NUMBER 89

NEW BERN, NORTH CAROLINA, SATURDAY MORNING, JULY 13, 1907

TWENTY-SIXTH YEAR

**4% INTEREST PAID ON SAVINGS 4%**

### ESSENTIALLY CONSERVATIVE

Certainly, every good bank must be, but there is a vast difference between being truly conservative and being hide-bound.

This Bank aims for that conservatism which means safety for its depositors, but also for that intelligent liberality which means so much to the prosperity of the individual and the community.

This Bank has a helpful service for every one who steps across its threshold, from the child saver to the farmer or business man with his commercial account.

### PEONAGE CASE IN U. S. COURT

**Special Term Called For August 6 at Beaufort Will Have an Interesting Case**

#### ABLE COUNSEL ON EITHER SIDE

Other Trials Beside Peonage Will be Held But the One Mentioned Will be AM Absorbing. Second Asst. Attorney General of U. S. to Assist in Prosecution.

The special term of United States court which has been ordered to convene at Beaufort beginning August 6 will be of unusual importance and interest. In addition to the peonage case which is the first to be tried in this district, there will be some illicit distilling cases from Pitt county and also there may be others.

In relation to the case against E. A. Kline for peonage action in this matter is directed from the high source of the Department of Justice and no less important a personage than the second assistant attorney general of the United States Charles S. Russell will assist District Attorney Skinner in the prosecution of the case. Mr. Skinner's visit to New Bern this week was to meet Mr. A. Y. Hoyt, special agent of the Department of Justice to arrange the calendar and make such other arrangements as may be required to vigorously push the prosecution of these cases.

E. A. Kline, a contractor or manager engaged in the construction of the Raleigh & Pamlico Sound division of the Norfolk & Southern road is the person charged with the crime of peonage which consists in forever holding persons for labor without pay. It is alleged that the people thus held are Italians, Austrians, Poles, Russians who have been compelled to submit to much cruelty. These men are unable to speak a word of English. They are said to be kept like pigs in the pen. It is expected that a brilliant array of legal talent will be present at Beaufort to argue this matter which is comparatively new.

### OBJECTED TO PICTURES BEING TAKEN

Dr. and Mrs. Rowlands Disposed to Shrink From Publicity and Endeavor to Suppress Snapshots.

Raleigh, July 12.—The Rowlands will not be tried for the poisoning of Engineer G. R. Strang until the September term of court, the case to be called in the first Thursday of the term. An order to this effect was made this morning by Judge Long after he had listened to argument for more than an hour by counsel for the prosecution and defense. He had ruled last evening that he would admit certain depositions from other states by the defense in the event the trial came up at this term. But that the whole question of trial at this term he would leave to the solicitor, granting him time if he felt he required it to counteract the depositions in question tending to prove that Strang died of heart disease, being subject to it. The solicitor asked for time this morning and it was on this account that the continuance was ordered.

In midst of discussion of issue court directed that the two prisoners, Dr. Rowland and wife, be brought from the jail as the order could not be made without their presence. This was done. The prisoners had scarcely more than taken seats when remarkable proceedings took place. W. L. Watson of counsel for the prisoners arose and addressed the court with the statement that he was informed that there was a newspaper photographer in the court room attempting to get snap shots of the court scene and especially of the Rowlands. His clients objected seriously to any likeness of themselves being published at all. He asked the court to direct the photographer and the press correspondent employing him to take no such pictures. The correspondent at once stepped around into the bar facing the judge and stated that he was probably the correspondent to whom the attorney referred and that he did not have a photographer to take the pictures and that in doing so he was not departing at all from the practice of newspapers and newspapers correspondents the country over. He said that

### PARKER IN COURT

Black Man Charged With Unnatural Crime Arraigned Before Magistrate Patterson.

Abraham Parker, the negro who was arrested Thursday on a warrant charging him with the crime of incest was arraigned before Magistrate Patterson yesterday. The complaining witness is the 16 year old daughter who was in court with the child which was the innocent cause of it all. The man is employed by the Pine Lumber Co. and appears to be an industrious hard working man. He hails from North Harlowe but has been a resident of New Bern for several months. Parker told his story in a simple straight forward manner. The mother and daughter (settled against him. He was bound over to court under \$250 bond and in default was committed to jail.

### Man Killed by Lightning

Maribel, July 11.—A large stock house on the Dexter farm between this place and Oriental was struck by lightning Wednesday afternoon, caught fire and was entirely consumed. The building was filled with feed and Irish potatoes which were also destroyed.

A colored man, Samuel Jones, was struck by the same bolt and instantly killed. A white man and another colored man and two mules were badly stunned but recovered later on.

There were six or eight mules on the stock house but they were saved. The property belonged to Mr. Charles Swan of this place. The loss is estimated at \$500 with \$350 insurance.

### Morehead Is Rashed

This heated season causes a rush to Morehead and the Atlantic hotel is swarming with people who seek relief from the sun's sweltering rays. Every train brings scores of pilgrims to this rest spot of the Old North State and where nature has shown her generosity in preparing a place where the heat of the sun is not felt. Every thing about the Atlantic hotel has an air of business and the genial manager, Col. Frank P. Morton, has plenty of ways to keep his guests interested and he does it to perfection. Society is quite lively down there and there are any number of launch and sailing parties, dances, lunches, suppers and innumerable devices in action all the time to amuse. The Klarn orchestra gives splendid satisfaction. Their daily concerts are very enjoyable. The surf bathing has its hundreds of devotees and forms one of the many exceptional attractions at Morehead.

