WAR IN THE SENATE.

Standard Oil Company Denounced. Reports Showing Its Extortions and Frauds.

Special to Journal
Washington, May 17.—There was a hot time in the Senate today. In the late bill discussion, Senator Lodge denounced the Standard Oil Company in no measured terms, declaring it holds the entire industry of the country by the throat.

Senator Bailey renewed his attack on the President, saying he thought the President inspired the newspaper attacks. The President had written him saying he did not doubt his good faith.

The President sent to the Senate today, Commissioner Garfield's full report on the Standard Oil Company's investigations, showing the extortions and frauds practiced by that company with the complete testimony including way bills.

Demands Some Public Action

The electric lights on the Pollock street section were again out last night. This no light is not merely an annoyance, but it is a serious loss to every store on the circuit, whose business is injured, and every house holder is put to an extra expense. If the consumers on the Pollock street circuit would get together, they might get some redress, as it is now, this no light, for so many nights, demands some public action for its correction.

LAST DAY OF COUNCIL

Decision to Hold Intact Bishops Property Wilmington. Committees Appointed. Reception at Parish House.

Yesterday's council began at 9:30 a. m. as usual. In the parish house the Woman's Auxiliary held its session, the reports of which were especially good. The morning session in Christ church opened with the discussion relative to the question of building the Bishop's residence at Wilmington, and the alienation of part of the Episcopal property.

The result was that the council decided not to sell any of the property upon which the bishop's house is to be built. This discussion occupied most of the morning session. A committee was appointed to devise ways and means to raise the money to pay for the erection and completion of the bishop's residence. The following committee was appointed: Rev. Mr. Gibble of Windsor, Rev. L. G. H. Williams, New Bern; Rev. R. W. Hogue, Wilmington; Laymen, Messrs. Cordon, Washington; Hill, Goldboro; Col. DeRossett, Wilmington; Anderson, Fayetteville; Wood, Edenton.

The afternoon session beginning at four o'clock, was spent in electing committees. For the Sunday school committee commission the following were appointed:

Rev. Cox, Greenville, Rev. L. G. H. Williams, New Bern, N. C. Gordon, Washington, and Mr. Boatwright, Wilmington. The committee on the colored commission were: Rev. N. C. Harding, Rev. Cox, Messrs. W. G. Lamb, F. D. Winston and W. D. Pruden.

The following were elected for the standing committees: N. C. Harding, Dr. Carmichael, Rev. Mr. Skinner, Col. DeRossett and Mr. G. H. Roberts.

Mr. Rountree, of Wilmington, was elected chancellor.

Elected to the missionary committee were: Messrs. Lamb, Haskett and Gordon.

Before the close of the afternoon session, Bishop Cheshire, of Raleigh, made an interesting address in which he stated that Trinity in 1907 would be the bi-centennial of the first celebration of Holy Communion recorded in the state of North Carolina.

Other committees were re-elected, among them being the student's aid, church building, trustees of diocese and general clergy relief.

The Council adjourned at 6:30 p. m., to meet May 1907 at Kinston.

At the Parish House, last night from 9 to 11 o'clock, a general reception was held, given especially in compliment to the visiting clergy and delegates at the Council.

The spacious and splendidly arranged building was thrown open to the public for the first time, and the visitors and guests admired everything about the house. There was a large number present. Refreshments were served.

In the regular Washington letter by Thomas J. Pence of the News and Observer the following appeared yesterday morning which will be of some political interest in this section.

This visit means that Mr. Blackburn is going to measure lances with Collector Duncan for delegates from the East in his fight to capture the State convention."
