cold.
How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back, with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cures of this most common ailment. It always cures and is pleasant to take. For sale by Davis Pharmacy and F. S. Duff.

Worth Thinking About

The organized efforts being made in North Carolina and many other States to convince cotton farmers that the extra 2,000,000 bales that have heretofore been produced for the purpose of paying for food stuffs has been the ruin not only of the farmer, but of the entire south, will, it is thought, be effective to keep down the acreage except in Texas. If the extra bales of cotton could be turned into actual bread and meat, instead of being sold on the market as cotton, the producer might not be damaged, but as long as 10,000,000 bales will bring ten cents per pound and aggregate \$500,000,000, just so long will 12,000,000 bales have to be sold at about eight cents per pound and bring to the farmer \$480,000,000. This proves the argument of the writer many years ago, "that it was better for the cotton farmers to produce their own supplies than to have them laid down at their nearest depot free of cost" as they receive nothing for the labor expended on the extra bales produced. I do not think there will be much reduction in this State from last year, as the reduction has already been made. More attention is being given to supplies and stock. Our farmers are investing surplus in land, improved implements, farm journals and education.—George Allen, Raleigh, N. C., in Manufacturers' Record.

PLANTED HERE LAST NIGHT.

Over Half Million Shad put in Cape Fear Waters, Though not Due for That Place. Wilmington Dispatch, May 7.
Six hundred thousand additional shad are swimming around beneath the waters of the Old Cape Fear today. This giant number of fish was planted last night. It was unintentional that they should seek a resting and hatching place in Cape Fear waters, but they "got there just the same." It seems that the six hundred thousand were scheduled to go to New Bern, but missed connections of trains delayed the shipment so that the only thing that could be done was to bring the fish to Wilmington last night and plant them here. So about twelve large casks came in on the belated Coast Line train from the north last night, and were carried down to the foot of Market St. about 9:30 o'clock and their contents dumped overboard, or at least dumped beneath the waters, for the casks were lowered and then opened. The shad were nearly hatched and went a scrambling in all directions in the water.

GUARANTEED LIQUOR LAW.

No Detention From Work or Loss of Time—Desire for Drink Destroyed by Orrine.

When one of our most reliable druggists makes a most positive statement that he will guarantee to cure the liquor habit if Orrine is used in accordance with directions or refund the money, it shows his great faith in the treatment. It is in this way that Orrine is sold by the leading druggist in nearly every city and town. In every box is a registered guarantee which entitles you to a refund of your money if Orrine fails to effect a cure.
No other cure for the liquor habit has been sold in this way and the remarkable guarantee shows how much superior Orrine is to ordinary sanitarium or home treatment. There is no detention from work or loss of time when Orrine is used. It destroys the desire for liquor, so that the drink will not be missed, and also cures the deranged digestion, weakened nerves and other ill effects of excessive drinking, restoring the patient to perfect health.
Orrine is prepared in two forms, No. 1, the secret remedy which can be used in food or drink without the knowledge of the patient; No. 2 for those who take the remedy of their own free will. Both forms are absolutely guaranteed to cure or they will cost nothing. Treatment on how to cure drunkenness free on request. Orrine Co., Washington, D. C. The price of either form is \$1 a box, making the cost of the complete cure less than one-tenth what is usually charged at sanitariums, with a guarantee that the expense will be nothing unless a cure is gained.
Orrine is for sale by C. D. Bradham.

The series of revival meetings conducted by Rev D H Tuttle of Fayetteville, has accomplished much good. To say that he preached well is to express the truth very mildly. His preaching was clear, forceful and with great power. The people of the place were captivated by his preaching and by his spirit as a consecrated Christian. The spiritual life of the church has been greatly quickened and many have made an open profession of faith in Christ and were received in the church. Several infants and larger children were baptized.
