Where Are You Going To Spend Your Vacation?

The Mecklenburg

IS THE BEST PLACE FOR YOU—
WHY? BECAUSE!

These Waters Used Jointly have given wonderful results in Eczema, all Blood, Nervous, Kidney, Digestive Disorders, Rheumatism and Catarrh.

Its splendidly equipped Sanitarium, operated in connection with Hotel (No consumption or contagious cases taken.) Its Hydratic Department, embracing the celebrated Baruch System of Baths, exhilarating and beneficial.

Its large airy rooms, broad halls and corridors, perfect ventilation and its picturesque location.

Its beautiful winding walks and driveways, through romantic woodland.

Its well equipped livery, comprising the best ladies and gentlemen's saddlers and roadsters and ponies for the children.

Its varied amusements, consisting in part, of splendid Orchestra Dancing, Bowling, Tennis, Golf, Billiards, Pool, Trap-shooting, etc.

Its Social Features are characteristic of the highest class of patronage, which is drawn from the most prominent, and aristocratic people throughout the country, yet the freedom from formality makes it a kin to one big family. It is the "Southern Society's Mecca."

Its Cuisine and service is strictly first-class.

The season of 1906 promises to surpass all previous records, both in number and personnel of its guests.

Large bookings have already been made of prominent people who will take up their Summer Residence at the Mecklenburg. It is the most accessible All-year-round high class Health and Pleasure Resort in the South.

Telegraph and Long-Distance Telephone in hotel.

**HAD GIVEN UP ALL HOPE,
CONFINED TO HER BED
WITH DYSPEPSIA.**

"I Owe My Life to Pe-ru-na,"
Says Mrs. Huffaker.

Mrs. Mittie Huffaker, R. R. No. 8, Columbia, Tenn., writes:
"I was afflicted with dyspepsia for several years and at last was confined to my bed, unable to sit up."
"We tried several different doctors without relief."
"I had given up all hope of any relief and was almost dead when my husband bought me a bottle of Pe-ru-na."
"At first I could not notice any benefit, but after taking several bottles I was cured sound and well."
"It is to Pe-ru-na I owe my life today."
"I cheerfully recommend it to all sufferers."

THE JULY NUMBER OF THE SOUTH ATLANTIC QUARTERLY.

A Brief Review of the Contents of This Number of the Magazine Some Interesting Articles.

Durham N. C.—Never before has the South Atlantic Quarterly presented such an array of prominent contributors or such a number of timely and striking articles as in the July number. President John C. Kilgo of Trinity College makes a forceful and patriotic plea for the organic union of the two branches of American Methodism, deploring the sectionalism, that has so long kept them apart. Mr. Bliss Perry, editor of the Atlantic Monthly, writes with charm and penetration of "Literary Fashions." Gov. Joseph W. Folk's recent address before the Southern Educational Conference at Lexington, Ky., is printed in full for the first time; he speaks out boldly for compulsory education, child labor legislation, and obedience to law. President Alderman of the University of Virginia writes vigorously and eloquently of the points that have been settled in Southern education during the past generation and of the points that remain to be settled by the present generation. "Eskine Steele" who has written literary articles for some of the leading magazines of the country writes of "Fiction and Social Ethics," an acute criticism of tendencies in contemporary fiction. Mr. Frederick Law Olmsted, Jr., professor of landscape architecture in Harvard University, and Mr. John Nolen, a leading architect of Cambridge, Mass., writes a joint article on "Public Open Spaces in American Towns and Cities," in which they trace the development of municipal landscape architecture in the country at large with special reference to development in the South. Prof. E. Walter Sikes of Wake Forest College makes a new book on Lincoln the basis of a syncretic and discriminating study of Lincoln's mastery of men. Mr. John P. Kennedy, State Librarian of Virginia, who has done so much within recent years to publish records of that State and to diffuse an interest in public libraries, discusses "The Value of a State Library Commission." The number closes with book reviews and literary notes by Professors Bassett and Dodd and the editors, Drs. Edwin Mims and W. H. Glasson.

New car load Ellwood wire fence just in. Poultry wire, barbed wire, screen wire. Price low. Gaskill Hardware Co. Phone 147.

For Representative

At the request of numerous Democrats of Craven county, I hereby announce myself a candidate for the nomination by the Democratic party to the membership of the House of Representatives. If this suggestion of friends meets with the approval of the party I will, if chosen, endeavor to serve my people faithfully, and in the full extent

THE L. M. EDGERTON SPECIAL.

A Motor Cycle That Wins Everyone's Admiration and Interest. A Safe and Speedy Vehicle.

Mr. L. M. Edgerton has built a motor cycle which he claims has a distinct advantage over any other motor cycle made. It is strongly constructed, weighs only one hundred pounds and the operation is so simple that any one can ride with perfect safety.

A twenty-five mile-an-hour speed can be put on the machine but for the purposes of the cycle here it can be gauged at any speed desired.

