

## TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

### Spring Fever Is Spring Catarrh—Nothing Robs One of Strength Like Spring Catarrh.

Miss Nellie Condon.

#### Gained Eighteen Pounds.

Mrs. Hattie Hamilton, R. F. D. 2, Sparta, Ky., writes: "I have taken two bottles of Peruna and commenced on the third. "I did not really need the third one, but thought it best to take another bottle. "I have always weighed 102 pounds, but since I began taking Peruna I weigh 120 pounds for the first time in all my life, and I am now 33 years old. "Your medicine has surely done me a great deal of good and I have recommended it to several others who have begun taking it. "My mother, who is 76 years old, had grown so weak she could scarcely walk. "She took two bottles of Peruna and is fatter and is looking well."

#### A Spring Tonic.

ALMOST everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna possesses such qualities is beyond all question. We have on file thousands of letters which testify to the curative value of Peruna in cases of nervous depression and run down conditions of the system.

#### A Typical Letter.

Mrs. Rhoda Stufflebeam, Bunch, Iowa, writes: "For years I suffered with catarrh of the throat and bronchial tubes. "I doctored with different physicians, but kept getting worse all the time.

Revised Formula—For a number of years requests have come to me from a multitude of grateful friends, urging that Pe-ru-na be given a slight laxative quality. I have been experimenting with a laxative addition for quite a length of time, and now feel gratified to announce to the friends of Pe-ru-na that I have incorporated such a quality in the medicine which, in my opinion, can only enhance its well-known beneficial character.

## Pe-ru-na Is a Fine Tonic For a Weary Woman.

### A Letter of Praise.

Miss Nellie Condon, 407th Avenue, Brooklyn, N. Y., writes: "I consider Peruna the ideal spring tonic. "For the past five years I have taken it at this time of the year and find that it enables me to endure the variable weather of the spring and the trying heat of the summer. "Peruna affords the most prompt and permanent relief in all cases of nervous prostration, caused by systemic catarrh, as verified by many cures on our records."

Mrs. Hattie Hamilton.

#### Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless, it taken according to the directions on each bottle. So need, it can be taken any length of time without acquiring a drug habit. "It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. "There are a multitude of homes where Peruna has been used off and on for twenty years. "Such a thing could not be possible if Peruna contained any drugs of a harmful nature. "Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.

"I followed your directions as closely as possible, and thank you and Peruna, I am a well woman to-day."

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

### ORGAN RECITAL

Dr. J. W. Biscoff, a Renowned Musician, President of the New Organ at Methodist Church.

The new pipe organ at the Methodist church was formally dedicated last night. The church was crowded and despite the intensely warm and disagreeable evening the program was enjoyed to a great degree. Not only was the church filled but a large number of people assembled on the outside of the church to hear for the first time the organ respond to the touch of a master hand.

The organ has been described in the Journal at a previous time and suffice it to say that its comments on the sweetness and resonance of the instrument were fully substantiated last evening. Dr. Biscoff, of Washington, is an artist who is known to all the musical world. The gentleman has the misfortune to be deprived of his sight, and like others with the same affliction, by the loss of one sense they cultivate the others more assiduously with the result of perfection of their efforts.

The program selected was of a classical nature almost entirely but it was of such a nature as to show the organ to the very best advantage. The unusual combinations were especially noticeable and in every respect the instrument seemed to display its merit. An able assistant to Dr. Biscoff's performance was the singing of his wife which charmed the great audience. The lady sang with wonderful precision and the strength, sweetness and control of her voice was splendidly demonstrated in the aria which was a succession of running notes, a test and a strain on the human voice, yet she sang the most difficult passages with ease and grace. There were some familiar sketches both instrumental and vocal which the audience enjoyed to their utmost.

Had the program been one with a few more of the popular airs, played as only Dr. Biscoff can play we apprehend that the pleasure of the evening would have been enhanced.

### Bankruptcy Mistrial.

Special to Journal. Greensboro, June 8—A stubbornly fought case was ended today in a special term of Federal court to hear bankruptcy proceedings. The case on trial was creditors vs. Hardin, Davis & Combs, hardware merchants of Wilkesboro. The case involved the possession of a \$20,000 stock of goods and after the jury had been out all day they returned to report that they could not agree upon a verdict. Thereupon Judge Boyd ordered a mistrial. The case has occupied ten days of this and the former term.

### Trade Report

Richmond, June 8—Bradstreet's says for Richmond and vicinity: Hardware dealers are receiving increased orders for in and out of town shipments. They report the largest business in their history. The loose tobacco market continues active with strong demand for good wrappers, and especially high prices for common fillers. The crop for this season has practically all been marketed. When averaged the prices show an increase over last year. Produce dealers are receiving large consignments of southern produce and vegetables for which they are receiving good prices. Wholesale dry goods dealers continue to receive considerable filling in orders, but shipments for the fall stock has not yet commenced. They anticipate for this season large sales, as collections in this line have been good. The wheat crop will be harvested within the next two weeks. This crop will be good and probably show an increase over that of 1905. The recent rains on the Eastern Coast have been advantageous to farmers, especially tobacco and vegetable growers. The planting of these crops is well under way. Retail trade is more active.

### \$10,000 And Walk Away

To whom it may concern: This is to inform you I have a store house nearly ready, near corner Burn and Pine streets, where in five years you can pay all expenses and walk away with ten thousand dollars cash. (Signed) I. H. SMITH.

