There was heated debate on a bill to establish a dispensary at Creedmoor, Granville county, if the sixty voters so decide, they having asked for this. The place is near the Virginia line and is flooded with whiskey from that State. The bill passed 54 to 6.

The Senate bill placing Solicitors on salaries was discussed at length, and passed, to take effect January 1, 1909. Solicitors are required to visit scenes of wreck, crime or accident. The salary is fixed at \$2,500 none are to receive this amount unless fees reach that figure, and if they exceed it excess fees are to be paid the State educational fund.

Bills were introduced to allow Elizabeth City to issue bonds and levy tax for debt and streets and to amend its charter; and to establish a dispensary at Bethel.

Fire on New South Front Street

Early morning fires have become on and the fire departmen has been worked pretty hard. Nearly all the bad fires lately have occurred between midnight and dawn and it is a hard test on the good nature of the firemen to be yanked out at such unearthly hours. It is a well recognized fact that the theatre going public of New Bern know how to appreciate a good performance several good songs and dances that and a poor one they will not stand for, The gentlemen who have the direction of the K. of P. Band Minstrels have this view in mind, and when the curtain goes down on the last act it can be said that the show was one of the best ever put on by amateurs and much bet-

The musical members are strictly up-to date and the jokes are rich as are four soloists in the olio and the songs are all catchy. Mr. L. C.
