## TRUCE SIGNED BETWEEN EDITOR AND LAW MAKER.

Senate Passes Lee County Bill With But One Dissenting Vote - Bill to Provide Fire Escapes on All Public Buildings Tabled

Special to Journal

Raleigh, March 4.—A threatened encounter between Editor Simpson of the Raleigh Times and Representative Winborne of the lower house growing out of a newspaper criticism and a following denunciation of the editor by the representative on the floor of the House, is averted by a conference between the two, arranged by a mutual friend. Winborne speaking to a question of personal privilege said the editor had acted honorably and he retracted all he said. He and the editor publish cards. The trouble grew out of the report of the conference committee on the railway rate bill.

The bill to create Lee county upon vote of the people within its proposed territory, passed the Senate on second reading, only one vote in opposition.

The immigration bill passed the Senate, 23 to 14, after 51 counties were excepted from the provision that only immigrants from Canada and Northern Europe should be brought from Italy, it being claimed they serve admirably as farm laborers in that section. An amendment was adopted to include immigrants from Southern Italy.

The House passed the labor bill, making 66 hours the limit for a week's work, and providing that after this year no child under 14 years old shall work between 8 p. m. and 5:30 a. m., and children under 18 without exhibiting a certificate of attendance at school four consecutive months the previous year.

The bill to require fire escapes to be provided at all public buildings, schools, factories and hotels was tabled, though backed by the firemen associations.

Another bill tabled by the House provided for appeals to the Supreme court in cases where a judge has set aside a jury verdict.

The following bills were introduced in the House:

To secure enforcement of laws against liquor in Goldsboro.

To amend the charter of South Mills.

To allow pensions to ex-Confederate soldiers over 75 years old regardless of the amount of property owned.

To fix salaries for Pitt county officers.

To prevent fraud on boarding houses and hotels.

To incorporate Pine Town, Beaufort county.

To protect oysters and clams in Carteret.

To divide profits of the Grifton dispensary.

To allow Wilson to issue road bonds and to establish a dispensary at Black Creek.

Bills were introduced in the Senate to allow the Geologist to cooperate with the United States Geological bureau in the preparation of a topographical map of North Carolina.

To incorporate the North Carolina Union Railway.

To regulate charges for traveling in chair cars and sleeper cars.

A resolution was offered to adjourn at noon Saturday.

The bill to separate races in street

cars was defeated.

The Senate committee this evening decided to extend Raleigh's limits so as to make a square one mile from capitol.

The chamber of commerce which has for months contended for this extension wins out, all opponents having yielded.

The committee also decided to extend Fayetteville boundaries, as asked for.

## New Additions Bring New Duties

By the provisions of the new charter the limits of the city of New Bern are extended to Jack-Smith Creek embracing a large amount of territory which takes in the site of the John L. Roper mill at the head of Griffith street. This very substantial addition to our city area makes new duties incumbent on the board of aldermen that the city advantages of water, sewer and lights be given them. Particularly it is necessary that they should be prompt about the water service on account of fires as there is not enough hose to lay from the last hydrant to the last house. A condition that ought not to exist.

## A Business Proposition

The boom in mining interests through out the country during the past two years has greatly increased the number of investors in this class of securities and holders of large and small amounts are eagerly seeking daily news of the market and of the mining districts. In such matters the "New York Commercial" has grown to be known as the leading authority and investors can do no better than read its columns daily.

The Financial and Insurance departments are among the strongest in the country and the dry goods, grocery, drug, metal and provision market reports are accepted by those in the various lines as most valuable and authoritative.

One druggist who owns two or three stores in New Jersey states that he has saved thousands of dollars by keeping in touch with the market through the columns of the "Commercial." As a business proposition business men will find in a subscription to the "New York Commercial" a valuable asset.

## Was Good to Them.

The new post office appropriation bill passed by Congress Saturday put a smile on the clerks and carriers of the post office here that will not easily wear off. Commencing July 1st the carriers will receive \$1,100 per year and the clerks' salary ranges from \$600 to \$1,100. The rural carriers will get \$900.

## ACTUALLY CURES CATARRH.

F. S. Duffy's Faith in Hyomei is so strong that he sells it Under Guarantee.

It is one thing to claim, another to back up the claim by a statement that if it is not proven true, there will be no charge for the service or the goods.

It is in this way that F. S. Duffy sells Hyomei, for he has so much faith in its powers to cure all forms of catarrh and bronchial troubles, that F. S. Duffy gives an absolute, unqualified guarantee with every outfit that if the remedy does not cure, the money will be refunded.

Hyomei is based on nature's way of curing catarrh. It contains the concentrated healing oils and gums of the pine woods, prepared in such form that they can be brought into your own home. It gives the health advantages of the Adirondacks in such form that you can be cured of catarrh and affections of the nose, throat and lungs while at home or at work.

A complete Hyomei outfit costs but \$1, and extra bottles, if needed, may be obtained for 50c.

