SHORT PASSING EVENTS

The general meanness of the weather did not let up yesterday although the forecast was for rain and warmer. Snow came down but it didn't stay long. This weather is splendid for propagating the grip and it is fulfilling its mission.

Every member of the Woman's Christian Temperance Union is requested to be present at the meeting this afternoon at 3:30 o'clock, in the Presbyterian lecture room. Business of importance will be transacted after which letters from the State President, Miss March and the Superintendent of Flower Mission Work, and others will be read. Let all come prepared to pay the dues for this year. All ladies are welcome.

The custom of stealing bicycles has come to be pretty common around here, and owners of wheels will do well to protect themselves against thieves of this kind by securing them wherever they are placed. It will require some trouble, to be sure, but if their wheel is worth anything it is worth taking the pains. We have heard of several cases lately where good wheels were stolen. The description of the wheel will enable the police to catch the thief very much and that should be insisted upon.

Superior court for Craven county convened in New Bern Monday and, as it is a regular criminal term, the exodus of the Craven residents of Leona's stronghold began yesterday. Deputy Sheriff Ed White, of New Bern took ten of the twenty odd prisoners that have been boozing in Sheriff Nunn's house of refuge back to New Bern yesterday morning. The treatment accorded the prisoners here was evidently most agreeable and pleasant to them for some were most positive in their expressions of regret at leaving their boarding house. Doubtless they fear being released by the court and turned out into the cold world alone.—Kinston Free Press 6th.

The star mail route between this city and Vanceboro, will be discontinued next Saturday, and the mail will hereafter be carried on the Norfolk and Southern railroad to that place along the line. This will be a great improvement in the service, the patrons being enabled by the change to get mail from this city at least eight hours earlier than at present. The carrier, Mr. Hall, has become a veteran in the mail service, having been on the route ten years until he has become a familiar figure on the road. He has won the respect of all the patrons of the route by his prompt and polite attention to duty, and while the service will be greatly improved they will regret the passing of the faithful old mail carrier.

A RECORD BREAKER. Last Year's Sales of Hyomel, The Guaranteed Cure For Catarrh Larger Than Ever.

The merits of Hyomel (the treatment that cures catarrh without stomach dosing) is its popularity and growth are unique in the annals of medicine. Following the use of this treatment so pronounced is the relief and cure that it has been publicly recommended by leading druggists, and physicians in nearly every State and town in the country, with the result that last year's sales were larger than ever.

The fact that Hyomel is so simple and complete, and that it cures by breathing medicated air and not taking drugs into the stomach, no doubt, has helped to create this wide-spread and rapidly increasing army of friends.

The way in which it has been sold by F. S. Duffy has undoubtedly aided greatly its introduction in New Bern. He is such a firm believer in the power of Hyomel to cure all catarrhal troubles, that he urges people to use it with the understanding that the cost will be refunded to anyone who is not benefited by the treatment. You do not risk a cent in testing the healing virtues of Hyomel, for F. S. Duffy takes all the risk of its giving satisfaction, and leave you to be the judge.
