Wire Grass.  
April 1—All Pools dry has come, and with it a very cold northeast wind and rain.  
With two weeks of fine spring weather having just passed, our farmers find themselves in much better shape with their work.  
Mr. J. C. Merrill is soon to begin the erection of a large, and modern dwelling on his farm.  
The improvements along the public highways which our farmers are making, especially in the removing of old wall and plank fences and replacing same with neat woven wire is very noticeable, indeed.  
Mr. B. F. Merrell is nearing the completion of a neat little cottage dwelling on his farm.  
Rev. W. A. Piland filled his appointment at this place Sunday afternoon, and preached the funeral of the late D. W. Hummings, to a large and attentive congregation.  
Announcement has been made that a protracted meeting will begin at Tuttle's Grove church the second Saturday and Sunday in this month, conducted by Rev. D. H. Tuttle of Fayetteville, and to continue two weeks.  
Master Floyd Eubanks came up from Beaufort Friday to spend Easter with his parents, returning yesterday to be at his desk in school today.  
Misses Lucy Bishop and Pearl Langdale, also returned to Beaufort today to answer to the roll call in St. Paul's school.  
Miss Mamie Gilikin closed her school at this place last Friday. And with her pupils gave quite an interesting literary entertainment of dialogues, recitations, songs, etc., interspersed with instrumental music. The crowd in attendance was large, there being many visitors from the adjoining school districts.

**On My Native Soil.**  
Here are a few words from one that has stood in the ranks for the Confederate cause and has fought for what was our rights and homes, and has left his native home to go to Greenland's icy seas, and from there to the Palestine countries to roam. And who has returned to his native shores to await the call from Him, and then to join his comrades and friends who have gone on years before.

**First State Weather Report.**  
Special Correspondence.  
Raleigh, April 9.—The first weather report this year for the state, was issued today by the weather bureau. It says:  
The week began cold and windy. On Tuesday, April 2nd, the minimum temperatures were below freezing over the entire state. The lowest temperature reported was 26 degrees in Buncombe county on the 2nd. Ice formed in many places, and frost from light to killing was general. Considerable damage was done in the western counties, but less in the central and eastern counties. On Wednesday the temperature rose, and the highest generally occurred on Friday, April 5th. The highest reported was 81 degrees on the 4th in Madison county, and on the 5th in Randolph county. The last portion of the week was again cool. The temperature averaged about 6 degrees below normal. The week was fair until Friday evening, when rain began which continued in most places Saturday and Sunday. The rainfall averaged above normal somewhat, and was heaviest in the interior of the state.

**Weak Kidneys**  
Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.  
If your back aches or is weak, if the urine is scanty, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tabllets or Liquid—and see what it can and will do for you. Urge its recommendation and sell.
