Our Reputation

We have a reputation for keeping everything that a drug store should keep. It is very seldom we say "put out" to a customer. If a table found in any drug store we have it.

Asigmatism

Means an irregular focusing of rays of light on the retina (or mirror) of the eye, i. e. the vertical rays may focus on the mirror and the horizontal behind or in front of it, this is an unequal expenditure or distribution of nerve force which means headache, neuralgia, inability to read or study for any length of time, the muscles being in a constant cramped strain to overcome the defect in order that clear vision may be maintained, this error unless slight usually results in very defective vision and upon correction by glasses opens up a new world, one patient remarking "he was afraid of the glasses they made me see like a telescope."

FORMER NEWBERNIAN HONORED

The Following From the Abilene, Texas Daily Reporter Will be of Local Interest.

"We are glad to be able to report that the Association of Hardware Jobbers of Texas, now in session in Dallas have honored themselves and our city, by electing Ed S. Hughes, of this city, president of the body, a special to The Reporter, bringing the news just before we go to press.

Mr. Hughes is probably the biggest hardware dealer in the State of Texas, and is said to carry the largest stock in the state.

In selecting him the association has chosen not only one of the most successful men, but one of the most pleasant, courteous and reliable gentlemen we know.

The people of West Texas appreciate this merited recognition of a gentleman of our section, one who has spent his entire business life among us bringing a fortune by fair dealing and being able to see and seize every opportunity to benefit his customers. It is such men as Ed Hughes who have placed West Texas in the front ranks, and have demonstrated that we have the best country in the great southwest."

Maysville

May 21.

Unless rain comes in a few days, damage to crops in this section will be great. Already cotton and corn is suffering from the drought.

There seems to be some dissatisfaction among the people of this township over the road law and unless it is amended we fear that the democratic party in this township will be divided as we have heard several voters say that they have always been loyal democrats in the past, but in the future they will not vote that ticket. If this was the remark of a few, it would not be so serious, but it is a very common thing through the rural district surrounding Maysville. They are in favor of working the roads by taxation, but they are not in favor of having to pay a tax and then work. We hope something will be done by our next representative to adjust this law to the satisfaction of our voters in order that the democratic party may not lose a single vote.

Messrs Jenkins Bros., will soon begin work on a cotton gin in this place. As we have only one gin here, the farmers will be greatly benefited by this new gin. They will have it completed in time for this year's crop.

Mr Samuel Godwin, a respected citizen of Kuhn's died Saturday night of consumption.

Miss Macy Weeks of Cedar Point, spent a few days with relatives and friends here.

Misses Mary and Lilly Parker are visiting relatives in Kinston.

The protracted meeting which closed here a few days ago was one of the most successful meetings that has ever been held in Maysville. Rev Mr DeLoatch's sermons were very interesting. Every service was well attended and religious interest was shown by people who have always been non church goers as a result of which they are now attending church regularly. One sermon that deserves special notice was preached on the subject of "Breaking the ten Commandments," in which Mr DeLoatch spoke plainly on taking the name of the Lord in vain. We feel safe in saying that the subject was so well expounded that it will live in the minds of all who heard it, and that its good results will be seen for a long time to come.

Funeral of Fred G. Land.

The funeral services of the late Fred G. Land, were held at six o'clock last evening and a large number of his friends and associates paid the last token of respect to his memory. The casket was borne into the church by Messrs. Wallace Smith, Henry Whitehurst, Carl Taylor, Roy Marshall, Ernest Willis, and Willie Harrington. There were many beautiful floral offerings, evidences of love and respect for the young man, were placed on the casket. Rev. G. T. Adams delivered a short and touching eulogy on the sterling qualities of the young man and exhorted Fred's friends who were present to emulate his example for thrift, obedience and honesty.

Letter to J J Turner

New Bern, N. C.

Dear Sir: The usual way to buy paint is to take the lowest price for the gallon. Mistake! The buyer loses by it; how much? Depends on the paint; it is so much a gallon, or so much a year. How much a gallon or year, do you think? As much perhaps, as the total price of the paint. It may take twice the number of gallons.

N. Avery, Delhi, N. Y., owns two houses, both exactly alike. He painted one with Devco and one with another paint. Devco 6 gallons; the other 12. Go by the name, Devco. There's nothing cheaper. Go by the price, there's nothing cheaper, except not painting at all. Four paint is better than none.

What does it cost not to paint at all? Can't figure it out exactly; say a tenth of the building a year, besides looks.

What is your paint worth, then? Don't know and don't care; you don't want it. Go by the name.

Yours truly,

F. W. Devco & Co.

NEW PICNIC AND CAMP MEETING GROUND

A Pretty Spot on Duck Creek Recently Cleared Up by Capt. Tom Dixon.

The colored race are having a series of camp meetings at a place on Duck Creek about three miles from New Bern. It is a pretty spot, a nice grove, high dry ground and every convenience that makes an attractive pleasure or camp meeting place.

A substantial dock has been built and numerous small buildings erected for the sale of soft drink and lunch.

Yesterday Mrs. Wicks, whose announcement has been in the Journal a few days ago preached in the afternoon and last night. The lady is an earnest speaker and preaches the truth fearlessly and in a forceful manner. Her text was the passage "Put up the breastplate of righteousness that ye may withstand the fiery darts of the wicked." She said that the warfare was well exemplified in the Christian life; that it was a constant fight, not a one day in seven scrimmage but a continual struggle of the right against the wrong. She made one pertinent remark to the effect that the popular idea of some that Christian people could indulge in forms of sin which would be unpardonable for a minister to commit. That is totally wrong, for a sin is just as black when an ordinary Christian commits it as when a minister yields to temptation. She uttered many other truths which were impressed on the hearts of her hearers.

We Want to Sell Some of the Goods.

When trade is dull and stock is full. And the cash you need you want to pull. Take all your goods from off your floors

And move the whole of your stock out doors

Then if the folks won't come and buy

A mark down fake you next can try

You can fool some people all the time

And in this way catch many a dime.

But when your prices are right in the start,

And you've acted the honest merchants part

Just peg away you'll not be lost

For the buyers know where to save in the cost.

More Shad Planted.

Mr. L. J. Copeland, of Edenton, the United States Fish commissioner arrived on the steamer Neuse yesterday morning having with him 1,800,000 young white shad. Of these Mr. Copeland took 1,200,000 to Comfort, Onslow county, to place in the waters of the Trent and the balance were taken to Newport under the care of Mr. Reinhardt, an assistant.

The waters of eastern Carolina are now plentifully stocked with that very delicious, although somewhat boney article of sea food, and nothing preventing, we shall have no reason to complain of the insufficient supply of shad for several years to come.

Drink Dr. Pepper and retain your youth and health.