### These Lunch Races.

It has been suggested to the Journal by an owner of a gasoline launch that as a first prize to the winner in the races on July 4th that each boat entered pay an entry fee of 75 cents and the amount to be used in the purchase of a silk flag to be donated to the winner. While the idea is a very good one and no doubt it will excite a lot of interest yet it has been suggested that a committee of business men on the village to make donations in a fund and have five of the prizes, they being divided into three classes according to horse power and in that order.

### Alleged Embezzler Held.

Greenville, N. C., June 7—Luther E. Vick, former agent of the East Carolina Railway at Farnville, who was arrested at Tarboro Monday on the charge of embezzling funds of the company and brought to Greenville, was before Justice of the Peace C. D. Rountree today on preliminary hearing. The testimony of the prosecution was, in substance, that at various times Vick had taken money belonging to the railroad company and endeavored to cover the embezzlement by false reports of collections.

Vick offered no evidence in rebuttal and was bound over to the September term of Superior court in the sum of \$1,000. The action against Vick was brought by the American Surety Company, of New York, in which company he was bonded as agent for the railroad. The surety company claims that his shortage is \$1,127.

W. V. Custer, representative of the Guarantee Company, of Atlanta, was also present and an interested spectator at the preliminary trial today. He says his company had Vick bonded as an agent of the Southern Express Company and that there is a \$500 shortage in the accounts with the latter company, for which he is waiting to take Vick in hand when this matter of the railroad shortage is disposed of.

Baptist Deacon Blind Tiger Operator Special to Journal.

Raleigh, June 8.—The United States Court in session here developed the fact that a Baptist deacon and a delegate to the late Baptist Convention from a county in the northeastern part of North Carolina was a deliberate operator in a blind tiger. The court convicted and passed sentence on the man notwithstanding the various pleas advanced to protect him and spare him in the name of the church which he represented.

Security Fire Insurance Company Retires Voluntarily on Account of Heavy Losses. Carolina Children's Home Society Prospects.

Raleigh, N. C., June 8th.—The Secretary of State granted a charter to the Champion bank of Canton, in Haywood county. The authorized capital stock, all of which has been subscribed, is \$10,000. The incorporators are G. W. Mealin, Waynesville; W. J. and O. M. Hampton, J. N. and I. H. Mease, W. T. Sharp, H. A. Osborne, C. S. Bryant and C. T. Wells, all of Canton.

The Pomona Manufacturing Company at Greensboro, was granted an amendment to its charter, by which the authorized capital stock is increased by the issuance of \$100,000, seven year cumulative preferred stock. The total stock being \$350,000. Lee H. Battle is president and A. L. Bain is secretary.

The Security Fire Insurance Company of Baltimore, Md., has withdrawn from the State because of its heavy losses by the San Francisco fire. The company is in no wise insolvent, but deemed it best to cease some lines owing to the fact that heavy losses were incurred at the time of the Baltimore conflagration.

W. E. Streeter, Secretary to the North Carolina Children's Home Society, Greensboro, is in the city after attending the meeting of that organization last night in his home offices. Mr. Streeter is pleased with the work of the society and its prospects. So far 147 children have been received and of this number 136 have been placed in homes. This has been accomplished since the organization in 1903. All support is by voluntary contributions. Since the beginning there has been so contributed in round numbers \$15,000. At present the resources show a deficit, as the liabilities stand at \$6,511.88, \$488 of this amount having been brought over as such from May 1905.

Josephine Terranova Free Special to Journal.

New York, June 8.—Decision was reached at the office of the District Attorney today to discharge Josephine Terranova from custody on Monday. She will not be held for trial on a charge of killing her uncle, Gaetano Reggio. Last Friday a jury acquitted her of the charge of killing her aunt, Mrs. Concetta Reggio.

### Date Fixed for Encampment

Special to Journal.

Raleigh, June 8.—Gov. Glenn after conference with military officers announced that the First and Second Regiment North Carolina National Guard Encampment at Morehead City will begin August 7th and may continue eight days, contingent with decision as to placing brigadiers or regiments. The Third Regiment will go into camp at Chincoteague. The latter date has not yet been arranged for. Indications are that about ninety per cent of the strength of the guard will go into camp and it is the wish of the officers to have a majority of the men for a short while rather than a small portion only for a longer period.

### United States Juror Dies

Special to Journal.

Raleigh, June 8.—Thomas C. Hawks, of Pittboro, juror in the United States Court died today of heart trouble. He had been indisposed at his boarding house for a few days but was not considered dangerously ill. He was 47 years of age and unmarried. The last term of this court was marked by the death of a witness named Bynum, the end coming in the court room.

### A Second Petition Sent In

Special to Journal.

Raleigh, June 8.—The City of Greensboro has supplemented yesterday's petition to Corporation Commission by filing another largely signed petition in regard to the changing of the schedule of the night passenger train between Raleigh and Greensboro.

### Mr. Hill Denies

The following telegram is an answer to a story which appeared in the Wilmington papers Saturday evening and Sunday in which it was stated that Mr. Hill had suddenly and mysteriously disappeared just before his marriage to a prominent young woman of that city. The story was also given increased circulation through the agency of the Associated Press.

The telegram says: "Glenn Springs, B. C., via Spartanburg, S. C., June 8, 1906. Billie New Bern Journal.

The sensational story published in the Wilmington papers is regarded by our relatives with Miss Margaret Douglas as misleading and infamously false. Kindly withhold this information. EDWIN G. BELL."