The peculiar advantage of the wheel lies in the fact that the entire control of the machine is in the right grip. By the turn of this grip alone the start is made, feed regulated, and the speed adjusted. It does away with the troublesome and intricate valves. The operation is made more safe by this control. The exhaust is hardly noticeable on the machine on account of an improved muffler which almost obliterates the sound. The device is fine, more valuable than a mere bicycle because it can make trips through sandy roads; it is less expensive than an automobile and for one who needs a bicycle in his business the motor cycle answers every requirement. It has been called the L. M. Edgerton Special.

Wheat Iron with Pepsin are the principles of Dr. Pepper's Pepporates the greatest tonic drink of the age.

Lawyers Leave Wrightsville

Special to Journal

Wrightsville, June 29.—The Bar Association closed its session here today. George Rountree of Wilmington was elected president. The next meeting will be held in the mountains.

Editor and Dispensary Man Fight

Duel

Special to Journal

Orangeburg, S. C., June 29.—A fatal duel was fought here this morning between J. T. Parks, Auditing clerk for the State dispensary and R. H. Conner, editor of the Morning Patriot, both men will die. The trouble arose over the sale of the paper.

Thaw Pleaded Not Guilty

Special to Journal

New York, June 29.—Harry Thaw was arraigned in preliminary examination and pleaded not guilty to the charge of murder. This plea was made with a reservation, however, and may be changed to guilty Tuesday. Thaw's lawyers will adopt two plans of defense; one will be emotional insanity and the other the fact of White's relations with his wife drove him to desperation.

Rate Bill and Law

Special to Journal

Washington, June 29.—The Senate has passed the rate bill and it will become a law in six days. The Senate may yield to the House on a substitute in the meat inspection bill.

CASITORIA

The Kind You Have Always Bought

Joe Scott Lands His Man

Will Griffin, a negro who on the 7th day of last March shot Joe Scott at Bayboro was caught by Scott at Jacksonville yesterday. Scott had received word from Griffin if he would come down to Jacksonville that he (Griffin) would allow himself to be arrested. Scott readily accepted the invitation and went down and thereby added to his reputation as an officer of the law (7) Joe is a mighty versatile nigger when he is not in some deviltry, he can turn sleuth and discover and run down almost any old kind of a criminal. He seems to be a sort of Dr. Jekyll and Mr. Hyde.

Scott has recovered from his injury but he was pretty well filled with the contents of Griffin's gun. The latter will be brought here tonight and later will be taken to Bayboro where he will be tried.

New York Cotton Market.

The following were the opening and closing prices on the New York Cotton Exchange, June 29.

	Open	High	Low	Close
July	10.10	10.21	10.08	10.21
Oct	10.25	10.31	10.23	10.31
Dec	10.31	10.37	10.28	10.37

Receipts—4,431.

Last year—12,922.

It is wonderful what a little careful grooming will do for a woman. It's the difference between a girl and a lady.

BATTLE GROUNDS

TO BE PRESERVED.

Government Will Probably Make Yorktown a Military Reserve.

Norfolk, June 29.—The Committee on National Parks of the Sons of the American Revolution are greatly encouraged by the results obtained in having the battlefields at Stony Point and Valley Forge preserved as State reservations to be maintained and preserved forever for the "Free engagement of the people of the State."

The secretary, William Van Zant Cox, records the fact that the Virginia and District of Columbia Society are interested in having a military park established at Yorktown. In its report to Congress of the Sons of the Revolution; the suggestion is made by the committee that now when the Jamestown ter-centennial anniversary is receiving the attention of the entire country, the auspicious time has come for united effort. It is hoped by the Society that the Senators and Representatives of Virginia will express this measure on the Congress of the United States with a reasonable hope of success. The recommendation of the committee is as follows:

We recommend the passage of a bill by the Federal Congress appropriating a reasonable sum of money for the acquiring of the battleground of Yorktown where the struggle for liberty was successfully terminated. We urge the necessity of passing such legislation at the present Congress of the United States, during which will be celebrated the three hundredth anniversary of the first English settlement in America and the anniversary of the establishment of Anglo-Saxon civilization in the Western Hemisphere.

ORIENTAL.

Stirring and Masterful Address on Education by Governor Glenn.

Oriental, June 29.—Thursday night, June 28, the Governor delivered a thrilling address. His subject: "Is the Young Man Safe." He touched the State, community, the home and the church. If these are saved says the Governor, the young man is saved; and he must be the savior thereof. This lecture includes patriotism, morality, purity in politics and true citizenship. Every girl and boy in the State should hear it. Thank God for a chief executive who preaches and teaches such a doctrine and who lives up to such high standard.

The lecture was delivered in the Disciple church, this affording mere seating capacity. The church had been neatly but beautifully decorated by the ladies. Mrs. W. M. Ball and Miss M. Love Rich arranged the decorations and furnished the music. Mr. Pearce presided, Mr. H. L. Gibbs in a brief but pleasing manner introduced the speaker.

Mr. Hardy of the News and Observer was in town this week and did some good work for the Observer.