With Hyomei you can cure catarrh pleasantly and easily at small expense, with no risk of the treatment costing a penny unless it cures.

## DAMAGED BY FIRE.

Car on Pamlico Oriental and Western Railroad Destroyed

A car attached to the regular train from Bayboro to New Bern was badly damaged by fire yesterday morning at nine o'clock at the east end of the railroad bridge. The car was filled with camp equipments that had been used by laborers on the P. O. & W. Road, and was being transferred to the New Bern-Washington division of the Raleigh & Pamlico Sound railway.

It is supposed a match ignited and caught the tents on fire and caused a lively blaze. The lack of buckets made the fire hard to fight. Most of the contents were destroyed.

About June 16, there will come to New Bern a car load of Florida favorite watermelons. If Gerlie will promise Sarah a fine sample her trouble will be over. C. E. Whitcomb

## Mr. Danenburg Goes Into the Bottling Business

Mr. A. E. Danenburg has resigned his position as clerk in the postoffice in this city to engage in other business. He has been in the postal service for eight years and has proven to be one of the most efficient clerks in the service. He goes to Goldsboro, N. C., where he and his brother will engage in the business of bottling Coca-Cola under the firm name of Danenburg Bros. They have lately installed one of the most up-to-date and complete bottling plants in this section of the south, consisting of new machinery and fixtures throughout, and they expect to engage in the business extensively. They have the best wishes of many friends in New Bern for success.

## Forgiveness.

Nothing is more moving to man than the spectacle of reconciliation. Our weaknesses are thus indelumented and are not too costly, being the price we pay for the hour of forgiveness, and the archangel, who has never felt anger, has reason to envy the man who submits it. When thou forgivest, the man who has pierced thy heart stands to thee in the relation of the sea worm that perforates the shell of the mussel, which straitaway closes the wound with a pearl.—Jean Paul Richter.

## Ears of Animals.

The ears of tigers, foxes, wolves, cats and other beasts of prey bend forward, while the ears of animals of flight, such as hares, rabbits, deer, etc., bend backward. This is because the ears of beasts of prey are designed for the purpose of collecting sounds in the direction taken by the animal in pursuit of its prey. The ears of an animal of flight, by turning backward, enable it to hear the sounds made by a pursuer.

## Fire Apparatus.

Jamie Boutar loved to poke the fire and invariably ended by putting it out, greatly to his wife's disgust. While at supper one evening the fire alarm rang, and Jamie, seizing his cap, was hastening out when his wife ran to the door and called after him, "Hadn't you better take the poker who you, Jamie?"—Short Stories.

## The Two Classes.

It was Oliver Wendell Holmes who said most truthfully, "The human race is divided into two classes—those who go ahead and do something and those who sit and inquire why it wasn't done the other way."

## Quite a Difference.

Small Edna—Oh, look at those cow! Small Nellie—They're not cows. They are calves. Small Edna—But what's the difference? Small Nellie—Cows give beef and calves give veal cut!

CURED BY CUTICURA REMEDIES IN ONE WEEK

"Cuticura Soap and Ointment are the greatest remedies for skin diseases on earth. I have suffered six months from a disease which I cannot describe, but I will tell you the symptoms. My skin was full of red spots and my face was full of red pimples. It made life miserable for me and I was discouraged with everything. I went to several doctors, but it was useless. But while reading a newspaper I came across one of your testimonials telling the value of the Cuticura Soap and Ointment. I resolved to try them, and after using them for about one week I became a new man. The pimples and the red spots have disappeared and they made my skin as soft as velvet. Now I am a constant user of the Cuticura Soap and Ointment and I recommend them highly. Albert Cashman, Bedford Station, N. Y., Nov. 29, 1905."

## ENJOY EATING.

Good Digestion Can be Really Gained With Mi-o-na Stomach Tablets

It is torment to look upon a tempting dinner and realize that to eat freely means distress and suffering.

Let us tell you how you can enjoy eating, so that the heartiest meals will set well and cause no pain, distress or uncomfortable feeling of fulness.

If you cannot eat and enjoy three good hearty, satisfying meals a day, without any feeling of discomfort, your stomach is weak and needs the strength which Mi-o-na stomach tablets will give it. You cannot afford to delay treatment, for the longer you allow the digestive organs to be weak the harder it will be to get help.

The remarkable curative and strength giving power of Mi-o-na is attested by the guarantee, which F. S. Duffy gives with every 50c box. "I return the money if Mi-o-na fails to cure."

If you find that eating well cooked and properly chewed food is followed by heaviness and load on the stomach, by bloating, by gulping of acids and wind, by distress, nervousness, headache, trouble to sleep, or by any other symptoms of disordered or weak stomach, you should begin the use of Mi-o-na at once. It is guaranteed by one of the best known druggists in New Bern to cure all disorders of the stomach, or cost nothing. A guarantee like this means a good deal.