### UNWRITTEN LAW PLEA WAS SUCCESSFUL

Mrs. Bowie and Her Son the Latest to Come Under the Wire.

Special Correspondence.  
La Plata, Md., July 12.—Mrs. Bowie and her son were today acquitted of the murder of Hubert Poney who was charged with the seduction of Priscilla Bowie, the daughter and sister of the defendants. The Bowies made no defense but the unwritten law, they made a vigorous defense and had the sympathy of the public.

### Sunday School Picnic

Depto. N. C., July 5.—The Sunday school of Capenans Baptist church, Great Creek neighborhood, Onslow county, will give their annual picnic at the church, Saturday, August 3rd. An invitation is extended to all who will join us, and a cordial welcome will be given. Those who can are requested bring well filled baskets.

W. H. EUBANKS, Superintendent.

The Rowlands declared that while it did seem that this method of illustration was in vogue in some parts of the county, representatives of the press going about to photograph all manner of things, good and evil, but mostly evil, it was the wish of himself and those associated with him to keep the practices out of Wake county.

Judge Long, addressing the correspondent, stated that in view of the objection of Rowlands counsel as court officers to the taking of the photographs he would out of deference to them direct that they be not taken. The correspondent expressed his desire to conform to the wishes of the court and retired.

After the prisoners had been returned to the jail Mr. Watson again appeared before the court and stated that he was informed that as the prisoners passed across the bridge of the same photographer had taken a snap-shot of the prisoners from an adjoining building and he desired that he and the correspondent be attached for contempt. Judge Long passed the matter over with the statement that he did not intend to take any action but

Washington	10	13	434
New Bern	10	13	434
Kinston	9	17	346
Tarboro	8	17	330

Tarboro beat New Bern yesterday in a game which has tried the patience of the average fan as much as any thing that has occurred on the local diamond. The Journal does not care to discuss any thing that can't be helped now, a glance at the score below will show why we feel sore without further words from us:

NEW BERN	AB	R	H	P	O	A	E

Two Base Hits, Elrod, Thayer, Thompson; Struck Out, Bauers 1, Nicol 3, Nourse 8. Double Play, Guerrant, Stevenson and Reid. Hit by Pitcher, McCorr, Elrod, Dickinson. Stolen Bases, Nicol, Dekin. Sacrifice Hits, Hamilton, Stevenson. Time of Game, 2 hours. Umpire Miller.

### SCORE BY INNINGS.

Tarboro 2 2 0 3 0 0 0 0—7  
New Bern 1 0 0 0 0 0 0 0—1

Kinston 3; Washington 0.  
Kinston is said to have shut out Washington yesterday by a score of 3 to 0.

### AS SEEN FROM THE BLEACHERS.

The following rules or suggestions are from Henry Chadwick, who although at the advanced age of 83 retains great interest in the national sport and is called an authority on the game:

Out out the kicking and limit the foul strike rule.

It is an injustice to call strikes on a batsman because he bunts foul.

Limit the foul strike to ball hit back of the home plate.

Encourage scientific play.

Clean hitting with the foul strike rule eliminated, will remedy all evils.

Don't try to abolish any varieties of the curb ball or spit ball; they are beauties of the game.

One of the most amusing and at the same time one of the most aggravating things in the game was the way Thompson allowed the Tarboro team to score with the ball in his mitt when he was looking all over the field for it.

The game today will commence at 2:45 in time to give the mill hands time to get out to see the playing.

One criticism was heard yesterday which may or may not have value was that the New Bern team does not practice enough together.

We believe we could stand this deal better if it didn't come so regularly. We would like to have the pleasure of winning two out of three games from one more club before the season closes.

McCurry became sick at an unfortunate time. He is the victim of our climate. We hope that he will be all right today.

### DECLARE 3-1-2 PER CENT DIVIDEND

North Carolina Railroad Shows Evidence of Prosperity In Many Ways

#### JUDGE EXCEEDS HIS AUTHORITY

Change of Headquarters. Looking for the Man Who Said There Would Be no Summer Weather in 1907. Death of Mrs. Moll.

Special Correspondence.

Greensboro, July 12.—The stockholders and-board of directors of the North Carolina railroad in session here yesterday afternoon in addition to the regular annual dividend of 3 1-2 per cent declared a special dividend of one half of one per cent. Authority was given the government to cross the track near Salisbury in constructing a road to the National cemetery for which \$15,000 has been appropriated. It was also finally settled that the Southern railway should be released from rebuilding the hotel at Burlington upon its payment to the state of one half of the \$5,000 insurance money collected, and one half of the lot, amounting to 100 feet front with a depth of 648 feet and estimated at being worth \$10,000. The road relinquishes its lease on this property and it will become available at once for sale.

A very prominent citizen of Salisbury, who was here this morning and who is generally recognized as a railroad man, was not in his comments on the railroad litigation. He said that while Judge Pritchard's decision at Richmond yesterday practically over riding the state legislature of Virginia was in line with his opinion last week nullifying the North Carolina law was not considered evidence of any personal prejudice, it showed a bias of mentality which would justify Senator Overman when congress met, of preferring articles of impeachment.

The general agency of the Providence Savings and Insurance company for which Messrs. Gold & Gold have been general agents for some time. Struck Out, Bauers 1, Nicol 3, Nourse 8. Double Play, Guerrant, Stevenson and Reid. Hit by Pitcher, McCorr, Elrod, Dickinson. Stolen Bases, Nicol, Dekin. Sacrifice Hits, Hamilton, Stevenson. Time of Game, 2 hours. Umpire Miller.