Mayor L. B. Midgett met with an almost serious accident Wednesday, by coming in contact with a barrel of lime, the head came off and the lime filled his eyes and mouth. The pain was severe for some hours but he is convalescent and it is hoped that he will recover.

Superintendent Robs. of Stonewall, and Mr. Robt. Woodard, of Pamlico were with us Thursday night. In fact many of our friends from all over the county.

The trucking interest is practically over, the wharf is almost quiet. In fact we are quiet only when we growl over the heat or cold, the rain or the dry.

Hot In Chicago.

Special to Journal

Chicago, June 29.—The heat here has been intense today and fourteen cases of prostration have occurred. There have been four deaths from heat. The temperature reached 98 degrees.

Torrid Weather Yesterday.

Yesterday was by far the hottest day of the season and the records for several years will have to be searched to produce a hotter one. Old Sol began business as soon as he showed his face above the eastern horizon. At eight o'clock a m. the thermometer was 82 degrees, at 10:30 a m. it went to 88, at 11 it was 92 and at 12:15 it was 96 degrees and 2 o'clock it was reported as having passed the hundred mark.

The breeze which often relieves the heat here was not so much in evidence. There were two or three feeble efforts at a breeze but they died down as if overcome by the heat but the sun kept on shining. Nightfall alone brought slight succor from heat and it was most heartily welcome.

Dr. Lee Cohen of Baltimore will be at the office of Dr. R. D. V. Jones from July 8th for two weeks, where he will see patients residing

RALEIGH.

No More Chances Taken On Jail Escapes.

Agreement on Encampments Dates at Morehead. Supplies for the State Guard.

The Postmastership Between Briggs and Hardin. Special Correspondence.

Raleigh, N. C., June 29.—Adjutant General Robertson and Quartermaster General Macon, who came here yesterday to arrange the date for the encampments at Morehead City, remained here from Governor Glenn. They agreed upon July 25th to August 3rd for the Second Regiment, and August 11th to the 20th for the First Regiment. The Governor returned this afternoon from Oriental, Pamlico county.

A charter is granted St. Leo's Hospital at Greensboro with no capital stock, several Sisters of Charity, Sister Veronica Rilly and others being named as the incorporators.

Insurance Commissioner James P. Young has gone to Montreal on business connected with the Presbyterian Synod of the State.

Col. Thomas S. Kenan and Mrs. Kenan are now at Mamaroneck, N. Y. but soon will go to Saratoga to remain some six weeks or more.

After July 1st large quantities of supplies for the National Guard of this State will arrive here including tents for one regiment, much clothing and general equipment. Work has not yet begun on the rifle range at the encampment. This range must be finished and ready for use before the troops go there, rifle practice being now specially required by the United States which pays all the expenses of these encampments, including pay of troops, ration, transportation, etc. It is this rifle range which causes the encampments to be a little later than was first expected.

It seems that the contest for the postmastership here at Raleigh will be really between Willis G. Briggs and John H. Harlin here at Raleigh. Senator Butler's brother is an aspirant and it looks as if there will be a test of the power of the ex-Senator in North Carolina Republican politics.

Hereafter, since the attempted escape of prisoners from jail here night before last, there will be a watchman on duty all night. Heretofore this has not been the case. Prisoners are sent here from various counties for safe keeping. The negro Bethel who cut through the door bar with a saw, then passed it to the murderer Williams, who was with four other prisoners in a cell below and they used the bar to break two or three of the cell bars. The discovery was made barely in time to prevent the escape of all.

Czar Finds Treason Among Home Guards.

Special to Journal

St. Petersburg, June 29.—Czar Nicholas is greatly shocked to find that members of his favorite regiment of the household troop, the imperial guard known as the Probajenski Grenadiers of which he is honorary colonel have adopted resolutions upholding all the actions of the Duma. The act is treasonable in a sense but not really punishable.

Trade Report

Richmond, June 29.—Bradstreets tomorrow will say for Richmond and vicinity:

Wholesale dealers in hardware and agricultural implements continue to receive large orders. In this line collections are better than usual. Dealers in and manufacturers of harness, saddlery and leather goods have had the best season in their history. Wholesale dry goods houses continue to receive filling orders. Shipments for the fall stock has not yet commenced but they anticipate the greatest business they have ever done. The produce market is active and the demands about equal the supply; prices are good and collections fair. Retail dealers continue active for this season of the year. Summer vegetables and staple crops are somewhat late owing to the continued dryness of the weather during the early spring months.

Piano and Pipe Organ Tuning.

Mr. and Mrs. Snyder of Washington, D. C., are at the Patterson House for a short stay. Mr. Snyder is a piano maker, expert tuner and rebuilder of pianos and pipe organs. He was in New Bern about a year ago.

Mr. Snyder announces to his former patrons that only straight tuning prices will be charged them, regardless of any other defects that may have developed due to the ordinary wear, (such defects will be remedied free of cost.) Uprights and squares \$4.00, Grands \$5.00.

To new patrons examinations and estimates are free, phone Patterson House.

Mr. Snyder carries the largest line of material for general rebinding to be found south of Baltimore.
