OFFICIAL PAPER OF NEW I

New Bern, N. C., February 4, 1908 DEMOCRACY'S ANTICIPATION PRESIDENTIAL DEPRAT

Anticipation of defeat, hastens defeat. Nothing more remarkable can be found in the political situation in this country today, than the position taken up by so many so-called and claiming to be. Democrats, on the matter of the next democratic presidential nominee. Almost within sight of a national convention, there is a daily furor, not over who shall be the choice of the Democratic party. shall not be. Not as to the principles to enter into the next platform, not even any serious discussion against the political opponents of democracy. What is the head liner of nearly every newspaper these days? Bryan! Always William J. Bryan. Where he is, what he is doing, and what he should not do. In common parlance, the lime light for Mr Bryan is not of his own creating, these days. not, while those who fear his popularity are so anxious to constantly declare in print, that Mr. Bryan's leadership means democratic defeat.

Mr. Bryan should retire. Why do not the anti-Bryan press let him? Why do not those who fear his being nominated, "say it to his face." The fact is, either Mr. Bryan is much stronger than the democratic party, or those nally, and acts directly on the blood who are trying to put Mr. Bryan out and mucous surfaces of the system. of the political presidential running have a species of Bryania hysteria.

It looks as though the very antagenism of those who cry against Mr. Bryan being a presidential candidate, pation. might prove a factor in making him the only candidate. It looks like a safer and saner method, if Mr. Bryan | William F. Rhea, and condemning Sen every friend of democracy, and oppo- Rhea in the Virginia Senate. nent of republicanism, his own strong self, and not set him up as a man for not be held as too weak to assert it- ite everywhere. It gives quick relief self. The cry against Mr. Bryan is in dyspepsia, liver complaint, kidney absurd. It is worse, it is demoralizing, as it creates division instead of coheson among democrats. The democratic protest against W. J. Bryan contrib- ful as a spring medicine. This grand test will not discomfit Mr. Bryan, but will prevent the democratic party from fighting the fight it should, to gain the national favor of the majority of the voters.
